## Report of Independent Auditors

The Board of Trustees  
The New York and Presbyterian Hospital

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of The New York and Presbyterian Hospital, which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended and the related notes to the consolidated financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free of material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of The New York and Presbyterian Hospital at December 31, 2019 and 2018, and the consolidated results of its operations, changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

### ***Adoption of ASU No. 2016-02, Leases***

As discussed in Note 1 to the consolidated financial statements, the Hospital changed its method of accounting for leases as a result of the adoption of the amendments to the Financial Accounting Standards Board Accounting Standards Codification resulting from Accounting Standards Update No. 2016-02, *Leases*, effective January 1, 2019. Our opinion is not modified with respect to this matter.

### ***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. We have not performed any procedures with respect to the audited consolidated financial statements subsequent to April 20, 2020. The consolidating statements of financial position and operations as of and for the year ended December 31, 2019, and the schedule of expenditures of federal awards for the year ended December 31, 2019, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated April 20, 2020 on our consideration of The New York and Presbyterian Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The New York and Presbyterian Hospital's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The New York and Presbyterian Hospital's internal control over financial reporting and compliance.

*Ernst + Young LLP*

April 20, 2020, except for our report on the Schedule of Expenditures of Federal Awards, for which the date is November 12, 2020.

The New York and Presbyterian Hospital  
Notes to Consolidated Financial Statements

December 31, 2019

**1. Organization and Basis of Presentation and Significant Accounting Policies**

*Organization and Basis of Presentation:* The accompanying consolidated financial statements include the accounts of The New York and Presbyterian Hospital (as a legal entity separate from its subsidiaries, NYPH), NYP Community Programs, Inc. (Community Programs) and other consolidated entities as described below. NYPH is the sole member of Community Programs. The reporting entity resulting from the consolidation of these entities is referred to herein as the “Hospital.” All significant intercompany balances and transactions have been eliminated in consolidation.

NYPH is a tax-exempt organization that was incorporated under New York State not-for-profit corporation law. NYPH is a major academic medical center operating at seven campuses comprised of 2,795 beds, providing a full range of inpatient and outpatient services, mainly to residents of the New York metropolitan area. The Board of Trustees of NYPH consists of persons who have first been elected as members of New York-Presbyterian Foundation, Inc. (Foundation, Inc.), a New York State not-for-profit corporation. Foundation, Inc. is related to a number of organizations.

Community Programs is the sole member of the following entities: Hudson Valley Hospital Center, Westchester Putnam Health Management System, Inc. and their subsidiaries (collectively referred to herein as NYP/Hudson Valley or Hudson Valley); NewYork-Presbyterian/Queens and its controlled affiliates (collectively referred to herein as NYP/Queens or Queens); and NewYork-Presbyterian/Brooklyn Methodist and its controlled affiliates (collectively referred to herein as NYP/Brooklyn Methodist or Methodist). NYP/Hudson Valley consists of a 128-bed acute care hospital located in Cortlandt Manor, Westchester County, New York, a foundation, a multi-specialty physician practice and certain other entities primarily formed to purchase and lease space. NYP/Queens consists of a 535-bed acute care hospital located in Queens County, New York, a multi-specialty physician practice and certain other entities. NYP/Brooklyn Methodist consists of a 591-bed acute care hospital located in Kings County, New York, physician practices and certain other entities.

Through March 31, 2018, Community Programs was also the sole member of NewYork-Presbyterian/Lawrence Hospital and Subsidiaries, which consists of a 291-bed acute care hospital located in Bronxville, New York (NYP/Lawrence Hospital or LH), a certified home health agency (LCHS), a certified hospice program, a bereavement center, a durable medical equipment company and Lawrence Medical Associates, P.C. (d/b/a NewYork-Presbyterian Medical Group/Westchester)(NYPMG/W). Effective April 1, 2018, NYP/Lawrence Hospital was merged into NYPH with NYPH receiving substantially all assets and liabilities of NYP/Lawrence Hospital,

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

and Community Programs was disestablished as the active parent of NYP/Lawrence Hospital. This change had no impact on the Hospital's consolidated financial statements as NYP/Lawrence Hospital and its related entities were previously included in the consolidated financial statements.

In connection with and effective on the same date as the merger of NYP/Lawrence Hospital into NYPH, the by-laws of Lawrence Care, Inc. (LCI), which was formerly a subsidiary of NYP/Lawrence Hospital and is the sole corporate member of LCHS, were amended such that LCI has no corporate member and a majority of its Board of Directors will consist of individuals concurrently participating in the supervision, control or management of NYPH. LCHS operates a certified home health agency, a certified hospice program and a bereavement center. Additionally, effective as of the date of the merger, NYPMG/W, a State of New York professional corporation exempt from federal income tax that was organized in 2009 for the sole purpose of supporting and furthering the charitable purposes of NYP/Lawrence Hospital, now supports and furthers the charitable purposes of NYPH.

NYP Sports Performance, LLC (NYP Sports Performance) was incorporated on July 30, 2019 to operate facilities for the provision of services, training and skills development related to physical fitness, sports performance and well being.

Although NYPH, Community Programs and the other entities described above have been consolidated for financial statement reporting purposes under applicable accounting requirements, there may be limitations on the use of one entity's funds by another member of the consolidated group resulting from the charitable nature of some of the entities or other factors.

Hudson Valley, Queens and Methodist are collectively referred to as the "Regional Hospitals."

The following is a summary of significant accounting policies:

*Recently Adopted Accounting Pronouncements:* In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. (ASU) 2016-02, *Leases*, which requires the rights and obligations arising from lease contracts, including existing and new arrangements, to be recognized as assets and liabilities on the statements of financial position, including both finance leases (formerly referred to as capital leases) and operating leases. ASU 2016-02 requires expanded disclosure related to lease agreements (see Note 6) to help the financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. The recognition, measurement and presentation of expenses

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

and cash flows arising from a lease primarily depend on its classification as a finance or operating lease. The Hospital adopted ASU 2016-02 effective January 1, 2019, following the modified retrospective method of application. As such, the 2018 consolidated financial statement amounts and disclosures have not been adjusted to reflect the provisions of the new standard. There was no cumulative-effect impact to the 2018 consolidated net assets as a result of the adoption. The Hospital has made the transition-specific election to apply the package of practical expedients which allows for the carryforward of historical assessments of (1) whether contracts are or contain leases, (2) lease classification and (3) initial direct costs. Additionally, for operating leases entered into prior to January 1, 2019, the Hospital has elected to utilize the operating leases' initial lease term to determine the discount rate used to initially measure the liability. Certain other accounting policy elections and quantitative and qualitative information pertaining to the Hospital's adoption of ASU 2016-02 are described in Note 6.

In January 2016, the FASB issued ASU 2016-01, *Recognition and Measurement of Financial Assets and Financial Liabilities*. ASU 2016-01 requires entities to classify gains and losses from certain equity investments within its performance indicator. As the Hospital accounts for its equity investments as trading securities, the Hospital's adoption in 2019 of this ASU did not have an impact on the recognition of income related to the Hospital's equity investments.

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows – Classification of Certain Cash Receipts and Cash Payments*, which addresses the following eight specific cash flow issues in order to limit diversity in practice: debt prepayment or debt extinguishment costs; settlement of zero-coupon debt instruments or other debt instruments with coupon interest rates that are insignificant in relation to the effective interest rate of the borrowing; contingent consideration payments made after a business combination; proceeds from the settlement of insurance claims; proceeds from the settlement of corporate-owned life insurance policies, including bank-owned life insurance policies; distributions received from equity method investees; beneficial interests in securitization transactions; and separately identifiable cash flows and application of the predominance principle. The adoption of ASU 2016-15 did not have a material impact on the Hospital's consolidated financial statements.

