INDEPENDENT AUDITORS' REPORT

Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of State of Mississippi Institutions of Higher Learning (the IHL System), a component unit of the State of Mississippi, as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. For the year ended June 30, 2019, we did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 10.5%, 1.2% and 1.2% of the assets, net position and revenues of the IHL System's business-type activities and 89.8%, 89.4% and 90.1% of assets, net assets and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2019, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the above mentioned entities/funds, is based solely on the reports of the other auditors. For the year ended June 30, 2018, we did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 10.8%, 0.8% and 1.2% of the assets, net position and revenues of the IHL System's business-type activities and 100.0%, 100.0% and 100.0% of assets, net assets and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2018, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it

related to the amounts included for the above mentioned entities/funds, is based solely on the reports of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units of the IHL System as of June 30, 2019 and 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-15 and the various schedules of Proportionate Share of Net Pension Liability, Proportionate Share of Contributions to PERS, Proportionate Share of Net OPEB Liability and Proportionate Share of Contributions to OPEB on pages 127-130 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our

inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the IHL System's basic financial statements. The combining supplementary information on pages 120-126 is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audits and the reports of other auditors, the combining supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2019, on our consideration of the IHL System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IHL System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control over financial reporting and compliance.

Baltimore, Maryland December 16, 2019 MANAGEMENT'S DISCUSSION AND ANALYSIS

(THIS PAGE LEFT BLANK INTENTIONALLY)

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

Introduction

The Board of Trustees of Mississippi's Institutions of Higher Learning (IHL System) governs the state's public four-year institutions. The Constitutional Governing Board was created in 1943 for the purpose of overseeing and directing Mississippi's eight public universities including the University of Mississippi Medical Center, various off-campus centers and multiple research institutes located throughout Mississippi.

The institutions serve approximately 78,000 students with an employee base of 28,000 individuals. Faculty makes up approximately 6,000 of the total employee count. The system offers over 800 degree programs and awarded approximately 19,100 degrees in academic year 2019.

In addition to regular operations, each university has established its own educational building corporation (EBC) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is to provide a means to acquire land or buildings, construct or renovate facilities, and/or equip facilities. Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, 39, *Determining Whether Certain Organizations are Component Units – An Amendment of GASB Statement No. 14*, and 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34*, deem EBCs to be component units of the IHL System; therefore, they are included as blended component units in the basic financial statements. In addition to EBCs, the IHL System has three additional component units considered significant to the financial statements. The three units were Mississippi Foundation. These audited financial statements are discretely presented following the IHL System's financial statements.

This report was prepared in accordance with GASB Statements 34 and 35, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities – An Amendment of GASB Statement No. 34, and present financial data for the fiscal period ending June 30, 2019. The IHL System reports as a special purpose government, engaged solely in business-type activities. This section should be read in conjunction with the financial statements and the notes that follow.*

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

The following is a list of abbreviations used throughout this financial report for the member universities of the IHL System:

ASU	Alcorn State University
DSU	Delta State University
JSU	Jackson State University
MSU	Mississippi State University
MUW	Mississippi University for Women
MVSU	Mississippi Valley State University
UM	University of Mississippi
USM	University of Southern Mississippi
UMMC	University of Mississippi Medical Center
IHL Executive Office	Institutions of Higher Learning – Executive Office
MCVS	Mississippi Commission for Volunteer Services – Off-campus entity
IHL System	(Summary of all of the above)

The discussion and analysis below provides an overview of the financial position and activities of the IHL System for the years ended June 30, 2019 and 2018. This discussion has been prepared by management and should be read in conjunction with the financial statements and accompanying notes that follow this section.

Financial Highlights

The IHL System recorded an increase in net position of \$103 million in fiscal year 2019. The increase was primarily the result of increased revenue sources in federal grants and contracts, up 17.1% or \$46.1 million, as well as patient care revenues of the medical center, a 7.2% growth or \$78.7 million.

	 Y),	
Financial highlights (in millions)	 2017	2018	2019
Total operating revenues	\$ 2,525	2,588	2,720
Total operating expenses	 3,555	3,547	3,611
Operating loss	 (1,029)	(959)	(891)
State appropriations	711	668	669
Gifts	194	202	218
Investment income	33	29	44
Interest expense on capital asset-related debt	(42)	(44)	(43)
Other nonoperating revenues, net			
and other revenue, expenses, gains and losses	 162	99	106
Increase (decrease) in net position	29	(5)	103
Net position, beginning of the year, as restated	 2,030	2,059	2,054
Net position, end of year	\$ 2,059	2,054	2,157

Operating revenues minus operating expenses typically result in an operating loss in the IHL System's financial statements. Nonoperating items, however, including state support, investment income, and gifts have typically enabled the IHL System to reflect an increase in the net position, or "equity" each year. This surplus has been reinvested within the IHL System to add a margin of educational excellence, upgrade the IHL System's facilities and provide a prudent reserve for contingencies such as the recent period of economic instability.

As discussed in note 1(d) of the Notes to the Financial Statements, the IHL System implemented Governmental Accounting Standards Board (GASB) Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct*

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

Placements. GASB Statement No. 88 requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, this statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. Direct borrowings and direct placements have terms negotiated directly with the investor or lender and are not offered for public sale.

Overview of the Financial Statements

The IHL System's financial report consists of management's discussion and analysis, financial statements including notes, and financial statements of the discrete component units. The statements of IHL System's financial statements are the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows; and the Statement of Financial Position and Statement of Activities for the discretely presented component units.

Financial Statements

The financial statements present information for the IHL System as a whole. The Statement of Net Position presents the financial position of the IHL System at the end of fiscal years 2019 and 2018 and includes all assets, deferred outflows, liabilities, and deferred inflows for all institutions within the IHL System. The difference between total assets, deferred outflows, total liabilities, and deferred inflows – net position – is one measure of the IHL System's financial health or position. The change in net position is a useful indicator of financial health of the IHL System. Over time, increases or decreases in the IHL System's net position provide a useful trend in assessing whether its financial health is improving. Other nonfinancial factors such as enrollment trends and the condition of the physical plant are also useful in evaluating the overall financial health of the IHL System.

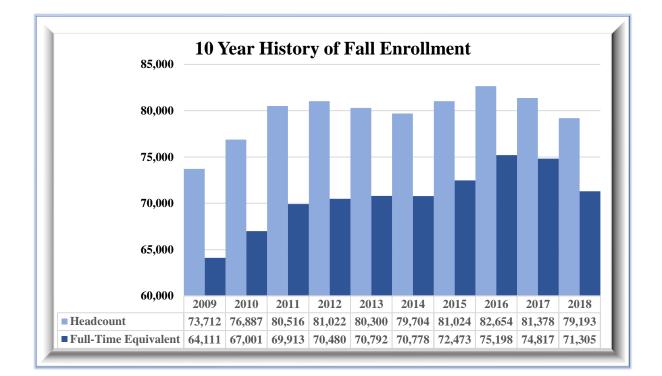

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the IHL System, as well as nonoperating revenues and expenses for the years ended June 30, 2019 and 2018. Operating revenues are received for providing goods and services to various customers and constituencies of the IHL System. Operating expenses are incurred to acquire or produce the goods and services provided in return for the operating revenues. Nonoperating revenues are received for which goods and services are not provided as an exchange transaction. State appropriations, which represent 17.7% and 18.5% of total IHL System net revenues for fiscal years 2019 and 2018, respectively, are classified as nonoperating revenue because these revenues are appropriated at the state level rather than at the institutional level. This accounting treatment for this revenue classification typically results in the IHL System showing an operating loss. Other typical nonoperating revenue sources include gifts, grants, and appropriations restricted for capital purposes.

The Statement of Cash Flows provides information about the cash sources and uses of the IHL System. Additional information for these statements is provided later in this report.

The following chart depicts a ten-year history of fall enrollment.

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

Statement of Net Position

The Statement of Net Position presents the financial position as of the end of the fiscal year and includes all assets, liabilities, deferred outflows, and deferred inflows of the IHL System. Cash and investments are generally reported at fair values. Capital assets are reported at historical cost less an allowance for depreciation. The difference between total assets and deferred outflows, and total liabilities and deferred inflows – net position – is one indicator of the current financial condition, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the current year. From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the entity, and how much is owed to vendors, investors, and lending institutions. Finally, the Statement of Net Position provides a picture of the net position and its availability for expenditure.

Net position is classified into components as follows:

- Net investment in capital assets represents the investment in property, plant, and equipment less any related debt used to acquire those assets.
- Restricted nonexpendable net position consists of the IHL System's permanent endowment funds.
- Restricted expendable net position is available for expenditure but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets.
- Unrestricted net position is available for any lawful purpose of the IHL System.

Total net position	\$	2,058,738,613	2,053,573,673	2,157,015,372	(0.3)%	5.0 %

At June 30, 2019, 2018, and 2017 current assets totaled \$1.39 billion, \$1.23 billion, and \$1.25 billion, respectively, and consisted primarily of cash and cash equivalents, short-term investments and net receivables. Current assets increased 13.1% (or \$160.7 million) and decreased 1.5% (or \$18.5 million) from June 30, 2018 to 2019 and June 30, 2017 to 2018, respectively. Cash and cash equivalents, and short-term investments constituted approximately 64.8% and 65.1% of current assets as of June 30, 2019 and 2018, respectively, while net receivables constituted approximately 29% of current assets as of June 30, 2019 and 2018. Approximately 31.7% and 29.9% of these net receivables are amounts due from gifts, contracts and grants and the State of Mississippi for appropriations as of June 30, 2019 and 2018, respectively, while 46.1% and 42.9% were related to patient care receivables from UMMC. The remaining receivables were primarily owed from students for tuition, room and board charges.

At June 30, 2019, 2018 and 2017, noncurrent assets totaled \$5.4 billion, \$5.3 billion, and \$5.0 billion, respectively, which included capital assets of \$4.3 billion, \$4.2 billion, and \$4.1 billion, respectively. Noncurrent cash and investments that are restricted externally by endowment arrangements or specific grant and contract arrangements approximated \$177.3 million and \$176.1 million at June 30, 2019 and 2018, respectively. These amounts are reflected in net position expendable for scholarships and fellowships and other purposes in the statement of net position. Unspent bond proceeds amounted to \$44.5 million and \$90.3 million at June 30, 2019 and 2018, respectively. One other significant noncurrent asset of the IHL System was student notes receivable which equaled \$86.4 million and \$96.3 million at June 30, 2019 and 2018, respectively. In total, noncurrent assets remained stable at \$5.4 billion. Net capital assets increased \$101.4 million and \$172.1 million during 2019 and 2018, respectively. The IHL System's inventory of buildings has increased in pre-depreciation value by a total of \$587 million since June 30, 2017. Additional details about the IHL System's most recent capital asset growth can be seen in the Capital Asset and Debt Administration section of this report.

At June 30, 2019, 2018 and 2017, current liabilities equaled \$462.6 million, \$462.2 million and \$431.5 million, respectively, and consisted primarily of accounts payable and accrued liabilities, and unearned revenues. Unearned revenues include advance receipts for athletic ticket sales, summer tuition, fees, and student housing.

Noncurrent liabilities are those liabilities due and payable more than twelve months from year-end. Noncurrent liabilities equaled \$4.2 billion, \$4.3 billion, and \$4.4 billion at June 30, 2019, 2018, and 2017, respectively. These liabilities have

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

decreased 1.2% (or \$51 million) since June 30, 2018. The IHL System's proportionate share of the collective net pension liability reported by PERS decreased by \$3.8 million (0.1%) and \$171.4 million (6.1%) as of June 30, 2019 and 2018, respectively. The IHL System's proportionate share of the collective net OPEB liability reported by the State and School Employees' Life and Health Insurance Plan decreased by \$1.8 million (or 1.3%) as of June 30, 2019. The OPEB liability was implemented as a new standard during 2018.

Deferred outflows of resources decreased in 2019 while deferred inflows of resources increased, primarily due to the impact of net pension liabilities. The IHL System recorded \$187 million and \$295 million of pension-related deferred outflows at the end of fiscal years 2019 and 2018, respectively, primarily representing the deferral of pension contributions paid during the year for the IHL System's participation in the cost-sharing, defined benefit pension plan administered by PERS. In addition, \$65.3 million and \$57.9 million of pension-related deferred inflows at June 30, 2019 and 2018, respectively, were recorded related to the IHL System's proportionate share of collective deferred inflows reported by PERS. These deferred inflow amounts represent the difference between projected and actual investment earnings on pension plan assets during the measurement period, as well as differences between expected and actual experience with regard to economic and demographic factors.

Restricted nonexpendable net position equaled \$181.3 million and \$171.9 million at June 30, 2019 and 2018, respectively, and consisted of endowment and similar type funds, in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal be maintained intact and invested for the purpose of producing income that may either be expended or added to principal. The value of this net position has increased 5.4% (or \$9.4 million) and 2.4% (or \$4.0 million) from June 30, 2018 to 2019 and June 30, 2017 to 2018, respectively.

Restricted expendable net position equaled \$320.6 million and \$327.3 million at June 30, 2019 and 2018, respectively, and consisted of resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. The value of this net position has decreased 2.0% (or \$6.7 million) and increased 12.6% (or \$36.7 million) from June 30, 2018 to 2019 and June 30, 2017 to 2018, respectively.

Unrestricted net position (deficit) equaled (\$1.48) billion and (\$1.49) billion at June 30, 2019 and 2018, respectively, and represents those assets that are available to the IHL System for any lawful purpose. The value of unrestricted net position has increased 0.5% (or \$7.5 million) and decreased 15.0% (or \$194 million) from June 30, 2018 to 2019 and from June 30, 2017 to 2018, respectively. This deficit is the result of the implementation of GASB Nos. 68 and 75, under which IHL recognizes a liability for its net pension and OPEB obligations.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Operating revenues are earned by providing goods and services to various customers and constituencies. Operating expenses are incurred to acquire or produce the goods and services and to carry out the mission of the IHL System. Nonoperating revenues are revenues received for which goods and services are generally not provided. A public university's dependence on state aid and gifts usually results in operating deficits because state appropriations and gifts are classified as nonoperating revenues. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation, which spreads the cost of an asset over its expected useful life.

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues earned, both operating and nonoperating, and the expenses incurred, operating and nonoperating, and any other revenues, expenses, gains or losses received or incurred by the IHL System.

Operating Revenues

Operating revenues for the IHL System equaled \$2.7 billion, \$2.6 billion and \$2.5 billion for fiscal years 2019, 2018 and 2017, respectively. Operating revenues increased 5.1% (or \$131.8 million) and 2.5% (or \$62.8 million) during 2019 and 2018, respectively. Major components of operating revenues are the UMMC patient care revenues (43.2% in 2019, 42.4% in 2018 and 42.5% in 2017), net tuition and fees (24.0% in 2019, 24.6% in 2018 and 24.3% in 2017), grants and contracts revenues (15.7% in 2019, 15.1% in 2018 and 15.2% in 2017), and sales and service revenues from auxiliary activities (11.1% in 2019, 11.6% in 2018 and 12.1% in 2017). The following table summarizes the IHL System's operating revenues for the past three fiscal years.

		O	perating Revenues			
			Years ended June 30,	,	Changes bet	tween years
		2017	2018	2019	2017 to 2018	2018 to 2019
Tuition and fees, net	\$	613,457,701	637,343,596	652,821,111	3.9 %	2.4 %
Grants and contracts		384,564,504	390,967,888	426,501,389	1.7	9.1
Federal appropriations		13,749,480	11,424,012	14,410,558	(16.9)	26.1
Sales and services of educational						
departments		62,287,601	64,361,012	67,564,996	3.3	5.0
Auxiliary enterprises, net		306,185,083	299,776,697	301,979,850	(2.1)	0.7
Patient care revenues		1,074,214,704	1,097,355,744	1,176,072,282	2.2	7.2
Other	_	71,037,479	87,042,968	80,731,993	22.5	(7.3)
Total operating revenues	\$	2,525,496,552	2,588,271,917	2,720,082,179	2.5 %	5.1 %

Net tuition and fee revenues increased 2.4% (\$15.5 million), 3.9% (\$23.9 million) and 6.3% (\$36.5 million) during fiscal years 2019, 2018 and 2017, respectively. All IHL institutions raised their in-state tuition rates during 2019 (average increase of 4.3%). At institutions where nonresident surcharges exist, non-Mississippi residents also paid a higher tuition rate during

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

2019 (average increase of 4.0%). Despite modest enrollment decline, these rate increases have caused an increase in total tuition and fees, net.

Grants and contracts revenue increased 9.1% (\$35.5 million) and 1.7% (\$6.4 million) during fiscal years 2019 and 2018, respectively, due to timing differences in both federal and state funding of student aid, research, and other various grants and contracts.

Patient care revenues at UMMC increased 7.2%, or \$78.7 million, and 2.2%, or \$23.1 million, from June 30, 2018 to 2019 and June 30, 2017 to 2018.

Operating Expenses

Operating expenses for the IHL System totaled \$3.6 billion, \$3.5 billion, and \$3.6 billion for fiscal years 2019, 2018 and 2017, respectively. Operating expenses increased modestly by 1.8% (\$63.8 million) during 2019 and decreased slightly by 0.2% (\$7.9 million) during 2018. Personnel costs (including fringe benefits) were the largest expense component for the IHL System, representing 62.4% of the total in 2019, 64.0% of the total in 2018 and 64.6% in 2017. Other major components include contractual services (13.6% in 2019, 13.0% in 2018, and 12.4% in 2017), commodities (11.1% in 2019, 10.2% during both 2018 and 2017), and scholarships and fellowships (4.9% during 2019 and 2018, and 5.0% during 2017). The following table summarizes the IHL System's operating expenses (by major object category) for the past three fiscal years.

		0	perating Expenses			
		Years ended June 30,			Changes between years	
		2017	2018	2019	2017 to 2018	2018 to 2019
By major object category:						
Salaries and wages	\$	1,603,139,386	1,606,270,626	1,655,778,835	0.2 %	3.1 %
Fringe benefits		695,316,787	662,262,302	596,194,684	(4.8)	(10.0)
Travel		55,904,251	51,554,010	51,263,875	(7.8)	(0.6)
Contractual services		441,605,911	460,274,893	490,922,090	4.2	6.7
Utilities		64,571,389	67,691,651	69,936,844	4.8	3.3
Scholarships and fellowships		176,595,522	173,593,845	177,199,230	(1.7)	2.1

Other	_	3,710,310	6,117,151	5,443,701	64.9	(11.0)
Total operating expenses	\$	3,554,702,085	3,546,846,603	3,610,653,918	(0.2)%	1.8 %

IHL System's personnel costs (salaries and wages, and fringe benefits) decreased 0.7% (\$16.6 million) in 2019 and 1.3% (\$29.9 million) during 2018. Institutions mainly provided pay increases for promotion-in-rank or additional position responsibilities during 2019 and 2018. The range of these pay raises varied from institution to institution. Net of the non-cash impact of GASB Statement Nos. 68 and 75, three institutions experienced large increases in personnel costs: MSU (\$21.2 million) UM (\$13.3 million) and UMMC (\$45.0 million); other institutions were able to decrease this outlay. Travel expenses remained stable at \$51 million after a 7.8% decline (\$4.4 million) during 2018. Contractual services increased 6.7% (\$30.6 million) in 2019 and 4.2% (\$18.7 million) during 2018. The cost for commodities increased substantially by 11.3% in 2019, or \$40.6 million, and decreased (0.4% or \$1.5 million) during 2018. Scholarship and fellowship expenses increased 2.1% (\$3.6 million) in 2019 and decreased 1.7% (\$3 million) during 2018.

As an alternative presentation model, the IHL System's operating expenses are shown below by major functional classification. Functional classifications are the traditional categories that universities have used in past financial presentations (pre-GASB 34). These functions represent the types of programs and services that the universities generally

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

provide. For example, funds utilized to compensate a classroom professor or provide classroom materials would be classified as instruction.