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows – Restricted Cash*, which requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The Hospital adopted ASU 2016-18 in 2019 using a retrospective transition method.

In March 2017, the FASB issued ASU 2017-07, *Compensation—Retirement Benefits: Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*. ASU 2017-07 addresses how employers that sponsor defined benefit pension and/or other postretirement benefit plans present the net periodic benefit cost in the income statement. Employers will be required to present the service cost component of net periodic benefit cost in the same income statement line item as other employee compensation costs arising from services rendered during the period. Employers will present the other components of the net periodic benefit cost separately from the line item that includes the service cost and outside of any subtotal of operating income, if one is presented. The standard became effective for the Hospital for annual periods beginning after December 15, 2018. The Hospital adopted ASU 2017-07 effective in its December 31, 2019 consolidated financial statements which required classification of the service cost component of net periodic benefit cost related to its defined benefit plans within salaries and wages on the consolidated statements of operations and to present all other components of net periodic benefit cost as a separate line item excluded from the subtotal for operating income. Net periodic benefit cost was previously reported within employee benefits expense on the consolidated statements of operations. The effects of the adoption of ASU 2017-07 were applied retrospectively. Adoption of ASU 2017-07 did not impact the Hospital's consolidated net assets.

In June 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958); Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. ASU 2018-08 clarifies existing guidance in order to address diversity in practice in classifying grants (including governmental grants) and contracts received by not-for-profit entities, and requires entities to evaluate whether the resource provider receives commensurate value. In addition, the standard clarifies the guidance on how entities determine when a contribution is conditional, including whether the agreement includes a barrier (or barriers) that must be overcome for the recipient to be entitled to the transferred assets (or a right of release of the promisor's obligation to transfer the assets). The standard was applied on a modified

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

prospective basis to agreements that were not completed as of the effective date and to agreements entered into after the effective date. The Hospital adopted ASU 2018-08 effective January 1, 2019. The adoption of ASU 2018-08 did not have a material impact on the Hospital's consolidated financial statements.

*Use of Estimates:* The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, such as collections on accounts receivable for services to patients, valuation of alternative investments, estimated settlements with third-party payors, professional liabilities and pension and postretirement benefit liabilities, and disclosures of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the amounts of revenue and expenses reported during the period. There is at least a reasonable possibility that certain estimates will change by material amounts in the near term.

*Cash and Cash Equivalents and Short-term Investments:* The Hospital classifies as cash equivalents all highly liquid financial instruments with a maturity of three months or less when purchased, excluding those held in short-term investments and assets limited as to use for funded depreciation and board designated purposes as such holdings are within investment portfolios. A reconciliation of amounts reported on the statements of financial position to the statements of cash flows as of and for the year ended December 31, 2019 and 2018 follows (in thousands):

|                                                                                                        | 2019       | 2018       |

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

Investments that are readily marketable and that are not classified as assets limited as to use are considered short-term investments and are classified as current assets. Short-term investments are used for cash management purposes and consist of cash and cash equivalents, fixed income securities, equity securities, hedge funds and pooled investments held by related parties. At December 31, 2019 and 2018, the Hospital's cash and cash equivalents include money market funds and interest-bearing accounts that are not fully insured by the U.S. government. The Hospital does not hold any money market funds with significant liquidity restrictions that would be required to be excluded from cash equivalents.

*Receivables for Patient Care:* Patient accounts receivable for which the Hospital receives payment under prospective payment formulae, cost reimbursement or negotiated rates, which cover the majority of patient services, are stated at the estimated net amounts receivable from payors, which are generally less than the established billing rates of the Hospital (see Note 2).

*Supplies:* Supplies, which are determined on the first-in, first-out method, are stated at the lower of cost or net realizable value. Supplies are used in the provision of patient care and are not held for sale. Supplies are included in other current assets in the accompanying consolidated statements of financial position at December 31, 2019 and 2018.

*Investments and Investment Return:* All investments are classified as trading investments and, excluding interests in common collective/commingled trusts, alternative investments and pooled investments held by related parties, are carried at fair value determined as described in Note 13. Common collective/commingled trusts are reported in the accompanying consolidated statements of financial position based upon net asset values derived from the application of the equity method of accounting.

Alternative investment interests generally are structured such that the Hospital holds a limited partnership interest or an interest in an investment management company, including hedge funds, private equity funds and private real estate funds. The Hospital's ownership structure does not provide for control over the related investees and the Hospital's financial risk is limited to the carrying amount reported for each investee, in addition to any unfunded capital commitment.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **1. Organization and Basis of Presentation and Significant Accounting Policies (continued)**

Individual investment holdings within the alternative investments include non-marketable and market-traded debt, equity and real asset securities and interests in other alternative investments. The Hospital may be exposed indirectly to securities lending, short sales of securities and trading in futures and forward contracts, options and other derivative products. Alternative investments often have liquidity restrictions under which the Hospital's capital may be divested only at specified times.

Alternative investments are reported in the accompanying consolidated statements of financial position based upon net asset values derived from the application of the equity method of accounting. Financial information used by the Hospital to evaluate its alternative investments is provided by the investment manager or general partner and includes fair value valuations (quoted market prices and values determined through other means) of underlying securities and other financial instruments held by the investee, and estimates that require varying degrees of judgment. The financial statements of the investee companies are audited annually by independent auditors, although the timing for reporting the results of such audits for certain investee companies does not coincide with the Hospital's annual financial statement reporting.

Interests in pooled investments with related parties are reported based upon unitized net asset value (see Note 3). Assets held in the Hospital's defined benefit pension plans are carried at fair value (see Note 9).

There is uncertainty in the accounting for alternative investments arising from factors such as lack of active markets (primary and secondary), lack of transparency into underlying holdings and time lags associated with reporting by the investee companies. As a result, there is at least a reasonable possibility that estimates will change in the near term.

Investments received as a gift are recorded at fair value on the date of contribution.

All investment transactions are recorded on the dates such trades take place. Realized gains and losses on sales of marketable securities are based on the average cost method. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Investment return is included within the performance indicator in the accompanying consolidated statements of operations, unless restricted by donor or by law. Investment return is reported net of external and direct internal investment expenses, such as trustee fees, investment fund manager fees and salaries and related costs for the Hospital's investment management personnel.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

*Assets Limited as to Use:* Assets so classified represent investments whose use is restricted for specific purposes under internal and/or external designation, terms of loan agreements and for self-insured professional liabilities. Assets limited as to use which are internally designated for funded depreciation represent amounts that will be expended in future periods for acquisitions of property, buildings and equipment. Assets limited as to use required to meet current liabilities are reported as current assets.

*Beneficial Interest in Net Assets Held by Related Organizations:* New York-Presbyterian Fund, Inc. (Fund, Inc.) was incorporated under New York State not-for-profit corporation law to solicit, receive and administer funds to be applied exclusively for charitable, educational and scientific purposes, primarily for the benefit of health care related charitable organizations. The directors of Fund, Inc. consist of persons who have first been elected as members of Foundation, Inc. Fund, Inc. is related to NYPH and a number of other organizations.