	(Operating Expenses

Eliminations	(78,036,087)	(76,749,094)	(82,069,399)	(1.6)	6.9
Total operating expenses \$	3,554,702,085	3,546,846,603	3,610,653,918	(0.2)%	1.8 %

Funding for the Instruction function continues to be one of the IHL System's highest priorities. While instruction costs decreased by 3.7% (\$26.4 million) in 2019 and 2.8% (\$20.9 million), it still maintained its 20% share of total operations in 2019 and 2018. Institutional research (internal and external) and public service costs continue to command one of the System's primary cost missions. Although decreasing between 2017 and 2018, fiscal year 2019 experienced a substantial increase in research by 11.6%, or \$41.5 million; these costs represent approximately 15.3% and 14.5% of the IHL System's total focus during 2019 and 2018, respectively. Institutional support costs typically present the functions of the executive management department, general administration, logistical support services, computing, public relations and development. These costs decreased 1.4% (\$4.6 million) in 2019 and increased 4.4% (\$13.4 million) in 2018. Auxiliary enterprise costs include all expenses associated with departments that primarily exist to furnish goods or services to students, faculty, or staff and that charge a fee directly related to, although not necessarily equal to, the cost of the goods and services. Auxiliary departments are required to be essentially self-supporting activities. Examples are (1) student housing, (2) food services, (3) bookstores, and (4) intercollegiate athletics. Auxiliary expenses increased 1.7% (\$4.7 million) and 1.1% (\$3.0 million) in fiscal years 2019 and 2018, respectively. Student Aid expenses remained stable at \$184 million after increasing in 2018 by 3.3%, or \$5.8 million. Finally, hospital expenses experienced a 3.2% increase (\$33.3 million) and less than 1% growth (or \$6.7 million) in 2018. The increased expenditures in 2019 was paired with increased patient care revenue so as to increase the hospital operations contribution ratio (71.7% to 75.3%).

The IHL System identified millions of dollars in inter-campus transactions that required elimination for financial statement presentation purposes. Examples of such transactions would be student financial aid funds administered by the IHL Executive Office that were directed to the campuses, as well as grant agreements between one or more IHL System institutions in which one campus served as a primary recipient and the other campus acted as a sub-recipient.

Capital Asset and Debt Administration

At June 30, 2019, 2018, and 2017, the IHL System had approximately \$4.3 billion, \$4.2 billion, and \$4.1 billion, respectively, invested in a broad range of capital assets. These assets comprise land, construction in progress, livestock, buildings and improvements (infrastructure), equipment and library books. They are stated net of accumulated depreciation. The following table summarizes the IHL System's capital assets for the past three fiscal years.

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

		Years ended June 30,	1	Changes be	tween years
	2017	2018	2019	2017 to 2018	2018 to 2019
Capital assets not being depreciated	849,237,452	667,968,874	592,768,854	(21.3)%	(11.3)%
Depreciable capital assets:					
Improvements other than buildings	360,661,731	413,495,729	477,794,135	14.6	15.5
Buildings	3,713,069,481	4,093,940,504	4,300,061,832	10.3	5.0
Equipment	852,440,990	882,341,934	912,376,796	3.5	3.4
Library books	417,528,089	431,508,572	440,789,349	3.3	2.2
Total depreciable					
capital assets	5,343,700,291	5,821,286,739	6,131,022,112	8.9	5.3
Total cost of capital					
assets	6,192,937,743	6,489,255,613	6,723,790,966	4.8	3.6
Less accumulated depreciation	(2,117,518,030)	(2,241,696,038)	(2,374,878,385)	5.9	5.9
Capital assets, net	4,075,419,713	4,247,559,575	4,348,912,581	4.2 %	2.4 %

Non-depreciable capital assets equaled \$593 million, \$668 million, and \$849 million, at June 30, 2019, 2018, and 2017, respectively. These assets principally consisted of land and construction in progress. The \$181 million decrease in 2018 followed with a subsequent decrease of \$75 million in 2019 was due to the completion of capitalized facility projects transferred from CIP to a depreciable category.

At June 30, 2019, 2018, and 2017, the IHL System had \$1.3 billion, \$1.3 billion, and \$1.2 billion, respectively, in bonded debt, notes payable and capital lease obligations. This represents a 3.6% (\$48.6 million) decrease in 2019 after a 7.9% (or \$98 million) increase over 2018. The following table summarizes the IHL System's long-term debt for the past three fiscal years.

		Lon	g-Term Debt Summa	nry		
			Years ended June 30	,	Changes bet	tween years
		2017	2018	2019	2017 to 2018	2018 to 2019
Bonds payable	\$	1,223,442,503	1,298,337,852	1,252,788,253	6.1 %	(3.5)%
Notes payable		9,253,546	33,784,898	31,232,804	265.1	(7.6)
Capital lease obligations	_	2,712,098	1,297,019	843,919	(52.2)	(34.9)
Total long-term debt	\$_	1,235,408,147	1,333,419,769	1,284,864,976	7.9 %	(3.6)%

Bonded debt decreased 3.5% (\$45.5 million) in 2019 after the 6.1% increase (\$74.9 million) in 2018. During fiscal year 2018, JSU, MSU, UM, and USM issued approximately \$29.7 million, \$92.1 million, \$40 million, \$44 million, respectively, in new bond refundings. There were no new issues in 2019. In 2018, UMMC issued \$150 million for the purpose of financing the expansion of Batson Children's Hospital and to refund \$66 million in Series 2009 (\$5.7 million economic gain). There were \$25 million additional notes payable in 2018, and that balance remained above \$30 million in 2019. The UM Athletic Foundation transferred an \$8 million note to UMEBC for the construction of an indoor tennis facility. UM also financed \$18 million for renovations and improvements to the Oxford-University Stadium at Swayze Field.

Designated Revenues

Bond indentures previously issued, and those that may be issued in the future by the institution's Educational Building Corporations (EBC) are payable from designated revenues. The IHL Board covenants under terms of its various bond agreements that if designated revenues are insufficient to satisfy the IHL Board's obligations, the IHL Board will provide

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

amounts from any other legally available source and will then allocate the same to cure the insufficiency. The following table provides a history of all designated revenues available to the IHL Board from fiscal years 2015 through 2019.

Designated Desaures	and Unnegtwisted Ne	+ Desitions (avaluda	INMC Been	JOffice and MCVC)

- ¹ Designated Revenues represent all unrestricted revenues of the IHL System (excluding the member Universities indicated above) which include without limitation, net tuition and auxiliary fees, sales and services, other operating revenue, state appropriations and unrestricted net position balances.
- ² Tuition and auxiliary enterprise revenues are net of scholarship allowances in the form of reduced tuition, room and board.
- ³ Other designated revenues include federal appropriations, other operating revenues, and interest earned on loans to students.
- ⁴ The unrestricted net positions of \$(471,538,432) for 2015, \$(423,613,421) for 2016, \$(612,732,608) for 2017, \$(685,017,873) for 2018, and \$(616,469,699) for 2019, did not contribute to total designated revenues since fiscal year 2015, and therefore have been excluded from the table. The decline in the unrestricted net assets fund balance since 2015 is the result of the implementation of GASB Statement Nos. 68 and 75 for pensions and OPEB liabilities.

Economic Outlook

The IHL System began the 2019 fiscal year with an anticipated systemwide operating budget increase of \$21 million following the \$30 million funding gap in 2018 which was bridged by a mixture of tuition revenues, auxiliary revenues, and ongoing maintenance of hospital revenues. Fiscal year 2019 closed strong with a \$103 million net increase, (see the SRECNP summary table on page 10 of management discussion and analysis). While tuition revenue gains aided in this increase, actual revenues fell short of budgeted expectations. For fiscal year 2020, general education funding from the State of Mississippi will increase by 6.91% (\$23.8 million). The IHL System will continue to rely upon increases in tuition and auxiliary revenues to provide the necessary funds for sustained excellence in its academic programs and student services. The IHL System anticipates receiving an additional \$21.7 million in new tuition revenue during 2020 due to general rate increases. Of this amount, approximately \$13.1 million is projected to increase net tuition revenue. In 2020, state appropriated revenues will comprise approximately 29.3% of the total E&G budget, while self-generated tuition revenues will equal 65.9% of the total revenues. In comparison, in fiscal year 2010, state appropriations represented 42% of revenues, while tuition revenue equaled 48% of the total.

The IHL System maintains high credit ratings from Moody's (Aa2), Fitch (AA) and Standard & Poor's (AA-). Achieving and maintaining these high credit ratings provide the IHL System higher degree of flexibility in securing capital funds on the most competitive terms. This flexibility, along with ongoing efforts toward revenue diversification and cost containment,

Management's Discussion and Analysis (Unaudited)

June 30, 2019 and 2018

will enable the IHL System to provide the necessary resources to support a level of excellence in service to students, patients, the research community, the State of Mississippi and the nation as a whole.

As a labor-intensive organization, the IHL System faces competitive pressures related to attracting and retaining faculty and staff. Moreover, consistent with the national landscape, the cost of the IHL System's health benefits for its employees continues to increase. The IHL System has in the past and will continue to take proactive steps to respond to these challenges of rising costs. An example of continued steps includes the preparation of three-year business plans by the institutions.

While it is not possible at this time to predict the ultimate results, management at each institution has a proven track record of successfully adapting to this present economic environment while continuing to search for new opportunities to compliment state support. The IHL System's financial goal, as always, is to deliver quality services to its customers and constituents while maintaining financial integrity.

This financial report is designed to provide a general overview of the finances of the IHL System. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Notes to Financial Statements

June 30, 2019 and 2018

Note 1

Summary of Significant Accounting Policies

(a) Nature of Operations

Through its member universities, the State of Mississippi Institutions of Higher Learning (IHL System) serves the state, national and international communities by providing its students with academic instruction, by conducting research and other activities that advance fundamental knowledge and by disseminating knowledge to the people of Mississippi and throughout the world.

(b) Reporting Entity

The Mississippi Constitution was amended in 1943 to create a separate legal entity and establish a Board of Trustees of State Institutions of Higher Learning (the Board). This constitutional board provides management and control of Mississippi's system of universities. The Board meets monthly and oversees the eight public universities, the University of Mississippi Medical Center and various off-campus centers and locations throughout the state. Each of these member universities is a member of the IHL System. The IHL System is considered a component unit of the State of Mississippi reporting entity.

The current twelve Board members of the IHL System were appointed by the Governor and confirmed by the Mississippi Senate for nine-year terms, representing the three Supreme Court Districts.

Each of the eight universities and the University of Mississippi Medical Center has established its own educational building corporation (a nonprofit corporation incorporated in the State of Mississippi) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is for the acquisition, construction and equipping of facilities and land for the various universities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34*, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying operations. These blended component units provide services entirely, to their respective universities. See note 9 for detailed educational building corporation activities.

The following is a list of abbreviations used throughout the report for the member universities of the State of Mississippi Institutions of Higher Learning (collectively the IHL System):

ASU	Alcorn State University
DSU	Delta State University
JSU	Jackson State University
MSU	Mississippi State University
MUW	Mississippi University for Women
MVSU	Mississippi Valley State University
UM	University of Mississippi
USM	University of Southern Mississippi
UMMC	University of Mississippi Medical Center
IHL Executive Office	Institutions of Higher Learning – Executive Office
MCVS	Mississippi Commission for Volunteer Services – Off-campus entity

The IHL System reports the following discretely presented component units, which also have separate stand-alone audits performed, which can be obtained by requesting a copy from the finance department of each respective university below:

Notes to Financial Statements

June 30, 2019 and 2018

(i) Mississippi State University Foundation, Inc.

The Mississippi State University Foundation, Inc. is a legally separate, tax-exempt not for profit entity established to solicit and manage funds for the benefit of Mississippi State University.

(ii) University of Mississippi Foundation

The University of Mississippi Foundation is a legally separate, tax-exempt not for profit nonstock corporation formed for the benefit of the University of Mississippi.

(iii) University of Southern Mississippi Foundation

The University of Southern Mississippi Foundation is a not for profit entity formed to provide support to the University of Southern Mississippi and its students.

These foundations are private nonprofit organizations that report under Financial Accounting Standards Board (FASB) standards, including Accounting Standards Codification (ASC) Topic 958, Not-for-Profit Entities. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the foundations' financial information in the IHL System's financial reporting entity for these differences.

These foundations act primarily as fund-raising organizations to supplement the resources that are available to the respective universities in support of their programs. The governing body of each foundation is self-perpetuating and consists of graduates and friends of the respective universities. Although the respective universities do not control the timing or amount of receipts from the foundations, most resources, or income thereon, which the foundations hold and invest are restricted to the activities of the respective universities by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of, the respective universities, these foundations are considered discretely presented component units of the IHL System.

The Mississippi State University Foundation, Inc., the University of Mississippi Foundation, and the University of Southern Mississippi Foundation each make distributions to their respective universities for support. During the years ended June 30, 2019 and 2018, support distributions were as follows:

	 2019	2018
Mississippi State University Foundation, Inc.	\$ 32,355,706	27,130,545
University of Mississippi Foundation	34,830,476	37,821,554
University of Southern Mississippi Foundation	7,855,923	7,731,325

(c) Basis of Accounting

The financial statements of the IHL System have been prepared in accordance with GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. The IHL System is reporting as a special-purpose government engaged in business-type activities. In accordance with business-type activity reporting, the IHL System presents management's discussion and analysis, statements of net position, statements of revenues, expenses and changes in net position, statements of cash flows and notes to the financial statements. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant transactions among departments, campuses, and auxiliary units of the IHL System have been eliminated.

Grant and contract revenues, which are received or receivable from external sources, are recognized as revenues to the extent of related expenses or satisfaction of eligibility requirements. State appropriations are recognized as nonoperating revenues when eligibility requirements are satisfied.

Notes to Financial Statements

June 30, 2019 and 2018

(d) New Accounting Standards

During fiscal year 2019, the IHL System adopted GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements.* This statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, this statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. Direct borrowings and direct placements have terms negotiated directly with the investor or lender and are not offered for public sale.

(e) Recently Issued Accounting Standards

In June 2017, the GASB issued Statement No. 87, *Leases*. This standard establishes recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This Statement is effective for fiscal years beginning after December 15, 2019.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This standard establishes accounting requirements for interest cost incurred before the end of a construction period. Such costs should now be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The Statement reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. This Statement is effective for fiscal years beginning after December 15, 2019.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests*. The primary objectives of this statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement is effective for fiscal years beginning after December 15, 2018.

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. This Statement is effective for fiscal years beginning after December 15, 2020.

The impact of these pronouncements on the IHL System's financial statements is currently being evaluated and has not yet been fully determined.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates include the determination of the allowances for uncollectible accounts and contractual adjustments and estimated third-party payor settlements, included as other current assets and as other current liabilities, relating to the IHL System's patient services. In addition, laws and regulations governing the Medicare and Medicaid

Notes to Financial Statements

June 30, 2019 and 2018

programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates associated with these programs could change by a material amount in the near term.

Included in other noncurrent liabilities are unpaid claim liabilities relating to the IHL System's self-insured workers' compensation, unemployment compensation, and tort claims. The liabilities for these unpaid claims and loss adjustment expenses are determined using both evaluations of each claim and statistical analyses and represent the estimated ultimate net cost of all claims and expenses incurred through the end of the reporting period. The determinations of claims payable include estimates that are particularly susceptible to change in the near term. Management believes that liabilities established for these unpaid claims at June 30, 2019 and 2018 are adequate to cover the ultimate net cost of claims and contractual adjustments, but these liabilities are necessarily based upon estimates, and accordingly, the amount ultimately paid will be more or less than such estimates. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed, and any adjustments are reflected in operations currently.

The IHL System's investments are invested in various types of investment securities within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the IHL System's financial statements.

In connection with the preparation of the financial statements of the IHL System, management evaluated subsequent events through the date the financial statements were available to be issued.

(g) Cash Equivalents

The IHL System considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

(h) Short-Term Investments

Short-term investments are investments that are not cash equivalents but mature within the next fiscal year.

(i) Accounts Receivable, Net

Accounts receivable consist of tuition and fee charges to students and patient accounts at UMMC. Accounts receivable also include amounts due from federal and state governments, and nongovernmental sources, in connection with reimbursement of allowable expenses made pursuant to the IHL System's grants and contracts. Accounts receivable are recorded net of an allowance for doubtful accounts.

(j) Student Notes Receivable, Net

Student notes receivable consist of federal, state and institutional loans made to students for the purpose of paying tuition and fee charges. Loan balances expected to be paid during the next fiscal year are presented on the statement of net position as current assets. Those balances that are either in deferment status or are expected to be paid back beyond the next fiscal year are presented as noncurrent assets on the statement of net position.

(k) Inventories

Inventories consist of bookstore, physical plant, agriculture, printing, central supply, food service supply, and various hospital inventories. These inventories are generally valued at the lower of cost or market, on the first-in, first-out (FIFO) basis.

(l) Prepaid Expenses

Prepaid expenses consist of expenditures related to projects, programs, activities or revenues of future fiscal periods.

Notes to Financial Statements

June 30, 2019 and 2018

(m) Restricted Cash and Cash Equivalents and Restricted Short-Term Investments

Cash, cash equivalents and short-term investments that are externally restricted to make debt service payments, to maintain sinking or reserve funds or to purchase or construct capital or noncurrent assets are classified as noncurrent assets in the statement of net position.

(n) Endowment Investments

The IHL System's endowment investments recorded at fair value, are generally subject to the restrictions of donor gift instruments. They include donor restricted endowments, which are funds received from a donor with the restrictions that only the income is to be utilized or for which the donor has stipulated that the principal may be expended only after a stated period or upon the occurrence of a certain event, and funds functioning as endowments, which are funds established by the governing board to function similar to an endowment fund but may be fully expended at any time at the discretion of the governing board.

(o) Other Long-Term Investments

Investments are reported at fair value. Changes in unrealized gains (losses) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position. Investments in partnerships for which there are no quoted market prices are valued at net asset value, as a practical expedient in determining fair value.

(p) Investment Valuation

GASB Statement No. 72, *Fair Value Measurement and Application*, enhances comparability of governmental financial statements by requiring fair value measurement for certain assets and liabilities using a consistent definition and accepted valuation techniques. The standard establishes a hierarchy of inputs used to measure fair value that prioritizes the inputs into three categories – Level 1, Level 2 and Level 3 inputs – considering the relative reliability of the inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted (unadjusted) prices in active markets for identical financial assets or liabilities that the IHL System has the ability to access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the financial asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the financial asset or liability.

The level in the fair value hierarchy in which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment risk.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified as Level 2 of the fair value hierarchy are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. There are no investments classified in Level 3.

(q) Capital Assets

Capital assets are recorded at cost at the date of acquisition, or, if donated, at acquisition value at the date of donation. For movable property, the IHL System's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations to buildings and improvements other than buildings that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure

Notes to Financial Statements

June 30, 2019 and 2018

categories. See note 5 for additional details concerning useful lives and salvage values. The IHL System uses the composite method for library book depreciation if the books are considered to have a useful life of greater than one year. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose, if material.

(r) Impairment of Capital Assets

Management reviews capital assets for impairment whenever events or changes in circumstances indicate that the service utility of an asset has declined significantly and unexpectedly. Any write-downs due to impairment are charged to operations at the time impairment is identified. No write-down of capital assets was required for the years ended June 30, 2019 and 2018.

(s) Deferred Inflows and Outflows

The IHL System has deferred inflows of resources. The deferred inflows of resources are an acquisition of net assets by the IHL System that is applicable to a future reporting period and include pension and OPEB related deferred inflows and deferred amount of debt refunding.

The IHL System has deferred outflows of resources. The deferred outflows of resources are consumption of net assets by the IHL System that are applicable to a future reporting period and include the unamortized amounts for losses on the refunding of bond debt, pension, and OPEB related deferred outflows, and beneficial interests in irrevocable trusts.

(t) Net Pension and OPEB Liabilities

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, and OPEB and OPEB expense, respectively, information about the fiduciary net position of the IHL System's proportionate share of the liability for pension and OPEB, and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the Public Employees' Retirement System of Mississippi (PERS) and the State and School Employees' Life and Health Insurance Plan (OPEB Plan). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

(u) Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities consist of amounts owed to vendors, contractors or accrued items such as interest, wages and salaries.

(v) Compensated Absences/Accrued Leave

Twelve-month employees earn annual personal leave at a rate of 12 hours per month for zero to three years of service; 14 hours per month for three to eight years of service; 16 hours per month for eight to fifteen years of service; and 18 hours per month for fifteen years of service and above. There is no requirement that annual leave be taken, and there is no maximum accumulation. At termination, these employees are paid for up to 240 hours of accumulated leave.

Nine-month employees earn major medical leave at a rate of 13.36 hours per month for one month to three years of service; 14.24 hours per month for three to eight years of service; 15.12 hours per month for eight to 15 years of service; and from 16 hours per month for fifteen years of service and above. There is no limit on the accumulation of major medical leave. At retirement, these employees are paid for up to 240 hours of accumulated major medical leave.

(w) Unearned Revenues

Unearned revenues include amounts received for tuition, fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

(x) Deposits Refundable

Deposits refundable represent good-faith deposits from students to reserve housing assignments, key deposits, and postbreakage deposits in the residence halls of the member universities of the IHL System.

Notes to Financial Statements

June 30, 2019 and 2018

(y) Non-current Liabilities

Non-current liabilities include: (1) carrying amounts of revenue bonds payable, notes payable and capital lease obligations; (2) estimated amounts of proportionate share of net pension and OPEB liabilities; (3) estimated amounts for accrued compensated absences, deposits refundable, and other liabilities that will not be paid within the next fiscal year; and (4) other liabilities that, although payable within one year, are to be paid from funds that are classified as noncurrent assets.

(z) Government Advances Refundable

The IHL System participates in the Federal Perkins Loan and Nursing Loan Programs, which are funded through a combination of federal and institutional resources. The portion of these programs that has been funded with federal funds is ultimately refundable to the U.S. government upon the termination of IHL System's participation in the programs. Although the federal government has terminated the program disallowing new loans to be made, institutions may continue to collect and service existing loans. The IHL System does not have a timeline for discontinuing its participation in this program. The portion that would be refundable if the programs were terminated has been presented as other long-term liabilities and approximated \$55.9 million and \$55.1 million as of June 30, 2019 and 2018, respectively.

(aa) Income Taxes

As an integral part of the State of Mississippi, a governmental entity, the IHL System is generally not subject to federal income tax, however, income generated from activities unrelated to the IHL System's exempt purpose is subject to income taxes under Internal Revenue Code Section 511(a)(2)(B).

(bb) Classification of Revenues and Expenses

The IHL System has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues and expenses have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances and bad debt expense; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; (3) most Federal, state and local grants and contracts (non-Title IV financial aid) and Federal appropriations, if any; (4) interest on institutional student loans and other revenues; and (5) patient care revenues. Examples of operating expenses include (1) employee compensation, benefits and related expenses; (2) scholarships and fellowships, net of scholarship discounts and allowances; (3) utilities, commodities (supplies) and contractual services; (4) professional fees; and (5) depreciation expense related to certain capital assets.

Nonoperating revenues and expenses have the characteristics of nonexchange transactions, such as gifts and contributions, state appropriations, investment income and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting* and GASB Statement No. 34. Examples of nonoperating expenses include interest on capital asset-related debt and bond expenses.

(cc) Auxiliary Enterprise Activities

Auxiliary enterprises typically exist to furnish goods or services to students, faculty or staff, and charge a fee directly related to, although not necessarily equal to, the cost of the goods or services. One distinguishing characteristic of auxiliary enterprises is that they are managed as essentially self-supporting activities. Examples include residence halls, bookstore, convenience store, laundry, faculty and staff housing, food services and intercollegiate athletic programs (only if they are essentially self-supporting). The general public may be served incidentally by auxiliary enterprises.

(dd) Patient Care Revenues, Net

UMMC's hospital and clinical service revenues are reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including contractual allowances and estimated retroactive

Notes to Financial Statements

June 30, 2019 and 2018

adjustments under reimbursement programs with third-party payors, less an allowance for doubtful accounts. Retroactive adjustments are accrued in future periods as final settlements are determined.

Inpatient acute care services and substantially all outpatient services rendered to Medicare and Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. UMMC is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports and audits thereof by the Medicare and Medicaid intermediaries.

Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for all other services. UMMC is reimbursed for cost reimbursable services at tentative rates with final settlement determined after submission of annual cost reports by UMMC and audits thereof by Medicaid fiscal intermediary.

Revenue from the Medicare and Medicaid programs accounted for approximately 29.7% and 30.7%, respectively, of UMMC's net patient service revenues for the year ended June 30, 2019 and approximately 28.5% and 30.9%, respectively, for the year ended June 30, 2018. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

UMMC also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to UMMC under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

(ee) Hospital Reimbursement

The University Hospitals and Health System (UHHS) Medicare cost reports have been audited and settled by the fiscal intermediary through the cost reports filed for the year ended June 30, 2012 for the Jackson Campus, for the year ended June 30, 2016 for Holmes County Hospital, and for the year ended June 30, 2016 for UMMC Grenada.

During fiscal year 2009, the Division of Medicaid (DOM) notified all providers in the State of Mississippi of a change in the methodology used to reimburse outpatient services. DOM adopted a payment methodology for outpatient services at a fixed cost to charge ratio that increases each year by an inflationary index. At that time, DOM issued letters to all providers of an updated reimbursement percentage based on more current cost data. At June 30, 2019 and 2018, UHHS maintains a reserve of approximately \$45.4 million and \$47.0 million, respectively, for Medicaid rate recalculations and other adjustments for prior fiscal years.

(ff) Scholarship Discounts and Allowances

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers. Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third-party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as scholarship allowances, which reduce operating revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash.

Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

(gg) Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in a statement of net position and is displayed in three components – net investment in capital assets, restricted (distinguishing between major categories of restrictions); and unrestricted.

Notes to Financial Statements

June 30, 2019 and 2018

Net investment in capital assets reflect the IHL System's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of net investment in capital assets.

Restricted, nonexpendable net position consists of endowment and similar type funds which donors or other outside sources have stipulated, as a condition of the gift instrument, the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted, expendable net position includes resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external parties. When both restricted and unrestricted resources are available for use, it is generally the University's policy to utilize restricted resources first, and then unrestricted resources as needed.

Unrestricted net position represents resources derived from student tuition and fees, state appropriations, net patient service revenue, sales and services of educational activities and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board, they are available for use at the discretion of the governing board, to meet current expenses for any purpose.

Note 2

Cash and Investments

Cash, Cash Equivalents and Short-Term Investments

Investment policies as set forth by the IHL System's Board of Trustees policy and state statute authorize the University to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, U.S. Government agency and sponsored enterprise obligations and repurchase agreements. Investment policy at the IHL System is governed by State statute (Section 27-105-33, MS Code Ann. 1972) and the Uniform Prudent Management of Institutional Funds Act of 1998.

Custodial Credit Risk – Deposits

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered with securities held by the counterparty's trust department or agent, but not held in the government's name. The IHL System had no investments exposed to custodial credit risk at June 30, 2019 and 2018.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 of the Mississippi Code Annotated (1972). Under this program, the University's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of the failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

Investment policies as set forth by Board policy as authorized by Section 37-101-15, Mississippi Code Annotated (1972), authorize the universities to invest in equity securities, bonds and other securities. Investments are reported at fair value.

Notes to Financial Statements

June 30, 2019 and 2018

A summary of cash and investments as of June 30, 2019 and 2018 is as follows:

	_	2019	 2018
Cash	\$	615,192,016	 601,356,715
Restricted cash and cash equivalents		119,331,479	76,978,961
U.S. Treasury securities		377,508,762	324,124,930

Total investments measured at NAV	\$	195,568,461				

- (1) Equity long/short hedge and venture capital funds specialize primarily in classic long/short hedge equity strategies. These funds invest globally, with a majority of the exposure in liquid, developed markets and invest primarily in private investment partnerships, venture capital opportunities or limited liability companies and in separately-managed accounts, each of which is managed by independent managers.
- (2) Private capital investments help build new startup equities that are considered to have high-growth and high-risk potential, mainly in the technology and healthcare sectors.
- (3) Other miscellaneous investments consist of various other tangible items such as land, timberland and various real estate, etc.

The equity in the long/short hedge funds, private capital, Mississippi State University Foundation investment Pool, and other miscellaneous investments represents the IHL System's participations in those investments, which is measured at NAV per share.

Custodial Credit Risk

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered with securities held by the counterparty's trust department or agent but not held in the government's name. The IHL System had no investments exposed to custodial credit risk at June 30, 2019 and 2018.

Interest Rate Risk

Interest rate risk is defined as the risk a government may face should interest rate variances adversely affect the fair value of investments. The IHL System does not presently have a formal policy that addresses interest rate risk.

Notes to Financial Statements

June 30, 2019 and 2018

As of June 30, 2019 and 2018, the IHL System had the following investments subject to interest rate risk:

		2019							
	Years to maturity								
	Fair value	Less than 1	1 - 5	6 - 10	More than 10				
U.S. Treasury securities	\$ 377,508,762	242,680,973	131,461,619	3,266,348	99,822

Credit Risk

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations. The IHL System does not have a formal investment policy that addresses credit risk.

Notes to Financial Statements

June 30, 2019 and 2018

As of June 30, 2019 and 2018, the IHL System had the following investments recorded at fair value subject to credit risk:

		2019			
Credit rating:	-		Reconciliation to total cash and investm	ents:

	÷ =				

The credit risk ratings listed above are issued upon standards set by Standard and Poor's or Moody's Ratings Services.

Concentration of Credit Risk

Concentration of credit risk is defined by GASB Statement No. 40, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The IHL System does not presently have a formal policy that addresses concentration of credit risk.

Notes to Financial Statements

June 30, 2019 and 2018

As of June 30, 2019 and 2018, the IHL System had the following issuer holding investments recorded at fair value that exceeded 5% of total investments:

	201	9
Issuer	 Fair value	Percentage
U.S. Treasury securities	\$ 355,897,865	35.51%
Federal Home Loan Bank notes	90,923,335	9.07%
Federal Home Loan Mortgage Corporation	50,175,873	5.01%
Federal Farm Credit Bank notes	55,119,417	5.50%
	201	8

	2018		
Issuer	Fair value	Percentage	
Federal Home Loan Bank notes \$	90,889,953	8.66%	
Federal Farm Credit Bank notes	52,622,330	5.01%	

Foreign Currency Risk

Foreign currency risk is defined as the risk that changes in exchange rates will adversely affect the fair value of an investment. The IHL System does not presently have a formal policy that addresses foreign currency risk. The IHL System's exposure to foreign currency risk is limited to investments in global or pooled non-U.S. equity mutual funds, which approximated \$36.4 million and \$20.8 million at June 30, 2019 and 2018, respectively.

Note 3

Accounts Receivable, net

Accounts receivable consisted of the following at June 30, 2019 and 2018:

	 2019	 2018
Student tuition	\$ 118,724,304	105,389,440
Auxiliary enterprises and other operating activities	36,482,523	37,922,485
Contributions and gifts	11,653,986	5,686,649
Federal, state, and private grants and contracts	105,906,871	91,586,806
State Appropriations	10,348,959	9,537,728
Accrued Interest	4,332,183	3,959,382
Patient Income	756,145,625	640,749,269
Other	 20,614,034	 27,798,758
Total accounts receivable	1,064,208,485	922,630,517
Less bad debt provision	 (660,218,873)	 (565,854,483)
Net accounts receivable	\$ 403,989,612	\$ 356,776,034

Notes to Financial Statements

June 30, 2019 and 2018

Note 4

Notes Receivable from Students

Notes receivable from students are payable in installments over a period of up to ten years, commencing three to twelve months from the date of separation from one of the IHL System's institutions.

The following is a schedule of interest rates and unpaid balances for the different types of notes receivable held by the IHL System as of June 30, 2019 and 2018:

	Interest Rates		June 30, 2019	Current Portion	Non-current Portion
Perkins student loans	3% to 9%	\$	56,712,840	9,667,571	47,045,269
Institutional loans	0% to 9%		63,339,855	9,400,583	53,939,272
Nursing student loans	3% to 9%		4,014,708	158,542	3,856,166
Dental student loans	3% to 9%		302,989	27,774	275,215
Medical student loans	3% to 9%		144,153	12,027	132,126
Other federal loans	3% to 9%		2,150,528	2,107,233	43,295
Total notes receivable			126,665,073	21,373,730	105,291,343
Less allowance for doubtful accounts		_	(21,486,826)	(2,606,757)	(18,880,069)
Net notes receivable		\$	105,178,247	18,766,973	86,411,274

	Interest Rates	 June 30, 2018	Current Portion	Non-current Portion

Total capital assets	_	6,192,937,743	755,507,022	459,189,152	6,489,255,613
Less accumulated depreciation for:					
Buildings		985,336,353	73,737,217	73,566	1,059,000,004
Improvements other than buildings		153,077,984	14,517,182	6,226	167,588,940
Equipment		623,054,955	58,475,773	35,408,677	646,122,051
Library books		356,048,738	13,784,153	847,848	368,985,043
Total accumulated	_				
depreciation	_	2,117,518,030	160,514,325	36,336,317	2,241,696,038
Net capital assets	\$ _	4,075,419,713	594,992,697	422,852,835	4,247,559,575

As of June 30, 2019 and 2018, capital assets included assets under capital leases with an original cost basis of approximately \$2.7 million and \$2.9 million, respectively, with accumulated amortization of approximately \$1.5 million.

Depreciation is computed on a straight-line basis except for library books, which is computed using a composite method. The following useful lives, salvage values and capitalization thresholds are used to compute depreciation:

	Estimated	Salvage	Capitalization
Capital assets	useful life	value	threshold
Buildings	40 Years	0 - 20 %	\$ 50,000
Improvements other than buildings	20 Years	0 - 20	25,000
Equipment	3-15 Years	0 - 10	50,000
Library books	10 Years		—

Pension related (see note 15)	\$	295,211,695	\$	57,944,918
OPEB related (see note 16)		7,289,670		7,670,577
Unamortized loss/gain on refunding of debt		48,575,031		5,407,973
Other		64,320		_
Beneficial interest in irrevocable trusts			_	33,592,648
Totals	\$	351,140,716	\$	104,616,116

Note 7

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities as of June 30, 2019 and 2018 are as follows:

	_	2019	2018
Payable to vendors and contractors	\$	129,187,412	131,807,475
Accrued salaries, wages and employee withholdings		86,878,504	90,953,089
Accrued interest		6,241,282	6,315,453
Other		5,237,030	439,910
Total	\$	227,544,228	229,515,927

All amounts are considered current and expected to be settled within one year.

Notes to Financial Statements

June 30, 2019 and 2018

Note 8

Unearned Revenues

Unearned revenues as of June 30, 2019 and 2018 are as follows:

	_	2019	2018
Unearned summer school revenue	\$	29,881,248	29,237,845
Unearned grants and contract revenue		34,432,465	38,191,350
Other principally athletic activities		31,587,263	33,170,263
Total	\$	95,900,976	100,599,458

All amounts are considered current and will be fully recognized within one year.

Note 9

Material Blended Component Units of the IHL System

In accordance with GASB Statement No. 61, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying financial statements due to the significance of their activities to respective member universities' operations. These blended component units provide services entirely, or almost entirely, to their respective universities. Condensed financial information as of June 30, 2019 and 2018 is listed in the following schedules.

		ASU	DSU	JSU	MSU	MVSU	UM	USM	UMMC

Note 10

Long-Term Liabilities

Long-term liabilities of the IHL System consist of notes and bonds payable, capital lease obligations, and certain other liabilities that are expected to be liquidated at least one year from June 30, 2019 and 2018.

The various leases cover a period not to exceed five years. The IHL System has the option to prepay all outstanding obligations less any unearned interest to fully satisfy the obligation. There is also a fiscal funding addendum stating that if funds are not appropriated for periodic payment for any future fiscal period, the lessee will not be obligated to pay the remainder of the total payments due beyond the end of the current fiscal period. Other long-term liabilities and notes payable consist of accrued leave liabilities, deposits refundable, notes payable, net pension liability, net OPEB liability, and other liabilities (government advance refundables, self-insured workers' compensation, unemployment and tort claims).

Notes to Financial Statements

June 30, 2019 and 2018

Information regarding original issue amounts, interest rates, and maturity dates for bonds, notes, and capital leases relative to the long-term liabilities for each of the universities within the IHL System as of June 30, 2019 and 2018 is listed in the following schedules.

Notes to Financial Statements

June 30, 2019 and 2018

Note 12

Operating Leases

Leased property under operating leases is composed of office rent, land, computer software and equipment. The following is a schedule by year of the future minimum rental payments required under noncancelable operating leases:

	 Amount
Year ending June 30,	
2020	\$ 27,671,930
2021	24,903,941
2022	20,956,760
2023	18,444,524
2024	16,149,701
2025 - 2029	59,261,601
2030 - 2034	25,994,977
2035 - 2039	 1,851,450
Total minimum payments	
required	\$ 195,234,884

The total rental expense for all operating leases, except those with terms of a month or less that were not renewed, for the years ending June 30, 2019 and 2018 approximated \$31.9 million and \$28.9 million, respectively.

Note 13

Construction Commitments and Financing

The IHL System has contracted for various construction projects as of June 30, 2019. Estimated costs to complete the various projects and the sources of anticipated funding are presented below:

		Remaining estimated	Funded by					
	_	cost to complete	Federal Sources	State Sources	Institutional Sources	Other Sources		
Alcorn State University	\$	35,658,038		35,658,038		_

Notes to Financial Statements

June 30, 2019 and 2018

Note 14

Donor Restricted Endowments

The net appreciation on investments of donor restricted endowments that is available for authorization for expenditure approximated \$52.0 million and \$52.3 million as of June 30, 2019 and 2018, respectively. These amounts are included in the accompanying statement of net position in "net position – expendable for other purposes", and "net position – expendable for scholarships and fellowships". The endowment investments totaled \$339 million and \$333 million at June 30, 2019 and 2018, respectively.

Most endowments operate on the total-return concept as permitted by the Uniform Prudent Management of Institutional Funds Act (UPMIFA) (Sections 79-11-701 through 79-11-719, MS Code, Ann. 1972) of 2006. The annual rate for spendable transfers distributed annually, is 4% of the investment pool's average unit value over the 36-month period.

Note 15

Employee Benefits – Pension Plans

The IHL System participates in the following separately administered plans maintained by Public Employees' Retirement System of Mississippi (PERS):

Plan Type	Plan Name
Multiple-employer, defined benefit	PERS Defined Benefit Plan
Multiple-employer, defined contribution	Optional Retirement Plan (ORP) Defined Contribution Plan

The employees of the IHL System are covered by one of the pension plans outlined above (collectively, the Plans). The Plans do not provide for measurements of assets and pension benefit obligations for individual entities. The measurement date of the Plans is June 30, 2018 for fiscal year 2019 and June 30, 2017 for fiscal year 2018.

The funding methods and determination of benefits payable were established by the legislative acts creating such plans, as amended, and in general, provide that the funds are to be accumulated from employee contributions, participating entity contributions and income from the investment of accumulated funds. The plans are administered by separate boards of trustees.

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

A stand-alone audited financial report is issued for the Plans and can be obtained at www.pers.ms.gov.

Disclosures under GASB Statement No. 68

The pension disclosures that follow for fiscal years 2019 and 2018 include all disclosures for GASB Statement No. 68 using the latest valuation reports available (June 30, 2018). For fiscal year 2019, the measurement date for the PERS defined benefit plan is June 30, 2018. For fiscal year 2018, the measurement date for the PERS defined benefit plan is June 30, 2017. The IHL System is presenting net pension liability as of June 30, 2018 and 2017 for the fiscal years 2019 and 2018 financials, respectively.

Notes to Financial Statements

June 30, 2019 and 2018

(a) PERS Defined Benefit Plan

Plan Description

The PERS of Mississippi was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in PERS, elected members of the State Legislature and the President of the Senate. PERS administers a cost-sharing, multiple-employer defined benefit pension plan. PERS is administered by a 10-member Board of Trustees that includes the State Treasurer; one gubernatorial appointee who is a member of PERS; two state employees; two PERS retirees; and one representative each from public schools and community colleges, state universities, municipalities and counties. With the exception of the State Treasurer and the gubernatorial appointee, all members are elected to staggered six-year terms by the constituents they represent.

Membership and Benefits Provided

Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi (the State), state universities, community and junior colleges, and teachers and employees of the public school districts. Members and employers are statutorily required to contribute certain percentages of salaries and wages as specified by the Board of Trustees. A member who terminates employment from all covered employers and who is not eligible to receive monthly retirement benefits may request a full refund of his or her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions.

Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary.