The Hospital recognizes its accumulated interest in the net assets held by Fund, Inc. and The New York Weill Cornell Medical Center Fund, Inc. (WCMC Fund) as beneficial interest in net assets held by related organizations in its consolidated statements of financial position and also recognizes the periodic changes in such interests in its consolidated statements of changes in net assets.

*Related-Party Transactions:* The entities comprising the Hospital provide various inter-entity services to their affiliated entities. The services consist of certain financial planning, information systems and telecommunications, general accounting, and other services. Charges for such services are based on the approximate cost to provide the services and are allocated between the entities based on an agreed-upon method which reflects the approximate level of usage by each entity. Such inter-entity charges and all intercompany balances between the entities comprising the Hospital eliminate in consolidation.

*Property, Buildings and Equipment:* Property, buildings and equipment purchased are initially recorded at cost. Assets acquired through acquisitions of businesses not previously under common control, gifts and bequests are initially recorded at appraised or fair value established at the date of the transaction. The carrying amounts of assets and the related accumulated depreciation are removed from the accounts when such assets are disposed of and any resulting gain or loss is included in operations. Depreciation of buildings, building improvements, and fixed equipment is recorded using the straight-line method over the estimated useful lives of the assets. Depreciation of NYPH movable equipment is recorded using the sum-of-the-years-

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

digits method. Depreciation of the Regional Hospitals' movable equipment is recorded using the straight-line method over the estimated useful lives of the assets. Equipment under finance lease obligations and leasehold improvements are amortized using the straight-line method over the lesser of the estimated useful life of the asset or the lease term. Such amortization is included in depreciation and amortization in the accompanying consolidated statements of operations.

*Deferred Financing Costs:* Capitalized financing costs are included as a deduction to long-term debt in the accompanying consolidated statements of financial position and are amortized using the effective interest method over the term that the related debt is expected to be outstanding.

*Classification of Net Assets:* The Hospital separately accounts for and reports net assets with donor restrictions and net assets without donor restrictions. Net assets without donor restrictions are not externally restricted for identified purposes by donors or grantors. Net assets without donor restrictions include resources that the governing board may use for any designated purpose and resources whose use is limited by agreement between the Hospital and an outside party other than the donor or grantor.

Net assets with donor restrictions are those whose use by the Hospital has been limited by donors to a specific time frame or purpose, or have been restricted by donors as permanent endowments to be maintained in perpetuity. When donor restrictions expire, that is, when a time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restriction.

The Hospital also recognizes governmental grants where commensurate value is not exchanged as contributions when conditions and restrictions are satisfied and reports such amounts within other revenue (see Note 11).

*Operating Leases:* Scheduled base rent increases under operating leases are recognized as rental expense on a straight-line basis over the lease term (see Note 6).

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

*Program Services:* The Hospital's program services consist of providing health care and related services, including graduate medical education. For the year ended December 31, 2019, expenses related to providing these services are summarized as follows (in thousands):

|                                                         | Health Care and<br>Related Services |                       | Program Support and<br>General Services |                       | Total        |

|                                                         | \$ 5,130,521                        | \$ 1,797,643          | \$ 894,819                              | \$ 344,566            | \$ 8,167,549 |

The accompanying consolidated financial statements report expense categories that are attributable to more than one health care service or support function. Costs not directly attributable to a function are allocated on a functional basis based on internal records and estimates.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

The Hospital maintains academic affiliations with two medical colleges: The Columbia University College of Physicians & Surgeons (Columbia VP&S) and the Joan and Sanford I. Weill Medical College of Cornell University (Weill Cornell Medical College) (collectively, the Schools). Transactions occur on a routine basis between the Hospital and the Schools, based upon arrangements between the parties.

*Performance Indicator:* The accompanying consolidated statements of operations include excess of revenues over expenses as the performance indicator. Excluded from the performance indicator are permanent transfers of assets to or from related entities, net assets released from restrictions and distributions received for the purchase of fixed assets, and the change in pension and postretirement benefit liabilities to be recognized in future periods. Transactions deemed by management to be ongoing, major or central to the provision of health care services are reported as operating revenues and operating expenses and are included in operating income. Investment return and certain transactions, which are peripheral or of an infrequent nature, are excluded from operating income.

In October 2019, the Hospital offered a voluntary retirement option (VRO) to certain eligible employees aged 60 or older with a minimum of 15 years of total service (as defined). The VRO includes enhanced benefits including salary continuation and coverage for certain medical and other benefits. Eligible participants who enrolled in the VRO will retire between February 15, 2020 and July 31, 2020. VRO costs incurred in 2019 totaled approximately \$35.3 million related to severance and other accrued amounts under the VRO.

*Tax Status:* The majority of the entities comprising the Hospital are Section 501(c)(3) organizations exempt from Federal income taxes on related income under Section 501(a) of the Internal Revenue Code (IRC). These entities also are exempt from New York State income taxes. NYPH, Community Programs, NYP/Queens and NYP/Brooklyn Methodist are exempt from New York City income taxes.

Certain subsidiaries of the Hospital are for-profit entities. Taxable operations and the potential for income taxes from these entities and from unrelated business activities of the tax exempt entities are not significant to the accompanying consolidated financial statements. As of and for the year, ended December 31, 2019 and 2018, the Hospital has made reasonable estimates of the provision for unrelated business income taxes and will continue to refine its calculations in future periods as additional regulations and guidance are issued by the Internal Revenue Service (IRS).

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

The Taxpayer Certainty and Disaster Tax Relief Act of 2019, signed into law on December 20, 2019 retroactively repealed IRC Section 512(a)(7) which subjected amounts paid or incurred by an exempt organization to provide certain transportation fringe benefits to its employees to taxation as unrelated business taxable income. Prior year income tax payments, as well as current year payments for income taxes associated with IRC 512(a)(7) for which refunds have been requested, are recorded as receivables at December 31, 2019. These amounts are not significant to the accompanying consolidated financial statements.

*Recent Accounting Pronouncements:* In June 2016, the FASB issued ASU 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The main objective of ASU 2016-13 and related ASU updates is to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The amendments affect loans, debt securities, trade receivables, net investments in leases, off balance sheet credit exposures, reinsurance receivables, and any other financial assets not excluded from the scope that have the contractual right to receive cash. The amendments in this Update are effective for the Hospital for fiscal years beginning after December 15, 2022. The Hospital is in the process of evaluating the impact of ASU 2016-13 on its consolidated financial statements.

In August 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*, which aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal use software license). The accounting for the service element of a hosting arrangement that is a service contract is not affected by the standard. ASU 2018-15 will require an entity (customer) in a hosting arrangement that is a service contract to follow the guidance in Subtopic 350-40 to determine which implementation costs to capitalize as an asset related to the service contract and which costs to expense. ASU 2018-15 also requires the entity (customer) to expense the capitalized implementation costs of a hosting arrangement that is a service contract over the term of the hosting arrangement, among other provisions. The amendments in ASU 2018-15 are effective for annual reporting periods beginning after December 15, 2020, and interim periods thereafter. Early adoption is permitted. The amendments should be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 1. Organization and Basis of Presentation and Significant Accounting Policies (continued)

The Hospital has not completed the process of evaluating the impact of ASU 2018-15 on its consolidated financial statements.

The FASB has amended certain guidance related to various disclosures in ASU 2018-09, *Codification Improvements*, ASU 2018-13, *Technical Corrections and Improvements to Financial Instruments—Overall (Subtopic 825-10)—Recognition and Measurement of Financial Assets and Financial Liabilities*, and ASU 2018-14, *Compensation—Retirement Benefits—Defined Benefit Plans—General (Subtopic 715-20)—Disclosure Framework—Changes to the Disclosure Requirements for Defined Benefit Plans*. Among various provisions, ASU 2018-09 may result in additional assets included in an entity's fair value disclosure table if, among other criteria, net asset value has public visibility. ASU 2018-13 includes several disclosure changes involving transfers between the fair value levels and other updates related to fair value Level 3 investments. ASU 2018-13 also requires entities that use the practical expedient to measure the fair value of certain investments at their net asset values to disclose (1) the timing of liquidation of an investee's assets and (2) the date when redemption restrictions will lapse, but only if the investee has communicated this information to the entity or announced it publicly. The guidance in ASU 2018-14 requires all sponsors of defined benefit plans to provide certain new disclosures: the weighted-average interest crediting rate for cash balance plans and other plans with promised interest crediting rates and an explanation of the reasons for significant gains and losses related to changes in the benefit obligation for the period. Among other changes, ASU 2018-14 eliminates the required disclosure for all sponsors of defined benefit plans to disclose the amounts in accumulated other comprehensive income expected to be recognized as components of net periodic benefit cost over the next fiscal year. The updates noted above have effective dates as follows with early adoption permitted: ASU 2018-09: fiscal years beginning after December 15, 2018, adopted by the Hospital in 2019 with no significant impact; ASU 2018-13: fiscal years beginning after December 15, 2019; and ASU 2018-14: fiscal years ending after December 15, 2021. The Hospital has not completed the process of evaluating the impact of ASU 2018-13 and ASU 2018-14 on its consolidated financial statements.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **2. Net Patient Service Revenue**

#### **Net Patient Service Revenue and Accounts Receivable**

Net patient service revenue is reported at the amount that reflects the consideration to which the Hospital expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government programs), and others and includes provisions for variable consideration (reductions to revenue) for retroactive revenue adjustments, including adjustments due to the settlement of ongoing and future audits, reviews, and investigations.

The Hospital uses a portfolio approach to account for categories of patient contracts as a collective group rather than recognizing revenue on an individual contract basis. The portfolios primarily consist of major payor classes for inpatient revenue and major types of services provided for outpatient revenue. Based on historical collection trends and other analyses, the Hospital believes that revenue recognized by utilizing the portfolio approach approximates the revenue that would have been recognized if an individual contract approach were used.

The Hospital's initial estimate of the transaction price for services provided to patients is determined by reducing the total standard charges related to the patient services provided by various elements of variable consideration, including contractual adjustments, discounts, implicit price concessions, and other reductions to the Hospital's standard charges. The Hospital determines the transaction price associated with services provided to patients who have third-party payor coverage on the basis of contractual or formula-driven rates for the services rendered. The estimates for contractual allowances and discounts are based on contractual agreements, the Hospital's discount policies and historical experience. For uninsured and under-insured patients who do not qualify for charity care, the Hospital determines the transaction price associated with services on the basis of charges reduced by implicit price concessions. Implicit price concessions included in the estimate of the transaction price are based on the Hospital's historical collection experience for applicable patient portfolios. Under the Hospital's charity care policy, a patient who has no insurance or is under-insured and is ineligible for any government assistance program has his or her bill reduced to (1) the lesser of charges or the Medicaid diagnostic-related group for inpatient and (2) a discount from Medicaid fee-for-service rates for outpatient. Patients who meet the Hospital's criteria for free care are provided care without charge; such amounts are not reported as revenue.

Generally, the Hospital bills patients and third-party payors several days after the services are performed and/or the patient is discharged. Net patient service revenue is recognized as

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by the Hospital. Net patient service revenue for performance obligations satisfied over time is recognized based on the estimated expected payment at that point in time. The Hospital believes that this method provides a reasonable depiction of the transfer of services over the term of the performance obligation based on the services needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to patients receiving inpatient acute care services or patients receiving services in the Hospital's outpatient and ambulatory care centers. The Hospital measures the performance obligation from admission into the Hospital or the commencement of an outpatient service to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge or the completion of the outpatient visit. Substantially all of its performance obligations relate to contracts with a duration of less than one year. Unsatisfied or partially unsatisfied performance obligations primarily relate to inpatient acute care services at the end of the reporting period for patients who remain admitted at that time (in-house patients). The performance obligations for in-house patients are generally completed when the patients are discharged, which for the majority of the Hospital's in-house patients occurs within days or weeks after the end of the reporting period.

Net patient service revenue for the years ended December 31 by payor is as follows (in thousands):

|                                                          | 2019                |             |                     |             |                     |
|----------------------------------------------------------|---------------------|-------------|---------------------|-------------|---------------------|
|                                                          | NYPH                |             | Regional Hospitals  |             | Total               |
| Medicare                                                 | \$ 1,678,185        | 26%         | \$ 799,861          | 38%         | \$ 2,478,046        |

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

Deductibles, copayments and coinsurance under third-party payment programs which are the patient's responsibility are included within the third-party payors amounts above.

Subsequent changes to the estimate of the transaction price (determined on a portfolio basis when applicable) are generally recorded as adjustments to patient service revenue in the period of the change. Changes in the Hospital's estimates of implicit price concessions, discounts, contractual adjustments or other reductions to expected payments for performance obligations satisfied in prior periods were not significant. Portfolio collection estimates are updated quarterly based on collection trends. Subsequent changes that are determined to be the result of an adverse change in the patient's ability to pay (determined on a portfolio basis when applicable) are recorded as bad debt expense. Bad debt expense for the years ended December 31, 2019 and 2018 was not significant.

For services provided through December 31, 2017, net patient service revenue and the related accounts receivable estimates were subject to the accounting requirements prior to the adoption of ASU 2014-09, Revenue from Contracts with Customers. Estimates for the allowance for uncollectible accounts pertaining to this service period are reevaluated monthly and certain revisions to such estimates continue to be made based on recent collection trends and management's expectations for the ultimate collection of accounts receivable balances existing at December 31, 2017. The allocation for uncollectible accounts totaled \$148.7 million and \$237.8 million at December 31, 2019 and 2018, respectively.

At December 31, accounts receivable is comprised of the following components (in thousands):

|                     | <u>2019</u>         | <u>2018</u>       |
|---------------------|---------------------|-------------------|
| Patient receivables | \$ 1,031,124        | \$ 929,289        |
| Contract assets     | 79,344              | 68,417            |
|                     | <u>\$ 1,110,468</u> | <u>\$ 997,706</u> |

Contract assets are related to in-house patients who were provided services during the reporting period but were not discharged as of the reporting date and for which the Hospital may not have the right to bill.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

#### Third-Party Payment Programs

The Hospital has agreements with third-party payors that provide for payment for services rendered at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

*Medicare:* Hospitals are paid for most Medicare patient services under national prospective payment systems and other methodologies of the Medicare program for certain other services. Federal regulations provide for adjustments to current and prior years' payment rates, based on industry-wide and Hospital-specific data.