A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0% of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0% compounded for each fiscal year thereafter.

Contributions

Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. § 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature.

Policies for PERS provide for employer and member contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. PERS members were required to contribute 9.00% of their annual pay. The institution's contractually required contribution rate for the years ended June 30, 2019 and 2018 was 15.75% for each year of annual payroll. Employer contribution rates consist of an amount for service cost; the amount estimated to finance benefits earned by current members during the year; and an amount for amortization of the unfunded actuarial accrued liability. For determining employer contribution rates, the actuary evaluates the assets of the plans based on a five-year smoothed expected return with 20.00% of a year's excess or shortfall of expected return recognized each year for five years. Contribution rates are

Notes to Financial Statements

June 30, 2019 and 2018

determined using the entry age actuarial cost method and include provisions for an annual 3.00% cost-of-living increase calculated according to the terms of the respective plan. Contributions from the IHL System are recognized when legally due based on statutory requirements.

Employer Contributions

The IHL System's contributions to PERS for the years ended June 30, 2019 and 2018 were \$165.7 million and \$160.5 million, respectively. The IHL System's proportionate share was calculated on the basis of historical contributions. Although GASB Statement No. 68 encourages the use of the employer's projected long-term contribution effort to the retirement plan, allocation on the basis of historical employer contributions is considered acceptable. Employer contributions recognized by the IHL System that are not representative of future contribution effort are excluded in the determination of employer's proportionate share. Examples of employer contributions not representative of future contributions paid by employees in connection with early retirement.

The following table provides the IHL System's contributions used in the determination of its proportionate share of collective pension amount reported:

	Proportionate share of contributions		Allocation percentage of proportionate share of collective pension amount	Change in proportionate share of collective pension amount	
PERS defined benefit plan:	¢	1.00 202 0.45	15.020/	0.020/	
2019 2018	\$	160,203,045 161,259,432	15.93% 15.96%	-0.03% 0.15%	
2010		101,239,432	15.9070	0.1570	

Net Pension Liability

The IHL System's proportion of the net pension liability at June 30, 2019 and 2018 is as follows:

	1	Proportionate share of net pension liability	Proportion of net pension liability
PERS defined benefit plan:			
2019	\$	2,649,318,090	15.93%
2018		2,653,162,201	15.96%

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources were related to differences between expected and actual experience, changes of assumptions, changes in proportion and differences between employer contributions and the proportionate share of contributions, and contributions made after the measurement date. The difference between expected and actual experience with regard to economic and demographic factors is amortized over the average of the expected remaining service life of active and inactive members which is approximately five years. The first year of amortization is recognized as pension expense with the remaining years shown as a deferred outflow of resources.

See the following table for deferred outflows and inflows of resources related to pensions from the following sources:

Notes to Financial Statements

June 30, 2019 and 2018

Actuarial Methods and Assumptions

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations, and new estimates are made about the future. Mississippi state statute requires that an actuarial experience study be completed at least once in each five-year period. The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2016.

The following table provides a summary of the actuarial methods and assumptions used to determine the contribution rate reported for PERS for the years ended June 30, 2019 and 2018:

	2019	2018
Valuation date	June 30, 2018	June 30, 2017
Asset valuation method	Market value	Market value
Actuarial assumptions: Inflation rate Salary increases Investment rate of return	3.00 % 3.25 7.75	3.00 % 3.25 7.75

Mortality

Mortality rates were based on the RP-2014 Healthy Annuitant Blue Collar Table projected with Scale BB to 2022 with males' rates set forward one year.

Discount Rate

For the years ended June 30, 2019 and 2018, the discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (15.75%) for the years ended June 30, 2019 and 2018. Beginning July 1, 2019, the employer contribution rate will be 17.40%. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2019 and 2018 are summarized in the following table:

Notes to Financial Statements

June 30, 2019 and 2018

Asset class	Target allocation	Long-term expected real rate of return
U.S. Broad	27.00 %	4.60 %
International equity	18.00	4.50
Emerging markets equity	4.00	4.75
Global	12.00	4.75
Fixed income	18.00	0.75
Realassets	10.00	3.50
Private equity	8.00	5.10
Emerging debt	2.00	2.25
Cash	1.00	0.00
	100.00	

Sensitivity of Net Pension Liability to Changes in the Discount Rate

The following table presents the IHL System's proportionate share of the net pension liability of the cost-sharing plan for 2019 and 2018, calculated using the discount rate of 7.75%, as well as what the IHL System's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

		Discount Rate Sensitivity Current				
		1% Decrease (6.75%)	_	discount rate (7.75%)		1% Increase (8.75%)
IHL System proportionate share of net pension liability	_		_			
2019 2018	\$	3,488,391,705 3,479,799,350	\$	2,649,318,090 2,653,162,201	\$	1,951,937,126 1,966,873,734

(b) Optional Retirement Plan, a defined contribution plan

The Optional Retirement Plan (ORP) was established by the Mississippi Legislature in 1990 to help attract qualified and talented institutions of higher learning faculty. The membership of the ORP is composed of teachers and administrators appointed or employed on or after July 1, 1990, who elect to participate in ORP and reject membership in PERS. The ORP provides funds at retirement for employees, and in the event of death, the ORP provides funds for their beneficiaries through an arrangement by which contributions are made to this plan. The current contribution rate of both the employee and the IHL System are identical to that of the PERS defined benefit plan.

The ORP uses the accrual basis of accounting. Investments are reported at fair value, based on quoted market prices. Employees immediately vest in plan contributions upon entering the plan. The IHL System's contributions to the ORP for the years ended June 30, 2019 and 2018 were \$67.1 million and \$65.8 million, respectively, which equaled its required contribution for the period.

Notes to Financial Statements

June 30, 2019 and 2018

Note 16

Postemployment Health Care and Life Insurance Benefits

Plan Description

In addition to providing pension benefits, the IHL System provides other postemployment benefits (OPEB) such as health care and life insurance benefits to all eligible retirees and dependents. The State and School Employees' Life and Health Insurance Plan (the Plan) is self-insured and financed through premiums collected from employers, employees, retirees and COBRA participants. The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972) and may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan.

The 14-member board is comprised of the Chairman of the Workers' Compensation Commission; the State Personnel Director; the Commissioner of Insurance; the Commissioner of Higher Education; the State Superintendent of Public Education; the Executive Director of the Department of Finance and Administration; the Executive Director of the Mississippi Community College Board; the Executive Director of the Public Employees' Retirement System; two appointees of the Governor; the Chairman of the Senate Insurance Committee, or his designee; the Chairman of the House of Representatives Insurance Committee, or his designee; the Chairman of the Senate Appropriations Committee, or his designee. The Board has a fiduciary responsibility to manage the funds of the Plan. The Plan maintains a budget approved by the Board.

Membership and Benefits Provided

The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan for units of state government, political subdivisions, community colleges and school districts. A trust was created June 28, 2018 for the OPEB Plan and, the Plan is considered a cost-sharing multiple-employer defined benefit OPEB plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between the average cost of providing health care benefits to retirees under age 65 and the average cost of providing health care benefits to all participants when premiums paid by retirees are not age-adjusted.

Contributions

Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance will have the full cost of such insurance premium deducted monthly from his or her state retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the Board determined actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are an amount the Board determined actuarially to cover the full cost of insurance.

Pursuant to the authority granted by Mississippi Statute, the Board has the authority to establish and change premium rates for the participants, employers and other contributing entities. An outside consulting actuary advises the Board regarding changes in premium rates. If premium rates are changed, they generally become effective at the beginning of the next calendar year or next fiscal year.

Notes to Financial Statements

June 30, 2019 and 2018

Plan participants are not subject to supplemental assessment in the event of a premium deficiency. At the time of premium payment, the risk of loss due to incurred benefit costs is transferred from the participant to the Plan. If the assets of the Plan were to be exhausted, participants would not be responsible for the Plan's liabilities.

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

The audited financial report for the Plan can be found at knowyourbenefits.dfa.ms.gov.

At June 30, 2018 and 2017, the Plan provided health coverage to 327 and 334 employer units, respectively.

Disclosures under GASB Statement No. 75

The disclosures that follow for fiscal years 2019 and 2018 include all disclosures for GASB Statement No. 75 using the latest valuation report available (June 30, 2018). For fiscal year 2019, the measurement date for the State and School Employees' Life and Health Insurance Plan is June 30, 2018. For fiscal year 2018, the measurement date for the State and School Employees' Life and Health Insurance Plan is June 30, 2017. The IHL System is presenting net OPEB liability as of June 30, 2018 and 2017 for the fiscal years 2019 and 2018 financials, respectively.

Proportionate Share Allocation Methodology

The basis for an employer's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the plan in the fiscal year of all employers. This allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by an employee.

OPEB Liability, **OPEB** Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019 and 2018, the IHL System reported a liability of \$141.8 million and \$143.7 million, respectively, for its proportionate share of the net OPEB liability (NOL). For fiscal year ending June 30, 2019, the NOL was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. At June 30, 2019 and 2018, the IHL System's proportion was 18.34% and 18.31%, respectively.

For the years ended June 30, 2019 and 2018, the IHL System recognized OPEB expense of \$6.8 million and \$7.1 million, respectively.

See the following tables for deferred outflows and inflows of resources related to OPEB from the following sources:

\$6.1 million reported as deferred outflows of resources related to OPEB resulting from the IHL System contributions subsequent to the measurement date was recognized as a reduction of the NOL in the year ended June 30, 2019.

Deferred outflows of resources and deferred inflows of resources are calculated at the plan level and are allocated to employers based on their proportionate share. Changes in employer proportion, an employer specific deferral, is

Notes to Financial Statements

June 30, 2019 and 2018

amortized over the average remaining service lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. The average remaining service life determined as of the beginning of the June 30, 2018 measurement period is 6.4 years. The average remaining service life determined as of the beginning of the June 30, 2017 measurement period is 6.7 years. Employers are required to recognize pension expense based on their proportionate share of collective OPEB expense plus amortization of employer specific deferrals.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

		Deferred outflows (inflows) of resources year ended June 30

Actuarial Methods and Assumptions

The following table provides a summary of the actuarial methods and assumptions used to determine the discount rate reported for OPEB for the years ended June 30, 2019 and 2018:

	2019	2018
Valuation date	June 30, 2018	June 30, 2017
Measurement date	June 30, 2018	June 30, 2017
Experience study	April 18, 2017	April 18, 2017
Actuarial assumptions:		
Cost method	Entry age normal	Entry age normal
Inflation rate	3.00 %	3.00 %
Long-term expected rate of return	4.50 %	N/A
Discount rate	3.89 %	3.56 %
Projected cash flows	N/A	N/A
Projected salary increases	3.25% - 18.50%	3.25% - 18.50%
Healthcare cost trend rates	7.25% decreasing to 4.75% by 2028	7.75% decreasing to 5.00% by 2023

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision, as actual results are compared to past expectations and new estimates are made about the future.

Notes to Financial Statements

June 30, 2019 and 2018

Mortality

Both pre-retirement and post-retirement mortality rates were based on the RP 2014 Healthy Annuitant Blue Collar Table projected with Scale BB to 2022, male rates set forward 1 year and adjusted by 106% for males at all ages, and females adjusted to 90% for ages less than 76, 95% for age 76, 105% for age 78 and 110% for ages 79 and greater. Post-disability mortality rates were based on the RP 2014 Disabled Retiree Mortality Table set forward 4 years for males and 3 years for females.

Discount Rate

For the years ended June 30, 2019 and 2018, the discount rate used to measure the total OPEB liability was 3.89% and 3.56%, respectively. The discount rate is based on an average of the Bond Buyer General Obligation 20-year Municipal Bond Index Rates during the month of June published at the end of each week by the Bond Buyer.

Long-term Expected Rate of Return

At June 30, 2019, the long-term expected rate of return, net of OPEB plan investment expense, including inflation was 4.50%. For fiscal year ended June 30, 2018, since there were no assets in a trust as of the measurement date, there was no projection of cash flows for the plan and no long-term expected rate of return on plan assets.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following tables presents the IHL System's proportionate share of the NOL for 2019 and 2018, calculated using the discount rate of 3.56% and 3.89%, respectively, as well as what the IHL System's NOL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		Discount Rate Sensitivity					
		Current1% Decreasediscount rate(2.89%)(3.89%)			1% Increase (4.89%)		
IHL System proportionate share of net OPEB liability 2019	re \$	157,216,990	\$	141,831,760	\$	128,599,996	
	_]	Disc	ount Rate Sensitiv	vity		
		1% Decrease		Current discount rate		1% Increase	
IHL System proportionate share	-	(2.56%)	-	(3.56%)	_	(4.56%)	
of net OPEB liability 2018	\$	147,468,676	\$	143,674,333	\$	140,848,673	

Sensitivity of Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following table presents the NOL of the IHL System, calculated using the health care cost trend rates, as well as what the IHL System's NOL would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Notes to Financial Statements

June 30, 2019 and 2018

		Health Care Cost Trend Rates Sensitivity					
		Current					
	_	1% Decrease	_	discount rate		1% Increase

Notes to Financial Statements

June 30, 2019 and 2018

Note 17

Self-Insured Workers' Compensation Fund

The IHL System participates in the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund (the WC Fund). The WC Fund provides a mechanism for the institutions to fund and budget for the costs of providing worker compensation benefits to eligible employees. The WC Fund does not pay benefits directly to employees. Funds are set aside in trust, and a third-party administrator is utilized to distribute the benefits to eligible employees. Total assets and liabilities of the WC Fund approximated \$26.5 million and \$21.8 million at June 30, 2019, respectively, and \$23.1 million and \$21.1 million at June 30, 2018, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses. The difference between the assets and liabilities of the fund is not expected to impact the WC Fund's ability to pay claims.

In order to minimize the amount of risk and in accordance with self-insurance general practices, the WC Fund purchases excess loss insurance to cover risks exceeding \$1,000,000 per occurrence. Excess loss insurance premiums for the years ended June 30, 2019 and 2018 were approximately \$331,000 and \$366,000, respectively. Excess loss insurance does not discharge the WC Fund from its primary liability to cover the IHL System's claims. Consequently, failure of the insurer to honor its obligation could result in losses to the WC Fund.

The following represents changes in the unpaid claims liabilities for the WC Fund for the years ended June 30, 2019, 2018, and 2017 (in thousands):

	_	2019	2018	2017
Unpaid claim liability at beginning of year	\$	20,992	21,419	21,467
Incurred claims:				
Insured events of the current		8,304	8,952	8,535
Decrease in provisions for				
insured events of prior years		(2,403)	(4,339)	(2,922)
Total incurred claims		5,901	4,613	5,613
Payments:	_			
Attributable to insured events of the current year		1,579	1,664	1,687
Attributable to insured events of the prior year	_	3,614	3,376	3,974
Total payments		5,193	5,040	5,661
Unpaid claim liability at end of year	\$	21,700	20,992	21,419

Total accrued claims, included in long-term liabilities, are presented at their present value using a discount rate of 3.0%. The discount approximated \$2.5 million and \$2.4 million as of June 30, 2019 and 2018, respectively.

Note 18

Unemployment Trust Fund

The IHL System participates in a self-funded Unemployment Trust Fund (the Unemployment Fund). The Unemployment Fund exists in order to provide a mechanism for the IHL System to fund and budget for the costs of providing unemployment benefits to eligible former employees. The Unemployment Fund does not pay benefits directly to former employees. Rather, it reimburses the Mississippi Department of Employment Security Commission for benefits it pays directly to former IHL System employees. Total assets and liabilities of the Unemployment Fund approximated \$8.6 million and \$4.2 million at June 30, 2019 and 2018, respectively, and \$6.9 million and \$4.1 million at June 30, 2018, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the Unemployment Fund as of June 30, 2019. The actuaries concluded that the fund's actual assets at June 30, 2019 exceeded the recommended minimum fund balance. The recommended fund balance at June 30, 2019 is \$4.3 million. Actual fund assets equaled

Notes to Financial Statements

June 30, 2019 and 2018

\$8.6 million at June 30, 2019. The fiscal year 2020 assessment level was set at \$1.7 million. Future assessments are recommended to be set at \$1.7 million for fiscal year 2021, \$1.7 million for fiscal year 2022, and \$1.7 million for fiscal year 2023. These facts will be considered by the IHL System when determining future funding rates.

Note 19

Tort Liability Fund and Other Contingencies

The IHL System participates in the State Institutions of Higher Learning Tort Liability Fund (the IHL Tort Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board to establish a fund in order to self-insure a certain portion of its liability under the Mississippi Tort Claims Act and professional liability claims. The IHL Board established the IHL Tort Fund to provide self-insurance.

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the IHL Tort Fund as of June 30, 2019. Total assets and liabilities related to this activity approximated \$17.7 million and \$11.0 million at June 30, 2019 and 2018, respectively, and \$16.8 million and \$9.8 million at June 30, 2019 and 2018, respectively, and are included in the statements of net position.

The following represents changes in the unpaid claims liabilities for the IHL Tort Fund during the years ended June 30, 2019, 2018, and 2017 (in thousands):

		2019	2018	2017
Unpaid claim liability at beginning of year	\$	9,694	10,319	12,156
Incurred claims:				
Insured events of the current		3,628	3,741	3,382
Decrease in provisions for				
insured events of prior years		(668)	(2,530)	(2,524)
Total incurred claims		2,960	1,211	858
Payments:				
Attributable to insured events of the current year		205	426	167
Attributable to insured events of the prior year		1,537	1,410	2,528
Total payments	_	1,742	1,836	2,695
Unpaid claim liability at end of year	\$	10,912	9,694	10,319

Total accrued claims, included in long-term liabilities, are presented at their present value using a discount rate of 3.0%. The discount approximated \$990,000 and \$873,000 as of June 30, 2019 and 2018, respectively.

In addition to claims covered by the IHL Tort Fund and the UMMC Tort Fund (described more fully below), the IHL System is defendant in various other legal matters occurring in the normal course of business activities. Management, with the advice of legal counsel, is of the opinion that the ultimate resolution of these matters will not have a material adverse impact on the IHL System's financial statements.

Notes to Financial Statements

June 30, 2019 and 2018

Note 20

UMMC Tort Claims Fund

The UMMC participates in the University of Mississippi Medical Center Tort Claims Fund (UMMC Tort Claims Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board of Trustees of the IHL System to establish a fund to self-insure a certain portion of its liability under the Mississippi Tort Claims Act.

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

The Board of Trustees of Higher Learning has established a Medical Center Tort Claims fund to pay claims up to the maximum liability limits described above. Losses from professional and tort liability claims of the Medical Center are the responsibility of the Medical Center Tort Claims Fund.

Total assets and liabilities related to this activity approximated \$45.6 million and \$35.5 million at June 30, 2019, respectively, and approximated \$42.6 million and \$35.9 million at June 30, 2018, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses.

The following represents changes in the unpaid claims liabilities for the UMMC Tort Claims Fund for the years ended June 30, 2019, 2018 and 2017 (in thousands):

		2019	2018	2017
Unpaid claim liability at beginning of year	\$	35,888	35,255	31,777
Incurred claims:				
Insured events of the current		8,970	8,245	8,644
Decrease in provisions for				
insured events of prior years		(5,975)	(3,527)	(2,022)
Total incurred claims		2,995	4,718	6,622
Payments:				
Attributable to insured events of the current year		504	27	1,937
Attributable to insured events of the prior year		2,888	4,058	1,207
Total payments		3,392	4,085	3,144
Unpaid claim liability at end of year	\$ _	35,491	35,888	35,255

At June 30, 2019 and 2018, unpaid claims of \$39.2 million and \$39.7 million, respectively, are presented at their net present value of \$35.5 million and \$35.9 million, respectively, using a discount rate of 4%.

Note 21

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. These reclassifications had no impact on net position or changes in net position. This reclassification resulted in an increase to prior year long-term liabilities and an offsetting decrease to other noncurrent liabilities.

Notes to Financial Statements

June 30, 2019 and 2018

Note 22

Subsequent Events

During July 2019, the University of Mississippi Educational Building Corporation (UMEBC) issued Series 2019 revenue bonds to refund and refinance all or part of Series 2013C (Ole Miss Athletics Foundation Multi-Purpose Arena Construction Project), Series 2015 (Ole Miss Athletics Foundation Parking Facilities Refunding Project) and the Taxable Promissory Note, Series 2017, and pay issuance costs. The total new issued bonds approximated \$76.7 million.