*Non-Medicare:* In New York State, hospitals and all non-Medicare payors (including Medicare and Medicaid managed care plans), except Medicaid, workers' compensation and no-fault insurance programs, negotiate hospitals' payment rates. If negotiated rates are not established, payors are billed at hospitals' established charges. Medicaid, workers' compensation and no-fault payors pay hospital rates promulgated by the New York State Department of Health (DOH). Payments to hospitals for Medicaid, workers' compensation and no-fault inpatient services are based on a statewide prospective payment system, with retroactive and/or prospective adjustments. Outpatient services also are paid based on a statewide prospective system. Medicaid rate methodologies are subject to approval at the Federal level by the Centers for Medicare and Medicaid Services (CMS), which may routinely request information about such methodologies prior to approval. Revenue related to specific rate components that have not been approved by CMS is not recognized until the Hospital is reasonably assured that such amounts are realizable. Adjustments to the current and prior years' payment rates for those payors will continue to be made in future years.

The Hospital has established estimates, based on information presently available, of amounts due to or from Medicare and non-Medicare payors for adjustments to current and prior years' payment rates, based on industry-wide and Hospital-specific data. Medicare cost reports, which serve as the basis for final settlement with the Medicare program, have been audited by the Medicare fiscal intermediary and settled through 2001 and years 2005, 2006 and 2014 for NYPH and for various years ranging from 2008 to 2015 for the Regional Hospitals, although revisions to final settlements or other retroactive changes could be made. Other years and various issues remain open for Medicare audit and settlement, as are numerous issues related to the New York State Medicaid program for prior years. As a result, there is at least a reasonable possibility that recorded estimates

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **2. Net Patient Service Revenue (continued)**

will change by a material amount when open years are settled, audits are completed and additional information is obtained. Settlements with third-party payors for cost report filings and retroactive adjustments due to ongoing and future audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Hospital's historical settlement activity (for example, cost report final settlements or repayments related to recovery audits), including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Such estimates are determined through either a probability-weighted estimate or an estimate of the most likely amount, depending on the circumstances related to a given estimated settlement item. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. For the years ended December 31, 2019 and 2018, the net effect of the Hospital's revisions to prior year estimates resulted in net patient service revenue increasing by approximately \$64.0 million and \$59.2 million, respectively.

The current Medicaid, Medicare and other third-party payor programs are based upon extremely complex laws and regulations that are subject to interpretation. Non-compliance with such laws and regulations could result in fines, penalties and exclusion from such programs. The Hospital is not aware of any allegations of non-compliance that could have a material adverse effect on the accompanying consolidated financial statements and believes that it is in compliance with all applicable laws and regulations, except for the matter disclosed in Note 12.

There are various proposals at the federal and state levels that could, among other things, significantly reduce payment rates or modify payment methods. The ultimate outcome of these proposals and other market changes, including the potential effects of or revisions to health care reform that has been or will be enacted by the federal and state governments, cannot be determined presently. Future changes in the Medicare and Medicaid programs and any reduction of funding could have an adverse impact on the Hospital. Additionally, certain payors' payment rates for various years have been appealed by the Hospital. If the appeals are successful, additional income applicable to those years could be realized.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

The Hospital grants credit without collateral to its patients, most of whom are insured under third-party payor agreements. Significant concentrations of patient accounts receivable at December 31, 2019 and 2018 are as follows:

|                                                          | <b>2019</b> | <b>2018</b> |
|----------------------------------------------------------|-------------|-------------|
| Medicare                                                 | <b>30%</b>  | 30%         |
| Medicaid                                                 | <b>20</b>   | 22          |
| Commercial carriers and health maintenance organizations | <b>43</b>   | 41          |
| Self-pay patients                                        | <b>7</b>    | 7           |
|                                                          | <b>100%</b> | 100%        |

### Uncompensated Care and Community Benefit Expense

The Hospital's Division of Community and Population Health (the CPH Division) collaborates with community, hospital, and academic organizations to improve the health and well-being of children, adolescents, and adults in the communities served by the Hospital.

The CPH Division conducts a comprehensive community needs assessment every three years to increase management and staff's understanding of the health and social needs of the communities served by the Hospital. Based on the results, the Hospital creates a community service plan outlining health priorities to address the approach to each priority. The Hospital collaborates with community members and entities to decrease local health disparities through population health initiatives, care provider training, scholarship, and research that are collaboratively developed, executed, assessed, and maintained.

The Hospital's commitment to community service is evidenced by services provided to special populations such as minorities, the elderly, persons with disabilities, the mentally ill, persons with AIDS and poor persons (Special Populations) and benefits provided to the broader community. Services provided to such Special Populations include services provided to persons who cannot afford health care because of inadequate resources and who are uninsured or underinsured.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **2. Net Patient Service Revenue (continued)**

The Hospital provides quality medical care regardless of race, creed, sex, sexual orientation, national origin, handicap, age or ability to pay. Although payment for services rendered is critical to the operations and financial stability of the Hospital, the Hospital recognizes that not all individuals have the ability to pay for medically necessary services and, furthermore, the Hospital's mission is to serve the community with respect to health care. Therefore, in keeping with the Hospital's commitment to serve members of the community, the Hospital provides uncompensated care through: medical care to the indigent for free or at discounted prices (charity care/financial aid) and care to persons covered by governmental programs that pay the Hospital less than the full cost of services provided.

In addition, the Hospital provides significant community benefit activities which include, among others impacted by social determinants of health: wellness programs, community education and health literacy programs, behavioral health clinical services, childhood and adolescent obesity programs, prenatal care, weight management and nutrition education, HIV counseling, testing and comprehensive services, other health screenings and a broad variety of community support services, health professionals' education, school based programs, and subsidized health services.

The Hospital believes it is important to quantify comprehensively the benefits it provides to the community, which is an area of emphasis for not-for-profit health care providers. The costs of uncompensated care and community benefit activities are derived from various Hospital records. Amounts for activities as reported below are based on estimated and actual data, subject to changes in estimates upon the finalization of the Hospital's annual cost reports and other government filings. The amounts reported below are calculated in accordance with guidelines prescribed by the IRS; 2018 estimates have been updated to reflect reported amounts. The net cost of charity care includes the direct and indirect cost of providing charity care services, offset by revenues received from indigent care pools and other subsidies. The cost is estimated by utilizing a ratio of cost to gross charges applied to the gross uncompensated charges associated with providing charity care. Funds received to offset implicit price concessions and charity services totaled approximately \$68.0 million and \$75.3 million for the years ended December 31, 2019 and 2018, respectively, including approximately \$66.8 million and \$74.0 million, respectively, from the Indigent Care Pool under the New York State Medicaid program. The charity care component of the Indigent Care Pool payments (approximately 59 % for 2019 and 56% for 2018) is estimated utilizing a ratio of charity care charges to total charity care and bad debt charges applied to the indigent care pool payment.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 2. Net Patient Service Revenue (continued)

Net costs related to uncompensated care and community benefit activities are summarized for the years ended December 31, 2019 and 2018 as follows (in thousands):

|                                                 | <b>2019</b>         | <b>2018</b>         |
|-------------------------------------------------|---------------------|---------------------|
| Charity care – net <sup>(a)</sup>               | \$ 69,509           | \$ 54,831           |
| Means-tested programs <sup>(b)</sup>            | 533,591             | 517,236             |
| Other community benefits <sup>(c)(d)</sup>      | 637,843             | 619,536             |
| Total charity care and other community benefits | <b>\$ 1,240,943</b> | <b>\$ 1,191,603</b> |

Charity care, at cost, and means-tested programs include the following (and exclude losses incurred on providing services to Medicare patients):

<sup>(a)</sup> *Charity Care:* As part of its charity care and financial aid policy, the Hospital obtains and uses additional financial information for uninsured or under-insured patients who have not supplied the requisite information to qualify for charity care. The additional information obtained is used by the Hospital to determine whether to qualify patients for charity care and/or financial aid in accordance with the Hospital's policies.

The Hospital makes available free care programs for qualifying patients under its charity care and financial aid policy. During the registration, billing and collection process, a patient's eligibility for free care funds is determined. For patients who do not receive free care and who are determined to be eligible for charity care in the form of discounted medical services under the Hospital's charity care and financial aid policy, care given but not paid for is classified as charity care. Amounts related to patients who were determined by the Hospital to have the ability to pay but did not represent implicit price concessions and are not classified as charity care. Distinguishing between charity care and implicit price concessions is difficult, in part because services are often rendered prior to the Hospital's full evaluation of a patient's ability to pay. Implicit price concessions were approximately \$155.6 million and \$151.5 million in 2019 and 2018, respectively.

Annually, the Hospital accrues for potential losses that meet the definition of charity care (including free and discounted medical care) allowances.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

<sup>(b)</sup> *Means-Tested Programs:* Community benefits include losses incurred in providing services to patients who participate in certain public health programs such as Medicaid. Payments received by the Hospital for patient services provided to Medicaid program participants are less than the actual cost of providing such services. Therefore, to the extent Medicaid payments are less than the cost of care provided to Medicaid patients, the uncompensated cost of that care is considered to be a community benefit.

Other community benefits include the following:

<sup>(c)</sup> *Community Health Improvement Services and Community Benefit Operations:* The Hospital is committed to serving the vast array of neighborhoods comprising its service area and recognizes the importance of preserving a local community focus to effectively meet community need. The Hospital adheres to a single standard for assessing and meeting community need, while retaining a geographically focused approach for soliciting community participation and involvement and providing community outreach.

The Hospital has fostered continued community participation and outreach activities through linkages with numerous community-based groups. Community health improvement services and related operations include clinical services, screening and exams, and other education or support services in areas such as the following: asthma, behavioral health, cancer, children's health, community-based outreach and health education, digestive diseases, emergency services/emergency preparedness, heart disease, HIV/AIDS, neuroscience, vascular disease and women's health (a complete description of each service can be found in the Hospital's annual community service plan). The net cost of such services is accumulated based on actual expenditures plus estimates using the Hospital's cost to charge ratio and related standard charges associated with the services, offset by payments received.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 2. Net Patient Service Revenue (continued)

<sup>(d)</sup> *Health Professional Education:* Helping to prepare future health care professionals is a distinguishing characteristic of major academic not-for-profit teaching hospitals and constitutes a significant community benefit. NYPH has world renowned residency program and trains approximately 1,800 residents each year in all clinical programs (the programs are in two medical schools and cover 150 accredited graduate medical education programs). The Hospital is committed to offering quality graduate medical education programs as part of its education mission. The estimated cost of health professional education consists primarily of personnel costs provided to graduate staff, offset by amounts received from CMS and the DOH for medical education programs.

### 3. Investments, Assets Limited as to Use and Liquidity

Investments are either separately invested or held on a pooled basis with related parties. On April 1, 2018, Hudson East River Systems, LLC (HERS) began a program to actively manage certain investments of the Hospital and other related organizations in a unitized structure. Each entity's member capital account for HERS is tracked for various strategic pools of investments. Each entity is allocated income from investments on a monthly basis based on the underlying fair values and net asset values of the invested securities and their individual unitized ownership. The Hospital recognizes in its consolidated statements of financial position only the unitized portion of the HERS assets attributable to the Hospital's member capital account. The HERS assets attributable to the Hospital, consisting of separate member capital accounts for NYPH, NYP/Hudson Valley, NYP/Queens and NYP/Brooklyn Methodist, represented approximately 71% and 62% of the total HERS portfolio at December 31, 2019 and 2018, respectively; the composition of the HERS investment portfolio asset allocation is provided in this Note.

### Notes to Consolidated Financial Statements (continued)

#### 3. Investments, Assets Limited as to Use and Liquidity (continued)

The table below presents financial assets and liquidity resources available for general expenditures within one year at December 31 (in thousands):

|                                                                                        | <b>2019</b>  | <b>2018</b>  |
|----------------------------------------------------------------------------------------|--------------|--------------|
| Financial assets as reported on the accompanying statement of financial position:      |              |              |
| Cash and cash equivalents                                                              | \$ 359,292   | \$ 590,045   |
| Short-term investments                                                                 | 2,232,518    | 2,258,140    |
| Patient accounts receivable – net                                                      | 1,110,468    | 997,706      |
| Assets limited as to use                                                               | 4,091,713    | 2,934,647    |
| Total financial assets as reported on the accompanying statement of financial position | 7,793,991    | 6,780,538    |
| Liquidity resources:                                                                   |              |              |
| Lines of credit ( <i>Note 5</i> )                                                      | 350,000      | 364,100      |
| Total financial assets and liquidity resources                                         | 8,143,991    | 7,144,638    |
| Less amounts not available to be used for general expenditures within one year:        |              |              |
| Assets limited as to use                                                               | 4,091,713    | 2,934,647    |
| Financial assets available to be used for general expenditures within one year         | \$ 4,052,278 | \$ 4,209,991 |

The Hospital has assets limited as to use which are not available for general expenditure within one year in the normal course of operations. Accordingly, these assets have not been included in the total for financial assets to meet general expenditures within one year.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 4. Property, Buildings and Equipment

A summary of property, buildings and equipment at December 31, 2019 and 2018 follows (in thousands):

|                                                      | <b>2019</b>         | <b>2018</b>  |
|------------------------------------------------------|---------------------|--------------|
| Land and land improvements                           | <b>\$ 238,475</b>   | \$ 235,460   |
| Buildings, building improvements and fixed equipment | <b>5,098,052</b>    | 5,015,874    |
| Movable equipment                                    | <b>1,480,068</b>    | 1,328,654    |
| Leasehold improvements                               | <b>371,245</b>      | 342,407      |
|                                                      | <b>7,187,840</b>    | 6,922,395    |
| Less accumulated depreciation and amortization       | <b>3,000,910</b>    | 2,754,466    |
|                                                      | <b>4,186,930</b>    | 4,167,929    |
| Construction-in-progress                             | <b>771,206</b>      | 550,210      |
|                                                      | <b>\$ 4,958,136</b> | \$ 4,718,139 |

During 2019 and 2018, the Hospital wrote off approximately \$219.7 million and \$375.0 million of fully depreciated assets, respectively.

Substantially all property, buildings and equipment have been pledged as collateral under various debt agreements (see Note 5).

At December 31, 2019 and 2018, assets recorded in connection with finance leases aggregated approximately \$234.9 and \$220.4 million, respectively, with accumulated amortization aggregating approximately \$153.1 and \$142.0 million, respectively.

The Hospital leases certain buildings from Royal Charter Properties – Westchester, Inc., a related entity (see Note 10).

The Hospital is in the process of constructing two significant capital projects. The total expected cost of the projects is approximately \$839.2 million. As of December 31, 2019, contracts of approximately \$569.6 million exist for the projects of which the remaining unrecorded commitment is approximately \$269.6 million.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 4. Property, Buildings and Equipment (continued)

In October 2017, the Hospital entered into a software licensing and hosting contract with Epic Systems Corporation for their integrated electronic medical records and revenue cycle solution. The new system is scheduled to be a multiyear installation across the Hospital's various campuses, with the initial campus implementation finalized February 1, 2020. The net incremental cost to the Hospital of approximately \$476.6 million over the life of the agreement. Software licensing costs under the contract total approximately \$52.1 million.