During August 2019, the Medical Center Educational Building Corporation (MCEBC) issued Series 2019 revenue bonds to advance refund the MCEBC taxable Build America Bonds, Series 2010A, finance capital expenditures, including but not limited to upgrades to the HVAC system of UMMC and pay issuance costs. The total new issued bonds approximated \$24.4 million.

Note 23

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – Mississippi State University Foundation, Inc.

(a) Nature of Organization

Mississippi State University Foundation, Inc. (MSUF) is a not-for-profit entity established to solicit and manage funds for the benefit of MSU. MSUF also manages funds for affiliates of the University, including Mississippi State University Alumni Association, Inc. and The Bulldog Club, Inc.

(b) Significant Accounting Policies

Basis of Accounting

The MSUF consolidated financial statements include the foundation, Maroon Air LLC, and the Mississippi State Investment Pool in which the foundation has a controlling financial interest. The consolidated financial statements, which are presented on the accrual basis of accounting, have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets with donor restrictions – net assets subject to donor-imposed stipulations that may or will be met either by actions of MSUF and or the passage of time. Net assets in this class include unconditional gifts for restricted purposes and donor-restricted endowment funds.

Generally, the donor of these assets permits the foundation to use all or part of the income earned on related investments for general or specific purposes in support of the university.

Net assets without donor restrictions – net assets that represent resources generated from operations or that are not subject to donor-imposed stipulations. Net assets without donor restrictions include contributions designated to a particular college or unit for which the use or purpose is unrestricted.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless the use of the underlying net asset is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on

Notes to Financial Statements

June 30, 2019 and 2018

which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of intellectual property are based on its estimated fair value, considering the characteristics specific to the assets and estimated usage during the term of the agreement. Contributed goods and services are recorded as revenues and expenses in the consolidated statements of activities at estimated fair value.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

MSUF's investments are invested in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in MSUF's consolidated financial statements.

Investments

The overall investment objective of MSUF is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund donor-designated directives and maintain the inflation-adjusted impact of each donor restricted fund. MSUF diversifies its investments among various asset classes incorporating multiple strategies and managers. Beginning July 1, 2017, investment decisions have been delegated to Perella Weinberg Partners Capital Management LP, the foundation's outsourced chief investment officer, which executes investment decisions in accordance with the foundation's approved investment policy.

Investments are reported at estimated fair value. If an investment is held directly by MSUF and an active market with quoted prices exists, the market price of an identical security is used as reported fair value. Reported fair values for shares in mutual funds registered with the SEC are based on share prices reported by the funds as of the last business day of the fiscal year. Fixed income securities are based on quoted market prices or other observable inputs such as quoted prices for similar assets or inputs corroborated by observable market data. MSUF's interests in alternative investment funds are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2019 and 2018, MSUF had no plans or intentions to sell investments at amounts different from NAV. Properties held for investment are reported at estimated fair value based on periodic appraisals conducted by third-party appraisers who utilize the cost, sales comparison and income capitalization approaches to estimate the fair value of the investments. MSUF considers recent comparables, among other things, to adjust for any changes in fair value between the most recent appraisal date and year-end.

Mississippi State Investment Pool

MSUF, MSU, the MSU Alumni Association, and The Bulldog Club, Inc. are participants in a joint venture, the Mississippi State Investment Pool (MSIP), whereby investable assets are pooled for investment purposes. The MSUF is the investment pool's managing member and maintains separate accounts for each participant. Investment income (loss), gains and losses, and expenses of the MSIP are allocated to each participant based on their share of ownership of the MSIP. Due to MSUF's controlling financial interest in the MSIP of approximately 90% as of June 30, 2019 and 2018, the foundation has consolidated the MSIP, reflecting the noncontrolling interests of the other participants in its consolidated financial statements.

(c) Pledges Receivable, Net

All unconditional promises to give are recorded at their estimated realizable value on a discounted basis using rates commensurate with the risks involved. Allowance is made for uncollectible pledges based upon management's judgment and analysis of specific accounts, past collection experience, and other relevant factors.

Notes to Financial Statements

June 30, 2019 and 2018

Pledges receivable, net, are summarized as follows at June 30, 2019 and 2018:

	 2019	2018
Unconditional promises expected to be collected in:		
Less than one year	\$ 11,626,312	23,889,272
One year to five years	22,249,630	16,662,471
More than five years	 5,005,000	5,318,000
	38,880,942	45,869,743
Less unamortized discount (rates ranging from 1% to 5%)	 (5,518,792)	(4,993,241)
	33,362,150	40,876,502
Less allowance for uncollectible pledges	 (1,112,007)	(951,748)
	\$ 32,250,143	39,924,754

(d) Investments

Investments are summarized as follows as of June 30, 2019 and 2018:

	 2019	2018
Short-term investments	\$ 8,094,707	2,664,509
Agility Comprehensive Solutions Feeder Fund LP	408,128,487	329,806,753
Global fixed income	4,220,959	3,695,315
Global equities	9,472,100	2,591,037
Real assets	31,615,070	37,582,149
Absolute return strategies	308,893	57,813,117
Private capital	15,192,530	11,543,325
Contributed properties held for investment	34,594,669	33,335,253
Cash-surrender value of life insurance	 1,886,091	1,965,236
	\$ 513,513,506	480,996,694

The MSIP has invested in a limited partnership interest in the Agility Comprehensive Solutions Feeder Fund LP, a Delaware limited partnership (the Fund). The Fund invests all, or substantially all, of its investable assets on an investment-by-investment basis, either (i) directly through a "master fund/feeder fund" structure, or (ii) indirectly through Agility Comprehensive Solutions Offshore Fund Ltd., a Cayman Islands exempted company, in Agility Comprehensive Solutions Fund LP, a Delaware limited partnership (the "Master Fund"). Perella Weinberg Partners Agility Comprehensive Solutions Fund GP LP serves as general partner of the Fund. The Fund, through the Master Fund, invests in five broad asset classes with approximate allocation percentages at June 30, 2019 and 2018:

	2019	2018
Global equities	56 %	65 %
Global fixed income	12	18
Absolute return strategies	21	7
Real assets	8	8
Private capital	3	2

MSUF has entered into various split interest agreements, including charitable remainder unitrusts and charitable gift annuities, whereby MSUF serves as trustee. The assets held under these split interest agreements are included in investments at June 30, 2019 and 2018 with an approximate fair value of \$12.8 million and \$6.3 million, respectively.

Notes to Financial Statements

June 30, 2019 and 2018

The following schedule summarizes net investment income in the consolidated statements of activities for the years ended June 30, 2019 and 2018:

	_	2019	2018
Dividends and interest, net of expenses	\$	2,557,241	2,603,104
Net realized and unrealized gains	_	18,293,833	25,045,967
	\$ _	20,851,074	27,649,071

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of financial position.

The following table summarizes MSUF's financial instruments by major category in the fair value hierarchy as of June 30, 2019 and 2018:

Notes to Financial Statements

June 30, 2019 and 2018

- (1) The fund's terms allow for 5-day notice withdrawals at any month-end totaling up to 10% of its account balance at the fund's previous fiscal yearend, (plus any capital contributions to the fund during the current year). In addition, the MSIP may make withdrawals from its capital account, of up to 100% of its Agility Global Equities, Agility Fixed Income, and Agility Real Asset holdings, as well as 25% of its Agility Absolute Return holdings, as of any fiscal quarter end, with at least one quarter's prior written notice to the general partner. Further, approximately \$11.6 million and \$7.6 million of MSIP's investment in the Fund is considered illiquid at June 30, 2019 and 2018, respectively, with up to a 10-year lockup period and 1 to 3-year extensions.
- (2) These funds have initial 10-year terms or 12-year terms, unless extended or dissolved sooner in accordance with the limited partnership agreements. Future commitments to these funds approximate \$5,345,000 and \$8,100,000 at June 30, 2019 and 2018, respectively. Private capital and real estate funds are generally made through limited partnerships. Under the terms of such agreements, the MSIP may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The MSUF cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain.
- (3) At June 30, 2019 and 2018, the MSIP invests in four natural resource investments, which have terms ending in 2019, 2022, 2025 and 2026. Investments with lockup periods are subject to one or more one to two-year extensions. Future commitments to these funds approximate \$8,695,000 and \$10,300,000 at June 30, 2019 and 2018, respectively.
- (4) Generally, MSIP's investments in absolute return strategies (or hedge funds) allow early redemption for specified fees. The terms and conditions upon which an investor may redeem an investment vary, usually with the majority requiring 60 days to 12 months' notice after the initial lock up period, which may be from one to three years. At June 30, 2019 and 2018, the MSUF had no absolute return strategy investments for which an otherwise redeemable investment was not redeemable.
- (5) Bulldog Forest properties totaling approximately \$21,608,000 and \$27,806,000 at June 30, 2019 and 2018, respectively, may be held in perpetuity or liquidated at the Foundation's discretion. Other properties are for immediate sale.
- (6) The Foundation currently has no plans to surrender these policies prior to maturity, but cash would be realized in a minimal amount of time if an insurance policy is canceled.

The following table presents MSUF's activities for the years ended June 30, 2019 and 2018 for contributed properties held for investments classified in Level 3:

	 2019	2018
Balance, beginning of year	\$ 33,335,253	27,098,091
Acquisitions	1,068,806	5,442,782
Dispositions	(347,500)	(250,000)
Net realized and unrealized gains	 538,110	1,044,380
Balance, end of year	\$ 34,594,669	33,335,253

For the years ended June 30, 2019 and 2018, the changes in present value of amounts due from externally managed trusts classified as Level 3 are as follows:

	 2019	2018
Balance, beginning of year	\$ 50,702,847	50,228,587
Contributions		881,325
Terminations	(619,478)	(1,771,645)
Change in valuation	 703,924	1,364,580
Balance, end of year	\$ 50,787,293	50,702,847

Notes to Financial Statements

June 30, 2019 and 2018

(e) Net Assets Without Donor Restrictions

Net assets without donor restrictions as of June 30, 2019 and 2018 are as follows:

	 2019	2018
Spendable funds	\$ 12,532,812	15,748,781
Quasi-endowment funds	19,658,949	19,670,908
Net investment in land, buildings and equipment	 10,316,928	8,097,478
	\$ 42,508,689	43,517,167

Quasi-endowment funds are those funds held by the Foundation to function as endowments for the benefit of MSU.

(f) Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes as of June 30, 2019 and 2018:

		2019	2018
Subject to expenditure for specified purpose:			
General college support	\$	10,883,299	11,043,794
Student financial aid		16,613,295	15,833,748
Research		198,651	289,666
Faculty and staff support		374,819	354,293
Facilities		9,909,095	618,663
Other		1,851,167	3,814,716
		39,830,326	31,954,880
Subject to the passage of time and specified purpose:			
Charitable remainder trusts, cash surrender value of life			
insurance, gift annuities and other		15,519,311	15,571,919
Pledges receivable restricted by donors		15,814,926	23,008,178
		31,334,237	38,580,097
Donor restricted endowments subject to spending policy and appropriation to support the following purposes (including net accumulated earnings of approximately \$50,108,000 and \$47,864,000 at June 30, 2019 and 2018, respectively): Subject to endowment spending policy and appropriation: General college support Student financial aid		91,652,973 193,293,683	86,900,650 178,946,678
Research		16,138,355	16,451,965
Faculty and staff support		55,915,805	54,794,344
Facilities		7,730,315	7,724,965
Other		11,045,193	10,141,576
Charitable remainder trusts, gift annuities and other Pledges receivable restricted to endowment by donors		375,776,324 47,584,896 16,435,217	354,960,178 44,559,025 16,916,576
	\$ _	510,961,000	486,970,756

Notes to Financial Statements

June 30, 2019 and 2018

(g) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset compositions by type of fund as of June 30, 2019 and 2018 are as follows:

		2019	
	Without donor restrictions	With donor restrictions	Total
Donor restricted endowment funds Board-designated funds	\$ 19,658,949	375,776,324	375,776,324 19,658,949

Notes to Financial Statements

June 30, 2019 and 2018

(h) Funds with Deficiencies

As a result of market declines for certain recently established endowments, the fair value of certain donor-restricted endowments was less than the historical cost value (original gift/book value) of such funds (underwater) by \$718,576 and \$709,680 at June 30, 2019 and 2018, respectively. These endowments had an original gift value of approximately \$32.9 million and \$26.8 million at June 30, 2019 and 2018, respectively.

Note 24

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Mississippi Foundation

(a) Nature of Organization

The University of Mississippi Foundation (UMF) is a nonprofit, nonstock corporation formed for the benefit of The University of Mississippi (UM). UMF promotes, encourages, and assists educational, scientific, literary, research, and service activities of UM and its affiliates.

(b) Significant Accounting Policies

Basis of Accounting

The UMF financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets with donor restrictions – consist of contributions that have been restricted by the donor for specific purposes or are time restricted, including contributions that the donor stipulate the resources be maintained in perpetuity, but permit UMF to use or expend part or all of the income derived from the donated assets for either specified or unspecified purposes.

Net assets without donor restrictions – represents funds that are available for support of the operations of UMF and that are not subject to donor stipulation.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. UMF considers donor contributions to the various university schools and departments to be included in net assets with donor restrictions as those university units have authority over expenditures. Expenses are reported as decreases in net assets without donor restrictions. When a donor restriction expires or the stated purpose is accomplished, net assets are reclassified as applicable in the statements of activities as net assets released from restriction.

Board-designated net assets are net assets without donor restrictions that are used only for the specific purpose passed by board resolution. Changes to designations require a subsequent board resolution. The President/CEO and other staff of UMF may not change the purpose of any board-designated funds without the consent of the board. These net assets are designated for providing a general operating fund reserve and charitable gift annuity reserve.

Use of Estimates

The UMF prepares its financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Such estimates include the present value discount rates applied to the pledges receivable and liabilities under remainder trusts, allowance for uncollectible pledges, fair market values of certain investments including real estate, partnership and member interests and depreciation of property and equipment. Actual results could differ significantly from those estimates.

Notes to Financial Statements

June 30, 2019 and 2018

UMF's investments are primarily invested in various types of investment securities within many financial markets. Investment securities are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investments

Investments are recorded at fair value. The fair values of all investments other than real estate and partnership and membership interests (which includes pooled investment funds) are based on quoted market prices and other observable inputs such as quoted prices for similar assets, quoted prices in inactive markets or inputs corroborated by observable market data. UMF's partnership and member interests are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2019 and 2018, UMF had no plans or intentions to sell investments at amounts different from NAV. UMF's real estate investments are initially recognized at fair value based on appraised values at the date of receipt and are subsequently carried at fair value. Both realized and unrealized gains and losses are classified in the accompanying statements of activities based on restrictions put in place by the donor.

(c) Pledges Receivable, Net

UMF obtains pledges through fund-raising projects in support of various activities. All pledges are classified as net assets with donor restrictions. A summary of pledges receivable as of June 30, 2019 and 2018 is as follows:

	 2019	2018
Unconditional promises expected to be collected in:		
Less than one year	\$ 14,187,360	12,267,439
One year to five years	38,607,939	41,904,269
More than five years	 28,179,628	31,353,449
	80,974,927	85,525,157
Less unamortized discount (rates ranging		
from 1.6% to 5.1%)	 (11,887,077)	(13,111,238)
	69,087,850	72,413,919
Less allowance for uncollectible pledges	 (2,481,848)	(2,881,202)
	\$ 66,606,002	69,532,717

Notes to Financial Statements

June 30, 2019 and 2018

(d) Investments

Investments, aggregated by investment strategy, consist of the following at June 30, 2019 and 2018:

	 2019	2018
Investment strategy:		
Fixed income:

Real estate owned	 4,079,468	3,919,468
Other short-term investments	22,555,664	8,147,048
Pooled investment funds, at NAV	 408,877,214	332,145,983
Total investments	\$ 524,068,630	489,931,616

The following schedule summarizes net investment income in the statements of activities for the years ended June 30, 2019 and 2018:

	 2019	2018
Dividends and interest, net of expenses	\$ 7,139,600	7,607,958
Net realized and unrealized gains	 15,212,955	26,815,802
	\$ 22,352,555	34,423,760

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are

Notes to Financial Statements

June 30, 2019 and 2018

based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of financial position.

The following tables present the financial assets of UMF carried at fair value by level within the valuation hierarchy as of June 30, 2019 and 2018:

			20	19

Total		261,443,280	248,665,894
Total net assets with donor restrictions	\$ _	563,106,504	528,813,908

Notes to Financial Statements

June 30, 2019 and 2018

(f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset compositions by type of fund as of June 30, 2019 and 2018 are as follows:

			2019	
	-	Without	With	
		donor	donor	
	_	restrictions	restrictions	Total
Donor-restricted endowment funds:

Contributions and transfers to endowment Appropriation of expenditures		(1,692,533)	12,672,947 (11,149,379)	12,672,947 (12,841,912)
Investment return:				
Investment income Net appreciation (depreciation)	_	928,004 (247,335)	11,913,031 1,574,851	12,841,035 1,327,516
Endowment net assets, June 30, 2019	\$	14,271,593	387,084,504	401,356,097

(g) Funds with Deficiencies

As a result of unfavorable volatility in the financial markets, the fair value of assets associated with an individual donor-restricted endowment fund may fall below the total amount of the gifts made to the endowment by the donor. There were no deficiencies at June 30, 2019 or 2018.

Note 25

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Southern Mississippi Foundation

(a) Nature of Organization

The University of Southern Mississippi Foundation (USMF) is a not-for-profit entity organized under the laws of the State of Mississippi to provide support to the University of Southern Mississippi (USM) and its students. USMF depends on the university to provide the staff and facilities for its operations.

Foundation Aviation Holdings, LLC was formed by the USMF in October 2008 as a single member limited liability company. The USMF's consolidated financial statements include the accounts of Foundation Aviation Holdings, LLC.

Notes to Financial Statements

June 30, 2019 and 2018

(b) Significant Accounting Policies

Basis of Accounting

The USMF consolidated financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets without donor restrictions – net assets available for use in general operations and not subject to donor or grantor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

Net assets with donor restrictions – net assets subject to donor or certain grantor-imposed restrictions. Some donorimposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of longlived assets are recognized as restricted revenue when received and release from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless the use of the underlying net asset is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value as of the date of the gift. Contributions to be received after one year are discounted at a rate commensurate with the risks involved. Amortization of the discount is recorded as contribution revenue and recognized in accordance with donor-imposed restrictions, if any, on the contributions. Allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience and other relevant factors.

Income and realized and unrealized gains (losses) on investments of restricted net assets are reported as follows:

- as increases (decreases) in net assets with donor restrictions that are perpetual in nature if the terms of the gift or the foundation's interpretation of relevant state law requires that they be added to the principal of a donorrestricted endowment fund;
- as increases (decreases) in net assets with donor restrictions that are temporary in nature in all other cases and released from restriction when appropriated for expenditure in accordance with donor agreements.

Use of Estimates

The USMF prepares its consolidated financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Actual results could differ significantly from those estimates.

USMF's investments are held in various types of investment securities across a variety of markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes to Financial Statements

June 30, 2019 and 2018

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are recorded at fair value. Hedge funds, real estate investment funds and private equity funds are reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. At June 30, 2019 and 2018, USMF had no plans or intentions to sell investments at amounts different from NAV. Other investments, which consist primarily of a life estate, donated assets and real estate for which the foundation is the owner and beneficiary are recorded at cost. Transactions are accounted for on a trade date basis.

(c) Pledges Receivable, Net

Pledges receivable, net, are summarized as follows for June 30, 2019 and 2018:

	 2019	2018
Unconditional promises expected to be collected in:		
Less than one year	\$ 3,976,656	3,534,626
One year to five years	5,546,812	8,106,193
More than five years	 102	13,755
	9,523,570	11,654,574
Less unamortized discount		
(rates ranging from 0.72% to 3.50%)	 (297,000)	(691,426)
	9,226,570	10,963,148
Less allowance for uncollectible pledges	 (354,694)	(292,000)
	\$ 8,871,876	10,671,148

(d) Investments

Investments, aggregated by investment strategy, consist of the following at June 30, 2019 and 2018:

Notes to Financial Statements

June 30, 2019 and 2018

	 2019	2018
Fixed income:

	\$	5,987,330	6,677,798

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are

Notes to Financial Statements

June 30, 2019 and 2018

intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying consolidated statements of financial position.