#### 5. Long-Term Debt

A summary of long-term debt at December 31, 2019 and 2018 follows (in thousands):

|                                                                                            | 2019                | 2018                |
|--------------------------------------------------------------------------------------------|---------------------|---------------------|

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

- (a) *The New York and Presbyterian Hospital Taxable Bonds, Series 2019*: In October 2019, NYPH issued \$500.0 million in unsecured, taxable bonds. The bonds bear interest at a fixed rate of 3.95%, payable semi-annually. The bonds have a final maturity date of August 1, 2119, at which time the full principal balance is due. NYPH is the only member of the obligated group for this debt. NYPH incurred approximately \$5.8 million of financing costs in connection with the issuance of the bonds that will be amortized over the life of the bonds using the effective interest method. Bond proceeds that have not been expended are included in assets limited as to use as Board designated funds. The proceeds of the Series 2019 Bonds may be used for eligible corporate purposes of NYPH and its affiliates.
- (b) *The New York and Presbyterian Hospital Taxable Bonds, Series 2016*: In June 2016, NYPH issued \$850.0 million in unsecured, taxable bonds (the Series 2016 Bonds). The bonds have three separate final maturity dates, \$250.0 million due August 1, 2036, \$350.0 million due August 1, 2056, and \$250.0 million due August 1, 2116, and bear interest at approximate fixed rates of 3.6%, 4.1% and 4.8%, respectively. NYPH is the only member of the obligated group for this debt. Bond proceeds that have not been expended are included in assets limited as to use as Board designated funds. The proceeds of the Series 2016 Bonds may be used for eligible corporate purposes of NYPH and its affiliates, which have included the following: (a) making a loan to NYP/Hudson Valley to refinance its then outstanding 1993 and 2007 U.S. Department of Housing and Urban Development Federal Housing Agency (FHA) insured mortgage loans, (b) making a loan to NYP/Queens to refinance its then outstanding 2007 FHA-insured mortgage loan, (c) making a loan to NYP/Lawrence Hospital to refinance its then outstanding Westchester County Industrial Development Agency bonds (as part of LH's merger into NYPH in 2018, the inter-entity mortgage was relieved effective April 1, 2018), (d) refinancing outstanding debt of NYPH and other outstanding debt of certain NYPH affiliates, (e) financing of one or more projects of NYPH and certain NYPH affiliates, and (f) making a loan to Methodist for a capital project in 2017.

In November 2016, NYPH loaned NYP/Hudson Valley \$56.5 million and loaned NYP/Queens \$124.9 million from the proceeds of the Series 2016 Bonds to finance the repayment of certain of their obligations. In connection with these loans, NYP/Hudson Valley and NYP/Queens issued mortgage loans to NYPH to repay the obligations. The mortgage loans are secured by substantially all of the property, buildings and equipment and the gross receipts of the respective entities. The loans bear interest at a fixed rate of 4.21% and call for monthly payments of interest and principal through 2035.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

In January 2017, proceeds from the Series 2016 Bonds were used to loan Methodist \$327.0 million to finance the design, construction and equipping of the Center for Community Health, an approximately 400,000 square foot ambulatory care facility which will be located in Brooklyn, New York. The loan bears interest at a fixed rate of 4.21% and calls for monthly payments of interest only through January 1, 2020, and monthly payments of interest and principal of approximately \$1.7 million through January 1, 2047.

In September 2017 and 2018, proceeds from the Series 2016 Bonds were used to loan NYP/Queens \$16.0 million and \$39.4 million, respectively, to finance contributions into NYP/Queens' pension plan. In connection with the loans, NYP/Queens issued promissory notes to NYPH. The interest rate on the loans resets annually on December 1 to a variable LIBOR-based rate. In no event shall the rate be less than 1.00% or greater than 4.21%. The loans call for monthly payments of interest through December 1, 2037, with the entire principal amount of each loan due on that date.

The outstanding principal balance and interest payments related to all of the loans to the Regional Hospitals are eliminated in the accompanying consolidated financial statements as of and for the years ended December 31, 2019 and 2018.

- (c) *The New York and Presbyterian Hospital Taxable Bonds, Series 2015*: In February 2015, NYPH issued \$750.0 million in unsecured, taxable bonds. The bonds bear interest at a fixed rate of 4.02%, payable semi-annually. The bonds have a final maturity date of August 1, 2045, at which time the full principal balance is due. NYPH is the only member of the obligated group for this debt. Bond proceeds that have not been expended are included in assets limited as to use as Board designated funds.
- (d) *FHA Section 242 Insured Mortgage Loan – 1998*: In 1998 the Dormitory Authority of the State of New York (DASNY) issued revenue bonds to fund a mortgage loan to NYPH. NYPH's original mortgage agreement with DASNY was insured under the provisions of the FHA Section 242 mortgage insurance program.

During 2005, NYPH received \$8.4 million from DASNY in relation to a release of assets held by DASNY in reserve under the mortgage note and recorded the receipts as an increase to NYPH's deferred revenue balance in the accompanying consolidated statements of financial position. The deferred revenue was amortized over the remaining life of the mortgage using the effective interest method and was fully amortized as of December 31, 2019.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

In August 2009, NYPH completed the final endorsement of the FHA Section 242 Insured Mortgage Loan – 1998. The remaining amortization schedule was finalized with principal interest payments due through July 1, 2025. The terms of the mortgage were amended and, effective September 1, 2009, interest was to be paid at a fixed annual rate of 5.99% of the unpaid balance until the loan was fully paid. As a result of the final endorsement, DASNY released to NYPH an additional \$40.8 million of unused proceeds from the initial mortgage loan and NYPH received approximately \$2.9 million from the IRS related to prior years' bond proceeds arbitrage, all used for certain capital projects and as additional equity for the December 2010 transaction (see below). Additionally, the final endorsement resulted in NYPH's debt escrow fund (approximately \$12.5 million at final endorsement) being released for partial payment of the debt obligation at various future intervals.

In December 2010, DASNY assigned NYPH's mortgage to Prudential Huntoon Paige Associates, Ltd. (Prudential); the mortgage continues to be FHA-insured. In connection with the assignment of the mortgage, the associated DASNY bonds were defeased and Prudential issued new Government National Mortgage Association bonds to fund the mortgage loan. This transaction resulted in a reduction in the interest rate of the mortgage loan, effective December 15, 2010, to a fixed rate of 4.22% over the remaining term and required NYPH to make an equity contribution of \$23.8 million (\$15.1 million of the equity contribution was made, with the remaining balance of amounts held in assets limited as to use as part of the final endorsement). The equity contribution is being amortized over the remaining life of the mortgage using the effective interest method and has a balance that is a reduction to long-term debt, net of accumulated amortization, of approximately \$3.7 million and \$5.1 million at December 31, 2019 and 2018, respectively. All other material terms of the mortgage remained the same.

- (e) FHA Section 241 Insured Mortgage Loan – 2007: In September 2007, DASNY issued \$296.1 million of The New York and Presbyterian Hospital FHA-Insured Mortgage Hospital Revenue Bonds, Series 2007. A portion of the proceeds of the bonds was used to fund a mortgage loan from DASNY to NYPH. The maximum principal amount of \$278.5 million incorporated a discount of \$5.4 million. The mortgage is insured under the provisions of the FHA Section 241 mortgage insurance program. The mortgage bore interest at a rate of 6.5% through May 31, 2010, and 4.9% through July 31, 2012 (in addition, NYPH paid an incremental rate of 1.6% until final endorsement). On

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

August 7, 2012, NYPH completed final endorsement and the terms of the mortgage were amended and, effective August 1, 2012, interest was paid at a rate of 4.55%. The remaining amortization schedule was finalized, with principal and interest payments through June 1, 2035.