The following tables present USMF's financial assets carried at fair value by level within the valuation hierarchy as of June 30, 2019 and 2018:

			20	19

Life estate		44,900
Total	_	11,313,461
Total net assets with donor restrictions	\$	127,417,900

(f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset composition by type of fund as of June 30, 2019 and 2018 is as follows:

Notes to Financial Statements

June 30, 2019 and 2018

		2019	
	Without donor restrictions	With donor restrictions	Total
Donor restricted endowment funds Donor restricted funds functioning	\$ 	91,734,424	91,734,424
as endowments	3,376,611	5,993,369	9,369,980

Notes to Financial Statements

June 30, 2019 and 2018

(g) Funds with Deficiencies

As a result of unfavorable volatility in the financial markets, the fair value of assets associated with an individual donor-restricted endowment fund may fall below the total amount of the gifts made to the endowment by the donor. There were no deficiencies at June 30, 2019. At June 30, 2018, there were 13 endowments that were underwater in the amount of \$539 and this deficiency has been recorded in net assets without donor restrictions.

STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

Notes to Required Supplementary Information (Unaudited)

June 30, 2019 and 2018

1. Net pension liability

(a) Schedule of Proportionate Share of the Net Pension Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net pension liability for its employees who participate in the PERS. The net pension liability is measured as the total pension liability less the amount of the fiduciary net position of the plan. Information related to previous years is not available, therefore, trend information will be accumulated to display a ten-year presentation.

(b) Schedule of Proportionate Share of Contributions to the PERS defined benefit plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Information related to previous years is not available, therefore, trend information will be accumulated to display a ten-year presentation.

(c) Changes of Assumptions and Benefit Terms (pension plan)

There were no changes of assumptions for fiscal year 2019.

Changes of assumptions (2018):

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022;
- The wage inflation assumption was reduced from 3.75% to 3.25%;
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience; and
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.
- In fiscal year 2018, assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

Changes of benefit terms: Amounts reported for fiscal years 2019 and 2018 reflect no changes in benefit terms.

2. Net OPEB liability

(a) Schedule of Proportionate Share of the Net OPEB Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net OPEB liability for its employees who participate in the State and School Employees' Life and Health Insurance Plan. The net OPEB liability is measured as the total OPEB liability less the amount of the fiduciary net position of the plan. Information related to previous years is not available, therefore, trend information will be accumulated to display a ten-year presentation.

(b) Schedule of Proportionate Share of Employer Contributions to the State and School Employees' Life and Health Insurance Plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Information related to previous years is not available, therefore, trend information will be accumulated to display a ten-year presentation.

(c) Changes of Assumptions and Benefit Terms (OPEB plan)

Changes of assumptions (2019): The SEIR was changed from 3.56% for the prior measurement date to 3.89% to the current measurement date.

STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

Notes to Required Supplementary Information (Unaudited)

June 30, 2019 and 2018

Changes of assumptions (2018): The SEIR was changed from 3.01% for the prior measurement date to 3.56% to the current measurement date.

Changes of benefit terms: Amounts reported for fiscal years 2019 and 2018 reflect no changes in benefit terms.

REPORTS ON INTERNAL CONTROL AND COMPLIANCE

(THIS PAGE LEFT BLANK INTENTIONALLY)

CliftonLarsonAllen LLP CLAconnect.com

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the State of Mississippi Institutions of Higher Learning (the IHL System), as of and for the years ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements, and have issued our report thereon dated December 16, 2019March 20, 2020. Our report includes a reference to other auditors who audited the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Educational Building Corporation, the University of Mississippi Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund, as described in our report on State of Mississippi Institutions of Higher Learning's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the IHL System's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the IHL System's internal control. Accordingly, we do not express an opinion on the effectiveness of the IHL System's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the IHL System's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IHL System's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

Report on Compliance for Each Major Federal Program

We have audited State of Mississippi Institutions of Higher Learning (the IHL System)'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the IHL System's major federal programs for the year ended June 30, 2019. The IHL System's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the IHL System's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the IHL System's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the IHL System's compliance.

Opinion on Each Major Federal Program

In our opinion, the IHL System complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2019-001 through 2019-015. Our opinion on each major federal program is not modified with respect to these matters.

The IHL System's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The IHL System's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the IHL System is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the IHL System's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the IHL System's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2019-001 through 2019-015, that we consider to be significant deficiencies.

The IHL System's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The IHL System's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the IHL System as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements. We issued our report thereon dated December 16, 2019, which contained unmodified opinions on those financial statements. We did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Educational Building Corporation, the University of Mississippi Foundation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 10.5%, 1.2% and 1.2% of the assets, net position and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2019, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the above mentioned entities/funds, is based solely on the reports of the other auditors.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards on pages 138 through 169 is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements of the basic financial statements themselves, and other records used to prepare the basic financial statements of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTE 1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the schedule) presents the activity of all federal financial assistance programs administered by the State of Mississippi Institutions of Higher Learning (the IHL System) for the year ended June 30, 2019. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included in the schedule. Federal programs included in the schedule are accounted for using the economic resources measurement focus and the accrual basis of accounting, which is described in Note 1 to the IHL System's financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The schedule was prepared using the same basis of accounting and significant accounting policies, as applicable, used by the IHL System in the preparation of its financial statements with the following exceptions:

- For purposes of the schedule, loans advanced from the Federal Perkins Loan Program (CFDA #84.038) are presented as federal expenditures. These loans are not reported as expenditures on the IHL System's financial statements, but as an increase in notes receivable. The outstanding loan balances and the allowance for uncollectible amounts for the loan programs at June 30, 2018, are presented in Note 4 to the financial statements.
- For purposes of this schedule, loans made to students under the Federal Direct Student Loan Program (CFDA #84.268) are presented as federal expenditures. Neither the funds advanced to students, nor the outstanding loan balance is included in the IHL System's financial statements since the loans are made and subsequently collected by private lending institutions and/or the federal government.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Pass-through entity identifying numbers are presented where available.
- B. The IHL System charges indirect costs based on a negotiated agreement and has not elected to use the 10% de minimis indirect cost rate as outlined in the Uniform Guidance.

NOTE 3 GRANTORS' RIGHT TO AUDIT

Expenditures related to federal grants and contracts are subject to adjustment based upon review by the granting agencies. Amounts of expenditures that granting agencies might disallow cannot be determined at this time. These amounts affect government grants and contract revenue as well as facilities and administrative cost recovery. The IHL System would not expect these costs to influence its financial position or the schedule significantly.

NOTE 4 STUDENT LOAN PROGRAMS

During the year ended June 30, 2019, the IHL System processed the following amount of new loans under the Federal Direct Lending Program.

CFDA Number	Program Name	Loan Expenditures
84.268	Federal Direct Lending	\$490,167,016

In addition, the IHL System administers a series of loan programs as part of the Student Financial Assistance Cluster program. Loan balances subject to continuing compliance requirements during the year ended June 30, 2019 under the Federal Perkins Loan (Perkins), Health Professions Student Loans (HPSL) and Nursing Faculty Loan (NFLP) programs were as follows:

	Perkins (84.038)	HPSL (93.342)	NFLP (93.264)
Beginning loan balances	\$52,729,683	\$1,833,934	\$1,146,556
New loans issued	-	472,473	203,417
Federal capital contributions	-	-	-
Administrative cost allowance	<u>237,674</u>		-
Total	\$52,967,357	\$2,306,407	\$190,243
Outstanding loan balances	\$52,488,434	\$2,000,629	\$1,221,824

Section II – Financial Statement Findings

Our audit did not disclose any matters required to be reported in accordance with Government Auditing Standards.

Section III – Findings and Questioned Costs – Major Federal Programs

2019 - 001: Overaward of Financial Aid

Federal agency: Federal program title:	U.S. Department of Education Student Financial Aid Cluster
CFDA Number:	84.268, 84.063, 84.007
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU), Mississippi University for Women (MUW)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 673.5, states that students may not be awarded need based aid in excess of their calculated need.

Condition: Students were awarded aid in excess of their calculated need.

Questioned costs:

- <u>ASU</u> The amount of questioned costs cannot be determined.
- <u>MUW</u> The amount of questioned costs cannot be determined.

Context: This condition occurred for two out of 85 students tested in our statistically valid sample as follows:

- <u>ASU</u> One student was disbursed a Subsidized loan greater than the eligible amount.
- MUW One student was disbursed Pell and SEOG awards to a student ineligible for such award types.

Cause:

- <u>ASU</u> Information on FAFSA stated that student was working on a 1st Bachelor's degree and a 5th year undergraduate student. The student had senior classification hours, but was enrolled in the Associate Degree Nursing (ADN) program. An ADN program student can only receive loans up to a sophomore loan level not a junior/senior level. Therefore, the loan was overawarded because student received the loan at a junior/senior level.
- <u>MUW</u> The FAFSA that was used to award the student did not have prior bachelor's degree marked. When batch awarding in Banner the student was awarded Pell and SEOG.

Effect: Students were not correctly awarded financial aid.

Repeat Finding: No

Recommendation: We recommend the applicable campuses review their procedures for awarding financial aid. In particular, ASU should ensure that students are awarded correctly based on student's grade level. MUW should ensure that it has a process to identify students with a prior bachelor's degree at the time of award.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 002: Credit Balances

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.063, 84.268, 84.379
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU), Jackson State University (JSU)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.164(e) states, "Whenever an institution disburses Title IV, HEA program funds by crediting a student's account and the total amount of all Title IV, HEA program funds credited exceeds the amount of tuition and fees, room and board, and other authorized charges the institution assessed the student, the institution must pay the resulting credit balance directly to the student or parent as soon as possible but—

(1) No later than 14 days after the balance occurred if the credit balance occurred after the first day of class of a payment period; or

(2) No later than 14 days after the first day of class of a payment period if the credit balance occurred on or before the first day of class of that payment period.

Condition: The institution did not return credit balances to the students within the 14 day requirement.

Questioned costs: None

Context: This condition occurred for three out of 85 students tested in our statistically valid sample as follows:

- <u>ASU</u> One student's credit balance was returned at 15 days.
- <u>JSU</u> Two students' credit balances were returned at 15 and 16 days, respectively.

Cause:

- <u>ASU</u> According to the report, a student refund was refunded on the 15th day. After reviewing the information, the student account was overlooked during the refund process. Therefore, an oversight on the account occurred.
- <u>JSU</u> Title IV Fund were disbursed January 29, 2019. Problems occurred transitioning to the new 1098T printing format providing payment information for the first time caused delays in the same personnel processing refunds at that time.

Effect: Students were not receiving federal funds in a timely manner as required.

Repeat Finding: No

Recommendation: We recommend that the applicable campuses review and revise their current processes in place to ensure that student credit balances arising from federal funds are refunded within the required 14 days.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 003: Notification of Disbursements

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.268
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Delta State University (DSU), Mississippi University for Women (MUW), Mississippi
	Valley State University (MVSU)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.165(a)(2) requires notification be sent to students no earlier than 30 days before the disbursement and no later than 7 days after the Direct Loans are disbursed to their accounts.

Condition: The institutions failed to notify students of disbursements of loan funds.

Questioned costs: None

Context: This condition occurred for four out of 85 students tested in our statistically valid sample as follows:

- <u>DSU</u> One student was not notified of loan disbursement.
- <u>MUW</u> Two students were not notified of loan disbursements.
- MVSU One student was not notified of loan disbursement.

Cause:

- <u>DSU</u> There was an oversight in the student's account, as the notifications are sent via an electronic process based on a specific date range. The process was completed early in the day, but the loan was disbursed later. When the notification process was conducted again, the following date was used, which caused this student's file to be excluded from that selection group.
- <u>MUW</u> During the 2018-2019 award year, the Financial Aid office lost three of its five staff members. These two students did not receive the disbursement notification during this time due to being short staffed. This process was overlooked at that time.
- <u>MVSU</u> Mississippi Valley State University did not have consistent disbursement notification processes in place to properly notify students of disbursement of loan funds and their right to cancel.

Effect: Students were not aware of when their federal aid was disbursed and therefore may not be able to exercise their right to return loan funds.

Repeat Finding: No

Recommendation: We recommend the applicable campuses review and strengthen their procedures for notifying students of their Direct Loan disbursements within the required time frame and that documentation of the letters sent is maintained.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 004: Exit Counseling

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.268
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Delta State University (DSU), Mississippi University for Women (MUW)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 685.304 requires exit counseling for all students who cease at least half-time study at the school within 30 days after the school learns that the student has withdrawn from school.

Condition: Students did not receive the notification to participate in and complete the required exit counseling.

Questioned costs: None

Context: This condition occurred for two out of 85 students tested in our statistically valid sample as follows:

- <u>DSU</u> One student who withdrew did not receive the exit counseling notification.
- <u>MUW</u> One student who withdrew did not receive the exit counseling notification.

Cause:

- <u>DSU</u> The process was run prior to the adjustment of the student's record, so the exit counseling requirement was not added.
- <u>MUW</u> During the 2018-2019 award year, the Financial Aid office lost three of its five staff members. These
 two students did not receive the disbursement notification during this time due to being short staffed. This
 process was overlooked at that time.

Effect: Students did receive the proper loan counseling which may contribute to a higher default rate.

Repeat Finding: No

Recommendation: We recommend the applicable campuses review its processes for sending exit counseling information to ensure students are receiving proper counseling occurs within the required timeframe.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 005: Fiscal Operations Report and Application to Participate (FISAP) Reporting

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.063, 84.268, 84.379
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Delta State University (DSU), Jackson State University (JSU)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.24(e)(i) requires an institution to maintain records to support the data contained in the FISAP.

Condition: The documents retained by the applicable campuses to support amounts included in the FISAP did not agree to the FISAP.

Questioned costs: None

Context: The FISAP for the award year July 1, 2018 through June 30, 2019 contained the following errors:

- DSU Part III. Section C. line 1.1, column (c) did not agree to supporting documentation.
- <u>JSU</u> Part VI. Section A. lines 25 and 26 did not agree to supporting documentation.

Cause:

- <u>DSU</u> In completing the data entry, the wrong amount was reported and not captured in review. No validation message received from the FISAP system to confirm error.
- JSU The RORSF19 successfully ran with the correct data; however it was not recorded on the FISAP.

Effect: The information in the FISAP is utilized to assist in the awarding of future awards and incorrect data could negatively impact future awards.

Repeat Finding: No

Recommendation: We recommend the applicable campus revise procedures to ensure that records retained support the amounts reported on the FISAP and include a supervisory review by someone other than the preparer.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019-006: COD Reporting

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.268
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	University of Mississippi Medical Center (UMMC)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 685.309, requires an institution to report the disbursement dates and amounts to the Common Origination and Disbursement (COD) system within 15 days of disbursing Direct Loan funds to a student.

Condition: The disbursement date reported to COD did not agree to the disbursement date per the student's ledger.

Questioned costs: None

Context: This condition occurred for three of 85 disbursements tested in our statistically valid sample. The disbursement date in COD was reported as 1/17/19, but the student ledger reported the disbursements on 1/18/19.

Cause: UMMC currently has separate financial aid and student systems that make disbursement of funds a two-step process which is not currently automated. In the disbursements tested the disbursement process was setup in Financial Aid system on 1/17/2019 but due to responsible person being out of the office the funds were not disbursed in student system until 1/18/2019.

Effect: Interest accrual calculations for loan servicing may not be calculated correctly.

Repeat Finding: No

Recommendation: We recommend the applicable campus evaluate its process for reporting disbursements to COD to ensure that student information is reported accurately.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 007: NSLDS Error Reporting

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU), Delta State University (DSU), Jackson State
	University (JSU), Mississippi State University (MSU), Mississippi Valley State University (MVSU), University of Southern Mississippi (USM)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: All schools participating (or approved to participate) in the Federal Student Aid programs must have an arrangement to report student enrollment data to the NSLDS through a Roster file. Rosters must be returned within 15 days and any subsequent error records must be returned within 10 days (34CFR section 682.610).

Condition: National Student Loan Data System (NSLDS) rosters yielded error records that were not corrected and resubmitted within the required 10 days.

Questioned costs: None

Context: For 12 out of 12 months at each applicable campus, errors remained that were not corrected in the enrollment file within the required timeframes.

Cause:

- <u>ASU</u> There was not a process in place to review the second set of error reports.
- <u>DSU</u> Due to change in management and turnover in office, there was a lack of conveying institutional knowledge and processes to the new Registrar.
- <u>JSU</u> There was a timing issue with the students identified and the Registrar is reviewing to determine what steps we need in place to identify and correct these issues in order to ensure compliance.
- <u>MSU</u> There was insufficient training on how to correct and resubmit rejected records within the required timeframe.
- <u>MVSU</u>- Technical issues stemming from various sources: While attempting to correct errors and submit them on the NSCH website, the system would just spin as if it's stuck in processing. Error numbers increased tremendously; therefore, we collaborated with NSCH representatives and our IT department on several occasions in an effort for a resolution.
- <u>USM</u> Registrar office is responsible for reporting enrollment via the clearing house. They received the error reports after each transmission and were working the error via the clearing house online portal. It was later discovered that the clearing house portal contains two different error reports and at the time only one was being worked. Based on this discovery the registrar is now sending the second error report to the financial aid office for assistance with correcting the errors via NSLDS website.

Effect: Student enrollment statuses may not be correctly or timely reported to the NSLDS.

Repeat Finding: No

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 007: NSLDS Error Reporting (Continued)

Recommendation: We recommend the applicable campuses review their reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS and the requisite response to error records occurs within the 10 day time period.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 008: Outstanding Student Refund Checks

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.063, 84.268, 84.379, 93.342
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU), Delta State University (DSU), Mississippi University
	for Women (MUW), University of Mississippi (UM)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.164(h)(2) states that an institution that attempts to disburse funds by check and the check is not cashed, the institution must return the funds to the Secretary no later than 240 days after the check issuance date.

Condition: Student refund checks remained uncashed for greater than 240 days and were not returned to the Secretary as of June 30, 2019.

Questioned costs:

- <u>ASU</u> Known questioned costs of \$2,220.00 were determined, which represents the total amount of checks outstanding to students greater than 240 days.
- <u>DSU</u> Known questioned costs of \$7,752.80 were determined, which represents the total amount of checks outstanding to students greater than 240 days.
- <u>MUW</u> Known questioned costs of \$39,850.30 were determined, which represents the total amount of checks outstanding to students greater than 240 days.
- <u>UM</u> None

Context: This condition occurred for 37 out of 158 total checks tested by campus as follows: one check at ASU, two checks at DSU, 33 checks at MUW, and one check at UM.

Cause:

- <u>ASU</u> The refund check that wasn't returned within 240 days was an oversight. Checks are normally cashed or returned within the timeframe specified.
- <u>DSU</u> Due to change in personnel, there was oversight in verifying this process was completed.
- <u>MUW</u> The Financial Aid Office and University Accounting were not tracking this requirement.
- <u>UM</u> The parent refund check in the amount of \$6,414.26 identified as part of audit procedures performed was inadvertently not returned within the required time by the University of Mississippi (UM). The check has since been cashed by the recipient and cleared the UM's bank on February 25, 2020.

Effect: Financial aid funds are not returned to the Secretary in a timely manner.

Repeat Finding: No

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 – 008: Outstanding Student Refund Checks (Continued)

Recommendation: We recommend that the applicable campuses review their procedures related to outstanding student refund checks to ensure they are being returned to the Department of Education after 240 days.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 009: Gramm-Leach-Bliley Act

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.342, 93.264
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU), Delta State University (DSU), Jackson State
	University (JSU), Mississippi University for Women (MUW), Mississippi Valley State University (MVSU)

Criteria or specific requirement: The Gramm-Leach-Bliley Act (Public Law 106-102) requires financial institutions to explain their information-sharing practices to their customers and to safeguard sensitive data. (16 CFR 314) The Federal Trade Commission considers Title IV-eligible institutions that participate in Title IV Educational Assistance Programs as "financial institutions" and subject to the Gramm-Leach-Bliley Act (16 CFR 313.3(k)(2)(vi).

Condition: Under an institution's Program Participation Agreement with the Department of Education and the Gramm-Leach-Bliley Act, schools must protect student financial aid information, with particular attention to information provided to institutions by the Department or otherwise obtained in support of the administration of the federal student financial aid programs.

Questioned costs: None

Context: The applicable campus did not designate an individual to coordinate the information security program; perform a risk assessment that addresses the three areas noted in 16 CFR 314.4 (b) which are (1) Employee training and management; (2) Information systems, including network and software design, as well as information processing, storage, transmission and disposal; and/or (3) Detecting, preventing and responding to attacks, intrusions, or other systems failures and document safeguards for identified risks as follows:

	Noncompliance with requirement:		
Applicable Campus	#1	#2	#3
ASU	~	<	~
DSU	~	<	~
JSU	~	~	~
MUW	~	✓	~
MVSU	~	>	✓

Cause:

- <u>ASU</u> Although the University has an information security team that meets to publish, review and enforce PII protection, the group's organization and scope does not fulfill the requirements set forth in the Gramm-Leach-Bliley Act as reviewed by the Department of Education.
- <u>DSU</u> Due to sensitive nature of the information being requested, not all the information was sent electronically to the auditors for review.
- <u>JSU</u> Our IT Department has identified the missing language to this act and will be meeting with the various offices to update language in order to ensure compliance.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 009: Gramm-Leach-Bliley Act (Continued)

- <u>MUW</u> MUW's CIO is the individual ultimately responsible for the information security program with different elements of the security program carried out by direct reports. The CIO job description does not state the responsibility, but the Director of Information Systems, Director of Systems and Networks, and Assistant Director of Systems and Networks each are responsible for different elements of the program. Cyber Security employee training is an ongoing effort through campus meetings and the use of InfoSec training. MUW has not done a good job of creating a centralized document to address each of the areas noted in 16 CFT 314.4.
- <u>MVSU</u> Mississippi Valley State University does not have a university wide risk assessment policy and procedure to ensure that risk safeguards are conducted and documented to show that student financial information is not compromised from all pertinent areas within the University.

Effect: Personal student information could be vulnerable.

Repeat Finding: No

Recommendation: For those campuses noncompliant with requirement #1, we recommend designating an individual to oversee the information security function. For those campuses noncompliant with requirement #2, we recommend performing the risk assessment for the three areas required by the Gramm-Leach-Bliley Act, which may require engaging a third party. For those campuses noncompliant with requirement #3, we recommend ensuring that there are documented safeguards for identified risks.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 – 010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Federal agency: Federal program title: CFDA Number: Award Period: Type of Finding: Applicable Campus(es): U.S. Department of Education Student Financial Aid Cluster 84.007, 84.033, 84.063, 84.268, 84.379, 93.264 July 1, 2018 to June 30, 2019 Significant Deficiency in Internal Control Over Compliance, Other Matters Alcorn State University (ASU), Delta State University (DSU), Jackson State University (JSU), Mississippi University for Women (MUW), Mississippi Valley State University (MVSU), University of Southern Mississippi (USM)

Criteria or specific requirement: Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.22(f)(2)(i), states that scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in a payment period or period of enrollment and the number of calendar days completed in that period.

Condition: The applicable campuses did not correctly calculate the amount of break days during a semester resulting in incorrect percentage of Title IV aid earned during the period for return of funds. In addition, ASU and JSU used the incorrect last day of term.

Questioned costs:

- <u>ASU</u> None
- <u>DSU</u> The amount of questioned costs cannot be determined.
- JSU The amount of questioned costs cannot be determined.
- <u>MUW</u> The amount of questioned costs cannot be determined.
- MVSU None
- <u>USM</u> The amount of questioned costs cannot be determined.

Context: R2T4 calculations were incorrect for 22 of 85 calculations selected for testing in our statistically valid sample as follows:

- <u>ASU</u> Two calculations used the wrong number of break days. For one of those two calculations, the last day of term date was incorrect. These errors had no impact on the refund amounts.
- <u>DSU</u> Eleven calculations used the wrong number of break days.
- <u>JSU</u> One calculation used the wrong number of break days. For the same calculation, the last day of term date was incorrect.
- <u>MUW</u> Two calculations used the wrong number of break days.
- <u>MVSU</u> One calculation used the wrong number of break days. These errors had no impact on the refund amounts.
- <u>USM</u> Five calculations used the wrong number of break days.

Cause:

• <u>ASU</u> - The number of days for the academic term and the numbers of days to exclude from the return calculation was determined incorrectly.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation (Continued)

- <u>DSU</u> The information is pre-set in the computer system, but verification of the correct number of days used was not completed prior to calculating the R2T4.
- <u>JSU</u> \$125 Course Materials/Book Fees were not initially included in the calculation of R2T4 as an institutional charge.
- <u>MUW</u> The number of break days were not counted correctly when setting up the dates in the R2T4 software.
- <u>MVSU</u> Mississippi Valley State University did not include weekend days in R2T4 calculations for break days during the semester.
- <u>USM</u> The fall 2019 calendar setup in the PeopleSoft enterprise system was not correctly input for the fall thanksgiving break. The financial aid office did not have access to the system pages in PeopleSoft and was not aware of the setup error. When made aware of the setup error, the financial aid office requested and was granted access to setup the holiday/breaks setup pages in PeopleSoft. The director and assistant director of financial aid will now be responsible to the input of the calendar in PeopleSoft and will update immediately once the academic calendar is approved or updated each academic year.

Effect: The students' return of funds were not calculated correctly and funds were not being returned to the program for the correct amount.

Repeat Finding: No

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 011: NSLDS Enrollment Reporting

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Mississippi State University (MSU), Mississippi Valley State University (MVSU),
	University of Southern Mississippi (USM), University of Mississippi Medical Center
	(UMMC)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: All schools participating (or approved to participate) in the Federal Student Aid programs must have an arrangement to report student enrollment data to the NSLDS through a Roster file (formerly called the Student Status Confirmation Report or SSCR). The School is required to report changes in the student's enrollment status, the effective date of the status and an anticipated completion date. Changes in enrollment to less than half-time, graduated, or withdrawn status must be reported within 30 days. However, if a Roster file is expected within 60 days, you may provide the data on that Roster file (34CFR section 682.610).

Condition: MSU, MVSU and USM incorrectly reported the enrollment status of students to the NSLDS. Additionally, USM did not report the enrollment status within the required 30/60 day timeframe. UMMC reported the incorrect effective date of the status.

Questioned costs: None

Context: This condition occurred for four out of 85 status changes selected for testing in our statistically valid sample as follows:

- <u>MSU</u> One student's status was reported incorrectly.
- <u>MVSU</u> One student's status change was not made within the required timeframe.
- <u>USM</u> One student's status was reported incorrectly. This same student had graduated and the change was not made within the required timeframe.
- <u>UMMC</u> One student's effective withdrawal date was reported incorrectly.

Cause:

- <u>MSU</u> Our software platform (Ellucian) ran a process called SFRTMST that only updated the student's enrollment status if it had changed before creating the clearinghouse file. We did not have a duplicate check in place for this process. Based on an extensive review of the individual student in question and new safeguards we have put in place since August 2019, we believe this was an isolated incident.
- <u>MVSU</u> Technical issues stemming from various sources: While attempting to correct errors and submit them on the NSCH website, the system would just spin as if it's stuck in processing. Error numbers increased tremendously; therefore, we collaborated with NSCH representatives and our IT department on several occasions in an effort for a resolution.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 011: NSLDS Enrollment Reporting (Continued)

- <u>USM</u> The student in question was an online student. The registrar office discovered in Fall 2019 that the process pulling the student enrollment information was not pulling all online campus students. The registrar office made the correction to the process and all campuses are being pulled for all students.
- <u>UMMC</u> The leave request for student tested was completed on 10/9/2018 but the status start date was entered into student system effective the last date of attendance. The report sent to Clearinghouse pulled the incorrect date out of student system causing the issue cited.

Effect: The NSLDS system is not updated with the student information which may cause over awarding should the student transfer to another institution and the students may not properly enter the repayment period.

Repeat Finding: No

Recommendation: We recommend the applicable campuses review its reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS as required by regulations.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 – 012: Eligibility and Certification Approval Report (ECAR) Updates

Federal agency: Federal program title: CFDA Number: Award Period: Type of Finding: Applicable Campus(es):

U.S. Department of Education Student Financial Aid Cluster 84.007, 84.033, 84.038, 84.063, 84.268 July 1, 2018 to June 30, 2019 Significant Deficiency in Internal Control Over Compliance, Other Matters Mississippi University for Women (MUW)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR Section 600.21 requires the institution to report to the Secretary any changes to the Institutional Eligibility application with 10 days of the date the change occurred.

Condition: The institution's ECAR contained out-of-date school contact information for a change in the Vice President of Finance and Administration.

Questioned costs: None

Context: This condition occurred for one item in the institution's ECAR.

Cause: The Financial Aid Office Director had forgotten to update the Vice President of Finance and Administration on the ECAR.

Effect: The Department of Education is not provided with required information in a timely manner.

Repeat Finding: No

Recommendation: We recommend that MUW review its procedures related to Institutional Eligibility and ECAR updates to ensure changes are updated/reported in a timely manner.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 013: Late Return of Title IV (R2T4) Calculation

Federal agency: Federal program title:	U.S. Department of Education Student Financial Aid Cluster
CFDA Number:	84.268
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	University of Southern Mississippi (USM)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 668.22(j) states that an institution must return the amount of Title IV funds for which it is responsible no later than 45 days after the date of the institution's determination that the student withdrew.

Condition: The return of funds did not occur within the required 45 day timeframe.

Questioned costs: None

Context: This condition occurred for one of 85 R2T4 calculations selected for testing in our statistically valid sample.

Cause: This was a late administrative withdrawal that was not processed by the registrar until March 13th, who determined the withdrawal date based on student paperwork as February 28. The financial aid counselor responsible for R2T4 calculations processing runs the reports weekly to bi-weekly depending on work volume. The adjustments to the award was made in Peoplesoft on 5/2 and corrections were not transmitted until 5/3. The financial aid counselor has been instructed to run the return report more frequently to ensure better timing.

Effect: Federal funds were not returned to the program in a timely manner.

Repeat Finding: No

Recommendation: We recommend USM review its procedures for returning funds and make necessary changes to ensure that funds are returned within 45 days of the date of determination.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 - 014: Direct Loan Reconciliations

Federal agency:	U.S. Department of Education
Federal program title:	Student Financial Aid Cluster
CFDA Number:	84.268
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Delta State University (DSU)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, 34 CFR 685.300(b)(5) requires the institution on a monthly basis, to reconcile the institutional records with the Direct Loan funds received from the Secretary and the Direct Loan disbursement records submitted to and accepted by the Secretary.

Condition: Direct loan reconciliations between the COD, G5 and student accounts were not performed for the year.

Questioned costs: None

Context: This condition occurred for all 12 months of the year. A year-end reconciliation was not conducted as of the date of this report.

Cause: Due to the other responsibilities of management and limited time, this task was not completed on a regular basis.

Effect: Institution is not complying with federal requirements to ensure funds are properly reconciled and amounts may not be recorded or tracked properly.

Repeat Finding: No

Recommendation: DSU should ensure all necessary employees receive proper training, support, and time to follow the federal requirements related to monthly reconciliations.

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2019 – 015: Period of Performance

Federal agency:	U.S. Department of Agriculture
Federal program title:	ASU Extension at 1890 Land Grant Colleges
CFDA Number:	10.500
Award Period:	July 1, 2018 to June 30, 2019
Type of Finding:	Significant Deficiency in Internal Control Over Compliance, Other Matters
Applicable Campus(es):	Alcorn State University (ASU)

Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: The Code of Federal Regulations, Per 2 CFR 200.309, A non-Federal entity may charge to the Federal award only allowable costs incurred during the period of performance and any costs incurred before the Federal awarding agency or pass-through entity made the Federal award that were authorized by the Federal awarding agency or pass-through entity.

Condition: The University incorrectly charged amounts to the grant that were incurred after the end of the grant period.

Questioned costs: The amount of questioned costs cannot be determined.

Context: This condition occurred for one of 10 transactions selected for testing in our statistically valid sample from amounts charged to the grants in the last month of the grant and any periods after the end of the grant.

Cause: The initial travel was charged to State Ag Extension, Fund 100000 130300 03 and was later changed/charged to Fund 330135 130303 03 (I0376284) without Grants and Contracts approval – see Travel request form, section Grants signature. Thereby, our office was not aware of the changes.

Effect: Unallowable amounts are charged to the grant which are incurred outside of the period of performance.

Repeat Finding: No

Recommendation: We recommend that the University review its procedures for recording changes made to amounts previously recorded and ensure that the requisite Grants and Contracts approvals are obtained.

Office of the Director of Student Financial Aid www.alcorn.edu

ALCORN STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

Alcorn State University respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019-001: Overaward of Financial Aid

Student Financial Aid Cluster - CFDA No. 84.268, 84.063, 84.007

Recommendation: We recommend the applicable campuses review their procedures for awarding financial aid. In particular, ASU should ensure that students are awarded correctly based on student's grade level.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Students enrolled in the Associate Degree Nursing Program will be reviewed every semester to ensure that they are awarded only on a freshman or sophomore grade level. This additional review will ensure that students are not overawarded.

Name(s) of the contact person(s) responsible for corrective action: Juanita Edwards

Planned completion date for corrective action plan: August 20, 2019

www.alcorn.edu

ALCORN STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019-002: Credit Balances

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend that the applicable campuses review and revise their current processes in place to ensure that student credit balances arising from federal funds are refunded within the required 14 days.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: To prevent an oversight during the refund process, a second report was created to assure each student refund is processed in the respected time frame.

Name(s) of the contact person(s) responsible for corrective action: Latonia Patterson

Planned completion date for corrective action plan: July 12, 2019

U.S. Department of Education

2019-007: NSLDS Error Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review their reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS and the requisite response to error records occurs within the 10 day time period.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Communication and collaboration with Clearinghouse to resolve all errors for each submission to NSLDS.

Name(s) of the contact person(s) responsible for corrective action: Tracee T. Smith

Planned completion date for corrective action plan: Implementing Immediately

Alcorn State University

Office of the Director of Student Financial Aid www.alcorn.edu

ALCORN STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019-008: Outstanding Student Refund Checks

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend that the applicable campuses review their procedures related to outstanding student refund checks to ensure they are being returned to the Department of Education after 240 days.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: All student refunds payments are sent as a direct deposit.

Name(s) of the contact person(s) responsible for corrective action: Cora Fuller

Planned completion date for corrective action plan: July 1, 2019

U.S. Department of Education

2019-09: Gramm-Leach-Bliley Act

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: For those campuses noncompliant with requirement #1, we recommend designating an individual to oversee the information security function. For those campuses noncompliant with requirement #2, we recommend performing the risk assessment for the three areas required by the Gramm-Leach-Bliley Act, which may require engaging a third party. For those campuses noncompliant with requirement #3, we recommend ensuring that there are documented safeguards for identified risks.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: (1) The information security team will appoint a named member responsible for ensuring compliance with the Gramm-Leach-Bliley Act. (2) The university will provide evidence of recent audits relating to information systems, hardware, network access and management. (3) The information security team will update and provide a copy of the Intrusion Detection and Response Plan.

Name(s) of the contact person(s) responsible for corrective action: Desmond L. Stewart

Planned completion date for corrective action plan: May 20, 2020

Alcorn State University

Office of the Director of Student Financial Aid www.alcorn.edu

ALCORN STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019-010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Actions taken when determining the length of a schedule break are:

- 1. Determine the number of day classes would be held in the school academic semester;
- 2. Determine the last day that class is held before the schedule break, the next day is the first day of the scheduled break;
- 3. The last day of the scheduled break is the day before the next class is held; and
- 4. When classes end on a Friday and do not resume until Monday following a one-week break, both weekends (four days) and the five weekdays would be excluded from the return calculation.

Name(s) of the contact person(s) responsible for corrective action: Sallie R. McMillian

Planned completion date for corrective action plan: Corrective action plan was completed on August 15, 2019.

If the U.S. Department of Education has questions regarding this plan, please call Juanita Edwards at (601) 877-6112.

DELTA STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

Delta State University respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 – June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019-003: Notification of Disbursements

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: We recommend the applicable campuses review and strengthen their procedures for notifying students of their Direct Loan disbursements within the required time frame and that documentation of the letters sent is maintained.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The loan disbursement notification is processed each Friday afternoon to include all loans which have been disbursed throughout the week. By having a consistent date and time for running the process, all disbursed loans should be accounted for within the process.

Name(s) of the contact person(s) responsible for corrective action: Megan Smith, Director of Financial Aid

Planned completion date for corrective action plan: March 1, 2020

U.S. Department of Education

2019-004: Exit Counseling

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: We recommend the applicable campuses review its processes for sending exit counseling information to ensure students are receiving proper counseling occurs within the required timeframe.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: A comparison report is being used to compare students who have been identified through the system as needing exit counseling against those who have withdrawn (officially or unofficially), graduated, or failed to enroll for subsequent semesters to ensure they have received the required notification.

Name(s) of the contact person(s) responsible for corrective action: Megan Smith, Director of Financial Aid

DELTA STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Planned completion date for corrective action plan: March 1, 2020

U.S. Department of Education

2019-005: Fiscal Operations Report and Application to Participate (FISAP) Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campus revise procedures to ensure that records retained support the amounts reported on the FISAP and include a supervisory review by someone other than the preparer.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Information entered for the FISAP Perkins section will be reviewed by both the Perkins Loan Collector and Director of Student Business Services before the final report is submitted.

Name(s) of the contact person(s) responsible for corrective action: Megan Smith, Director of Financial Aid

Planned completion date for corrective action plan: October 1, 2020

U.S. Department of Education

2019-007: NSLDS Error Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268

Recommendation: We recommend the applicable campuses review their reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS and the requisite response to error records occurs within the 10 day time period.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: A staff member has been tasked with the responsibility of reporting and correcting files sent to the National Student Clearinghouse within the specified timeframe. If needed, a record can be updated directly into NSLDS with assistance from the Director of Financial Aid.

Name(s) of the contact person(s) responsible for corrective action: Emily Dabney, Registrar

Planned completion date for corrective action plan: January 1, 2020

U.S. Department of Education

2019-008: Outstanding Student Refund Checks

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend that the applicable campuses review their procedures related to outstanding student refund checks to ensure they are being returned to the Department of Education after 240 days.

DELTA STATE UNIVERSITY

DELTA STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Policies and procedures have been created and implemented to ensure University Accounting reviews the outstanding checks and federal funding is returned within the required timeframe.

Name(s) of the contact person(s) responsible for corrective action: Kelvin Davis, Director of Student Business Services

Planned completion date for corrective action plan: June 30, 2020

U.S. Department of Education

2019-009: Gramm-Leach-Bliley Act

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268,

Recommendation: For those campuses noncompliant with requirement #1, we recommend designating an individual to oversee the information security function. For those campuses noncompliant with requirement #2, we recommend performing the risk assessment for the three areas required by the Gramm-Leach-Bliley Act, which may require engaging a third party. For those campuses noncompliant with requirement #3, we recommend ensuring that there are documented safeguards for identified risks.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Policies and procedures will be reviewed to ensure they comply with the necessary requirements outlined in the Gramm-Leach-Bliley Act.

Name(s) of the contact person(s) responsible for corrective action: Edwin Craft, Chief Information Officer

Planned completion date for corrective action plan: June 30, 2020

U.S. Department of Education

2019-010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The dates used in the R2T4 calculation will be reviewed by both the Director of Financial Aid and Registrar to ensure that the days calculated are correct. The staff member processing R2T4 will review the calculation of days each time to ensure accuracy.

Name(s) of the contact person(s) responsible for corrective action: Megan Smith, Director of Financial Aid

DELTA STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Planned completion date for corrective action plan: June 30, 2020

U.S. Department of Education

2019-014: Direct Loan Reconciliations

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: DSU should ensure all necessary employees receive proper training, support, and time to follow the federal requirements related to monthly reconciliations.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: A staff member has been tasked with loan reconciliation to ensure the process is completed on a monthly basis.

Name(s) of the contact person(s) responsible for corrective action: Megan Smith, Director of Financial Aid

Planned completion date for corrective action plan: March 1, 2020

If the U.S. Department of Education has questions regarding this plan, please call Megan Smith at 662-846-4670.

JACKSON STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

Jackson State University respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019-002: Credit Balances

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268, 84.379

Recommendation: We recommend that the applicable campuses review and revise their current processes in place to ensure that student credit balances arising from federal funds are refunded within the required 14 days.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: It is the intent and practice of Jackson State University to disburse and refund federal aid funds to students and parents within the 14-day regulatory time frame after the credit balance is established on the student account. To ensure that credit balance payments are issued within 14 days, the University has developed a report to display the credit balance posting deadline for each student account. The report includes the Aid Year, Term, Effective Date, ID, Student Name, Detail Code, Amount, Balance and Refund Post Due Date.

Name(s) of the contact person(s) responsible for corrective action: Cornelius A. Antwine

Planned completion date for corrective action plan: 03-24-2020

U.S. Department of Education

2019 - 005: Fiscal Operations Report and Application to Participate (FISAP) Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268, 84.379

Recommendation: We recommend the applicable campus revise procedures to ensure that records retained support the amounts reported on the FISAP and include a supervisory review by someone other than the preparer.

JACKSON STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: It is the intent and practice of Jackson State University to input and verify all documents before submitting the FISAP. The University will establish a FISAP review team consisting of employees within the Business Office, Grants and Contracts and Financial Aid. This team will be charged with reviewing the accuracy of information reported prior to submission.

MISSISSIPPI STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Action taken in response to finding: The Ellucian process SFRTMST has been changed to ALWAYS update the time status regardless of whether it had changed. This process must be run in update mode prior to creating the clearinghouse file. Furthermore, an additional edit program was written in SQL to check each student's time status for accuracy prior to creating the file which is sent to the clearinghouse. Since that time, we've sent in four clearinghouse files with more than 82,000 records and none of them had this error.

MISSISSIPPI UNIVERSITY FOR WOMEN CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

Mississippi University for Women respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 – June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019 - 001: Overaward of Financial Aid

Student Financial Aid Cluster - CFDA No. 84.268, 84.063, 84.007

Recommendation: We recommend the applicable campuses review their procedures for awarding financial aid. MUW should ensure that it has a process to identify students with a prior bachelor's degree at the time of award.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Pell grant and FSEOG was removed from the student's account and the student was notified. ITS has created an Argos report for Financial Aid to check students that have a prior Bachelor's degree. This report will be checked prior to payment of funds each semester.

Name(s) of the contact person(s) responsible for corrective action: Nicole Patrick

- 2019-004: Exit Counseling

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: We recommend the applicable campuses review its processes for sending exit counseling information to ensure students are receiving proper counseling occurs within the required timeframe.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: One employee is responsible for posting exit counseling. The office will begin using the Banner process to post exit counseling notifications to the student's tracking notices.

Name(s) of the contact person(s) responsible for corrective action: Nicole Patrick

Planned completion date for corrective action plan: Spring 2020

- U.S. Department of Education
- 2019 008: Outstanding Student Refund Checks

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

We recommend that the applicable campuses review their procedures related to outstanding student refund checks to ensure they are being returned to the Department of Education after 240 days

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: All outstanding refund checks have been canceled and the office is in the process of returning loan funds, with the exception of 3 students. The loan screen needed to return loans from summer 2015 in Banner is obsolete. ITS is waiting on an update from Banner to be able to return those funds. Starting will fall 2019, the University Accounting office will notify Financial Aid of any outstanding refund checks. The Financial Aid office will then return funds to the Department of Education. We will complete this process at the end of each term: fall, spring, and summer.

Name(s) of the contact person(s) responsible for corrective action: Nicole Patrick and Susan Sobley

Planned completion date for corrective action plan: End of each semester: fall, spring, and summer

Financial Aid 1100 College St., MUW-1614 Columbus, MS 39701 Office: (662) 329-7114 Fax: (662) 329-7325 finaid@muw.edu

MISSISSIPPI UNIVERSITY FOR WOMEN CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019 - 009: Gramm-Leach-Bliley Act

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268

Recommendation: For those campuses noncompliant with requirement #1, we recommend designating an individual to oversee the information security function. For those campuses noncompliant with requirement #2, we recommend performing the risk assessment for the three areas required by the Gramm-Leach-Bliley Act, which may require engaging a third party. For those campuses noncompliant with requirement #3, we recommend ensuring that there are documented safeguards for identified risks.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding:

#1 MUW will designate a single individual to oversee the information security function which will be indicated in a job description.

#2 MUW will create a policy and implement it to: conduct a risk assessment to identify forseeable internal and external risks that could lead to unauthorized disclosure or misuse of confidential information, designate one or more staff members to oversee and coordinate the security plan, implement plans to controls risks, and to evaluate the ongoing protection of confidential information.

#3 MUW will update the MUW Privacy and Data Security Incident Response Plan to include identified risks and safeguards.

Name(s) of the contact person(s) responsible for corrective action: Carla Lowery

Planned completion date for corrective action plan: June 30, 2020

U.S. Department of Education

2019 - 010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: All R2T4 calculations were recalculated for the 2018-2019 year where the dates were incorrect. Student accounts have been updated. Going forward, the Director in the Financial Aid office will work with the employee that is setting up the terms to calculate R2T4 to make sure the correct number of term days are being used.

MISSISSIPPI UNIVERSITY FOR WOMEN CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Name(s) of the contact person(s) responsible for corrective action: Nicole Patrick

2019 - 012: Eligibility and Certification Approval Report (ECAR) Updates

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268

Recommendation: We recommend that MUW review its procedures related to Institutional Eligibility and ECAR updates to ensure changes are updated/reported in a timely manner.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The ECAR was updated to reflect the correct Chief Financial Officer.

Name(s) of the contact person(s) responsible for corrective action: Nicole Patrick

Planned completion date for corrective action plan: Spring 2020

If the U.S. Department of Education has questions regarding this plan, please call Nicole Patrick at 662-329-7114.

CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

Mississippi Valley State University respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019 - 003: Notification of Disbursements

Student Financial Cluster - CFDA No. 84.268

Recommendation: We recommend the applicable campuses review and strengthen their procedures for notifying students of their Direct Loan disbursements within the required time frame and that documentation of the letters sent is maintained.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Office of Student Financial Aid in Partnership with the Office of Student Accounts have developed a disbursement notification letter with option to cancel that will be automatically sent out to all MVSU Federal Direct Loan borrowers once their funds have been applied towards their account via e-mail.

Name(s) of the contact person(s) responsible for corrective action: Mr. Letherio Zeigler

Planned completion date for corrective action plan: March 13, 2020

U.S. Department of Education

2019 - 007: NSLDS Error Reporting

Student Financial Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review their reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS and the requisite response to error records occurs within the 10 day time period.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

OFFICE OF FINANCIAL AID

CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Action taken in response to finding: Action taken in response to finding: The Office of Student Records/University Registrar will closely monitor all errors received from NSCH and collaborate with our Information Technology department in an effort to correct issues related to updates & etc. which could lessen the number of errors received. This will allow submission of the error reports to be timelier. Additionally, the Office of Student Records will strengthen communication with NSCH relative to technical issues online which hinders the timeliness of submitting error reports. Lastly, our office will coordinate collaboration between Information Technology and the Technical Team of NSCH to resolve any technical issues forthcoming.

Name(s) of the contact person(s) responsible for corrective action: Jeffery Loggins/University Registrar

Planned completion date for corrective action plan: April 15, 2020

- U.S. Department of Education
- 2019 009: Gramm-Leach-Bliley Act

Student Financial Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: For those campuses noncompliant with requirement #1, we recommend designating an individual to oversee the information security function. For those campuses noncompliant with requirement #2, we recommend performing the risk assessment for the three areas required by the Gramm-Leach-Bliley Act, which may require engaging a third party. For those campuses noncompliant with requirement #3, we recommend ensuring that there are documented safeguards for identified risks.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University will work with various departments that work with personally identifiable financial records and information by developing guidelines for physical and technological security; develop risk assessments to be performed annually and also develop training and education programs for all employees who have access to covered data.

Name(s) of the contact person(s) responsible for corrective action: LaShon Brooks/Chief of Staff

Planned completion date for corrective action plan: Jule 31, 2020

OFFICE OF FINANCIAL AID

U.S. Department of Education

2019 – 010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Student Financial Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Office of Financial Aid now will include weekend days into its R2T4 calculations to be in compliance with proper Return of Title IV calculations

Name(s) of the contact person(s) responsible for corrective action: Letherio Zeigler

Planned completion date for corrective action plan: March 20, 2020

U.S. Department of Education

2019 - 011: NSLDS Enrollment Reporting

Student Financial Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268

Recommendation: We recommend the applicable campuses review its reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS as required by regulations.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Office of Student Records/University Registrar will closely monitor all enrollment reporting dates received from the NSCH and increase the number of times for the submission of the enrollment reports. This will allow a more timely receipt of data to the NSCH; therefore, improving NSLDS Enrollment Reporting.

Name(s) of the contact person(s) responsible for corrective action: Jeffery Loggins, University Registrar

Planned completion date for corrective action plan: March 31, 2020

If the U.S. Department of Education has questions regarding this plan, please call Letherio Zeigler at 662-254.3121

OFFICE OF FINANCIAL AID

UNIVERSITY OF MISSISSIPPI MEDICAL CENTER CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

University of Mississippi Medical Center respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019 – 006: COD Reporting

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: We recommend the applicable campus evaluate its process for reporting disbursements to COD to ensure that student information is reported accurately.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University of Mississippi Medical Center has taken action in multiple aspects regarding the COD finding cited above. The Office of Financial Aid has included both the COD disbursement date and the student information date in the monthly reconciliation process to ensure that these dates are always reported appropriately. This reconciliation file includes dates from all systems including COD, SAP (student system) and ProSam (financial aid system). UMMC also made the decision to implement a new student information system that is one integrated system for all service areas. The new system, Workday, will alleviate issues such as this in the future.

Name(s) of the contact person(s) responsible for corrective action: Carrie Cooper

Planned completion date for corrective action plan: 2//29/2020

U.S. Department of Education

2019 – 011: NSLDS Enrollment Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.038, 84.063, 84.268

Recommendation: We recommend the applicable campuses review its reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS as required by regulations.

UNIVERSITY OF MISSISSIPPI MEDICAL CENTER CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University of Mississippi Medical Center is currently working with DIS to ensure that the Clearinghouse report pulls the correct status date from the current student information system. Beginning the 2021-2022 academic year, UMMC is implementing a new integrated student information system which has an exclusive field that can be pulled to ensure reporting accuracy.

Name(s) of the contact person(s) responsible for corrective action: Emily Cole

Planned completion date for corrective action plan: 4/30/2020

If the U.S. Department of Education has questions regarding this plan, please call Carrie Cooper at 601-815-4174.

OFFICE OF THE VICE CHANCELLOR FOR ADMINISTRATION AND FINANCE

UNIVERSITY OF MISSISSIPPI CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

The University of Mississippi respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019 - 008: Outstanding Student Refund Checks

Student Financial Aid Cluster – CFDA No. 84.007, 84.033, 84.063, 84.268, 84.379, 93.342

Recommendation: We recommend that the applicable campuses review their procedures related to outstanding student refund checks to ensure they are being returned to the Department of Education after 240 days.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding:

To strengthen internal controls over the timely remittance of Title IV funds to the United States Department of Education (US DOE), the UM's Office of the Bursar (UM Bursar) reviewed existing processes and procedures and implemented modifications ensuring future timely remittance of Title IV funds to the US DOE.

Upon completion of the monthly bank reconciliation by the UM Office of Accounting around the 15th day of each month, the UM Bursar will run a list of all outstanding student financial aid checks in excess of 90, 180, and 210 days in the past.

For outstanding checks dated more than 90 days but less than 180 days in the past, the UM Bursar will attempt to contact each payee via email or telephone to confirm receipt and verify acceptance of funds. Dependent upon the recipient's response, the UM Bursar will await the check to be cashed or issue a replacement check in the event a check was not received or lost by the recipient. For recipients that deny acceptance of funds, the UM Bursar will immediately void the check and notify the UM Office of Financial Aid to return the funds to the US DOE.

For outstanding checks dated 180 days or more in the past, the UM Bursar will make a second attempt to contact the recipient via email or telephone with replacement checks being issued as needed or funds being immediately returned to the US DOE if acceptance is denied by the recipient. The listing of checks dated 180 days or more in the past including notes related to previous notification attempts will be provided to the Bursar or Assistant Bursar for review. The Bursar or Assistant Bursar will initial and date the outstanding check listing evidencing their review and approval of the sufficiency of notification attempts.

Once a check has been outstanding for 210 days, the Bursar or Assistant Bursar will provide a listing to the UM Office of Financial Aid to return the funds to the US DOE within 240 days from the original issuance date of the check.

In the event a check is returned to UM as undeliverable, such will be forwarded to the UM Bursar for review. For the returned item, the UM Bursar will attempt to notify the recipient and reissue the funds. If acceptance is denied by the recipient or notification is not possible, the UM Bursar will notify the UM Office of Financial Aid to return the funds to the US DOE within 45 days of the receipt of the returned check.

For both outstanding and returned checks, subsequently reissued checks will be monitored by the UM Bursar following the established follow-up process for outstanding checks outstanding for 90, 180, and 210 days to ensure the check is either cashed or returned to the US DOE within 240 days from the date of the original issuance of the initial check.

Name(s) of the contact person(s) responsible for corrective action: Cavett Ratliff, Bursar

Planned completion date for corrective action plan: February 2020

If the U.S. Department of Education has questions regarding this plan, please call Larry Sparks, Vice Chancellor for Administration and Finance, at 662-915-7200.

OFFICE OF FINANCIAL AID

UNIVERSITY OF SOUTHERN MISSISSIPPI CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. DEPARTMENT OF EDUCATION

University of Southern Mississippi respectfully submits the following corrective action plan for the year ended June 30, 2019.

Audit period: July 1, 2018 - June 30, 2019

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Education

2019 - 007: NSLDS Error Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264

Recommendation: We recommend the applicable campuses review their reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS and the requisite response to error records occurs within the 10 day time period.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The registrar office will continue to submit the enrollment status reports to the clearinghouse according to required schedule. When the registrar office initially received the error reports they were only reviewing and working clearinghouse errors, there was another NSLDS error report tab on the clearinghouse portal they were not reviewing. Starting 03/13/2020 the registrar office will send the second report to the financial aid office to work the NSLDS reporting errors. Registrar will continue to work the clearinghouse errors in the required time period.

Name(s) of the contact person(s) responsible for corrective action: Registrar, Greg Pierce; Assistant Registrar, Lemuel Boyer; Director of Financial Aid, David Williamson; and Assistant Director of Financial Aid, Alanna McDonald.

Planned completion date for corrective action plan: 03/13/2020

OFFICE OF FINANCIAL AID

UNIVERSITY OF SOUTHERN MISSISSIPPI CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019 - 010: Incorrect Inputs in the Return to Title IV (R2T4) Calculation

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.063, 84.268, 84.379, 93.264

Recommendation: We recommend the applicable campuses review the R2T4 requirements and implement procedures to ensure the R2T4 calculations use the correct number of term days to aid in accurate completion.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Financial Aid Office has been granted access to the PeopleSoft enterprise system Calendar Page setup. This is the holiday schedule page, which is different than the academic calendar setup. The Financial aid office will update the holiday schedule each academic year once the university's Academic Council approves the semester calendars. The registrar will communicate to the financial aid office any changes to the calendar or holiday schedule so that financial aid office can make any necessary changes.

Name(s) of the contact person(s) responsible for corrective action: Director of Financial Aid, David Williamson

Planned completion date for corrective action plan: 08/12/2019

U.S. Department of Education

2019 - 011: NSLDS Enrollment Reporting

Student Financial Aid Cluster - CFDA No. 84.007, 84.033, 84.038, 84.063, 84.268, 84.379, 93.264

Recommendation: We recommend the applicable campuses review its reporting procedures to ensure that students' statuses are accurately and timely reported to NSLDS as required by regulations.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The registrar office will review their program that pulls the enrollment statuses prior to the start of each semester to ensure that the program is reporting correctly for each academic program plan and campus.

Name(s) of the contact person(s) responsible for corrective action: Registrar, Greg Pierce

Planned completion date for corrective action plan: 12/15/2019

OFFICE OF FINANCIAL AID

UNIVERSITY OF SOUTHERN MISSISSIPPI CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2019

U.S. Department of Education

2019 - 013: Late Return of Title IV (R2T4) Calculation

Student Financial Aid Cluster - CFDA No. 84.268

Recommendation: We recommend USM review its procedures for returning funds and make necessary changes to ensure that funds are returned within 45 days of the date of determination.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Registrar will continue to process the withdrawal requests via the online workflow in PeopleSoft. Once a withdrawal is processed by the registrar office, the business office will pull their withdrawal report to populate the R2T4 page in Peoplesoft for each person on the report. This report will be pulled weekly. The financial aid office will pull a report weekly for students populated in the R2T4 pages that are ready to be processed. To ensure that students are processed timely, the financial aid office has changed their report to pull all students with pending withdrawals needing to be populated in the R2T4 pages as well as those ready to process. The financial aid office will communicate with the business office, informing them of the pending withdrawals that need to be processed. If they are not populated within a few days, the financial aid office will populate the R2T4 pages and perform the needed adjustments.

Name(s) of the contact person(s) responsible for corrective action: Financial Aid Director, David Williamson

Planned completion date for corrective action plan: 03/01/2020

If the U.S Department of Education has questions regarding this plan, please call David Williamson at 601-266-4813.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING OFFICE OF FINANCE AND ADMINISTRATION

STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2019

U.S. Department of Education

State of Mississippi Institutions of Higher Learning respectfully submits the following summary schedule of prior audit findings for the year ended June 30, 2019.

1

Audit period: July 1, 2017 – June 30, 2018

The findings from the prior audit's schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the prior year.

FINDINGS — FINANCIAL STATEMENT AUDIT

2018 - 001: Financial Reporting

Condition: The year-end financial statements prepared by management of Delta State University (the University) contained a number of errors, inconsistencies and omissions. In addition, the University encountered significant difficulties in preparing and producing a complete trial balance in order to test the balances supporting the financial statements. The University did not maintain adequate documentation to provide a cross walk from their financial information to the system-wide financial statements prepared in accordance with generally accepted accounting principles (GAAP).

Status: Corrected. During our testing of the financial statements, we noted that the University has taken corrective action to close and reconcile its financials and corrective action has been taken.

If the U.S. Department of Education has questions regarding this finding, please call James Rutledge at 662-846-4004.

FINDINGS — FEDERAL AWARD PROGRAMS AUDIT

2018 – 002: Allowable Costs/Cost Principles

Condition: (MSU) Expenses were charged to the program that were not yet incurred and therefore not in accordance with the applicable cost principles.

Status: The finding noted above has been corrected by the University.

If the U.S. Department of Education has questions regarding this finding, please call Denise Peeples at 662-325-1930.

STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING SUMMARY SCHEDULE ØF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2019

2018 – 003: Subrecipient Monitoring

Condition: (JSU) Procedures to evaluate each subrecipient's risk of noncompliance for purposes of determining the subrecipient's eligibility and the appropriate subrecipient monitoring were not performed. **Status:** The finding noted above has been corrected by the University.

If the U.S. Department of Education has questions regarding this finding, please call Almesha Campbell at 601-979-6347.

2018 - 004: Subrecipient Monitoring

Condition: (IHL Board Office) Pertinent information was not furnished to its subrecipients at the time of the subaward. Required missing elements included the Federal Award Identification Number (FAIN), federal award date of award to the recipient by the Federal agency, name of Federal awarding agency, and the Catalog of Federal Domestic Assistance (CFDA) number.

In addition, the Board Office does not maintain formal documentation as support for risk assessment and required monitoring of any subrecipient as required per 2 CFR 200.331(b) and (d) above.

Finally, the Board Office did not maintain support that the recipients were audited within the past year as required by Subpart F – Audit Requirements.

Status: The finding noted above has been corrected by the IHL Board Office.

If the U.S. Department of Education has questions regarding this finding, please call Cathy Huff at 601-432-6316.

2018 – 005: Suspension and Debarment

Condition: (DSU) The University did not determine the suspension and debarment status on vendors with expenditures exceeding \$25,000 during FY18 as required by federal regulations.

Status: The finding noted above has been corrected by the University.

If the U.S. Department of Education has questions regarding this finding, please call Alexis Allen at 662-846-4006.