In December 2012, DASNY assigned NYPH's mortgage loan to Prudential; the mortgage continues to be FHA-insured. In connection therewith, the DASNY bonds were refunded and Prudential issued new Government National Mortgage Association securities to fund NYPH's mortgage. This transaction resulted in a reduction in the interest rate on the mortgage loan to a fixed rate of 2.74% over the remaining term of the loan, effective December 13, 2012. All other material terms of the mortgage remained the same.

- (f) *Secured Hospital Revenue Refunding Bonds – 2011*: In March 2011, NewYork-Presbyterian/Lower Manhattan Hospital (NYP/LMH), a campus of NYPH, issued \$32.6 million of Secured Hospital Revenue Refunding Bonds – 2011 through DASNY. The bonds bear interest at a fixed interest rate of 5%, payable semi-annually, with a final maturity date of February 15, 2022. NYP/LMH has granted to DASNY, with certain permitted exceptions, a security interest in gross receipts and certain fixtures, furnishings and equipment that secure the payment of the debt. The bonds are further secured by amounts, if required, that would be payable under a service contract between DASNY and the State of New York.
- (g) *FHA Section 241 Insured Mortgage Loan – 2013*: In September 2013, NYPH executed a \$500.0 million mortgage note with Prudential. The mortgage note bears interest at a fixed interest rate of 4.5%, payable semi-annually. The loan has a final maturity of September 1, 2038, with principal payable annually. The proceeds of the loan were deposited into a construction escrow account and were used to construct an ambulatory care center and pay related costs (see Note 3).
- (h) *Term Loan Payable*: In September 2013, LH signed a term loan agreement with an initial principal amount of \$25.7 million to be used for the construction of a three-story building to house a surgery and oncology center and a six-room operating suite on LH's property. The loan is payable through 2025 with interest at a fixed rate of 3.4% per annum. As a result of LH's merger into NYPH effective April 1, 2018, the term loan was assumed by NYPH.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 5. Long-Term Debt (continued)

- (i) *FHA Section 241 Insured Mortgage Loan – 1999*: In August 1999, Queens entered into a mortgage agreement with DASNY. The mortgage is insured by the FHA under the provisions of the Section 241 mortgage insurance program. The loan is secured by a first mortgage lien on certain real and personal property of NYP/Queens. Effective December 7, 2006, the loan was subject to a fixed interest rate of 5.6%. In 2007, the loan was final endorsed by the FHA, at which time the remaining amortization schedule was finalized with principal payments due through October 2026. In December 2010, the DASNY bonds underlying the loan were defeased and Prudential issued new Government National Mortgage Association securities. In connection with the defeasance, DASNY assigned Queens' mortgage to Prudential; the mortgage continues to be FHA-insured. The transaction resulted in a reduction in the interest rate of the mortgage loan, effective December 2, 2010, to a fixed rate of 4.1% over the remaining term. All other material terms of the mortgage remained the same.
- (j) *Build NYC Resource Corporation Bonds, Series 2014*: On September 17, 2014, the Build NYC Resource Corporation issued \$29.7 million of Tax-Exempt Revenue Refunding Bonds, Series 2014 (The New York Methodist Hospital Project) (the Series 2014 Bonds) on behalf of Methodist with an original issue premium of approximately \$3.8 million. The proceeds of the Series 2014 Bonds were lent to Methodist pursuant to a loan agreement and related master trust indenture, among other agreements, under which an obligated group was formed (Methodist is the only member of the obligated group for this debt). The Series 2014 Bonds have a coupon interest rate of 5.0% and an effective interest cost of 3.65%.
- (k) *Leasehold Condominium Note Payable*: In June 2017, the Hospital entered into a transaction pursuant to which the Hospital purchased a 30-year leasehold condominium interest (with an option to extend) in approximately 480,000 square feet of space located at 466 Lexington Avenue (the Leasehold Condominium) to consolidate corporate services of the Hospital. To finance the acquisition of the Leasehold Condominium, the Hospital issued to the seller a promissory note in the principal amount of \$249.9 million (the Promissory Note) which bears interest at a rate of 7% per annum. Interest payments for the period from July 2017 through December 2018 are deferred. The debt service terms require principal and interest payments in escalating amounts over the life of the note, ranging from \$1.5 million to \$2.5 million commencing January 2019 through December 2048. Unpaid interest incurred during the period accrues to the outstanding principal balance on

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

the Promissory Note. Under this arrangement, the amount due will increase to an ultimate principal balance of \$283.3 million in December 2023. As of December 31, 2019, the balance due includes the original principal amount of the Promissory Note and accrued interest of approximately \$28.7 million. The Promissory Note is secured by a mortgage granted by the Hospital in its interest in the Leasehold Condominium. In connection with this transaction, the seller/landlord provided the Hospital with a tenant allowance for leasehold improvements of approximately \$75.6 million, which is recorded in the accompanying consolidated statements of financial position within other current assets and other noncurrent assets based on the timing of the related cash receipts from the seller/landlord and other noncurrent liabilities for the deferred benefit, to be amortized over the term of the Promissory Note. As of December 31, 2019 and 2018, the accompanying consolidated statements of financial position include \$5.6 million and \$11.0 million as receivable for leasehold improvements in current assets, respectively, a \$19.2 million receivable recorded in noncurrent assets at a net present value of approximately \$4.0 and \$3.6 million, respectively, and noncurrent liabilities totaling approximately \$69.6 million and \$72.0 million, respectively.

- (1) *Finance Leases*: Certain equipment leases are the equivalent of an installment purchase for purposes of financial statement reporting. The lenders hold a first security interest in the financed equipment. The Hospital entered into several finance leases in 2019 and 2018 totaling approximately \$32.4 million and \$38.1 million, respectively. Interest rates related to the Hospital's outstanding finance lease obligations range from 0.0% to 5.6%.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 5. Long-Term Debt (continued)

Estimated principal payments under long-term debt (reflective of amounts obligated to date) for the next five years and thereafter, excluding finance leases, consist of the following (in thousands):

|            |           |
|------------|-----------|
| 2020       | \$ 58,361 |
| 2021       | 60,787    |
| 2022       | 63,301    |
| 2023       | 61,321    |
| 2024       | 64,852    |
| Thereafter | 2,900,992 |

Pursuant to the debt agreements, NYPH and the Regional Hospitals are required to maintain certain debt service and other funds, including mortgage reserve funds (see Note 3). In addition, NYPH and the Regional Hospitals are required to maintain certain working capital, debt service coverage and other financial ratios and financial conditions, and to obtain approvals to incur additional debt above specified levels if certain covenant requirements are not met. At December 31, 2019 and 2018, NYPH, NYP/Hudson Valley, NYP/Queens and Methodist were in compliance with the applicable financial covenants.

The various debt instruments described above are collateralized by substantially all of NYPH's and the Regional Hospitals' property, buildings and equipment and gross receipts derived from operations on an entity-specific basis.

Interest paid under all borrowings for the years ended December 31, 2019 and 2018 aggregated approximately \$110.9 million and \$109.7 million, respectively.

The Hospital has an unsecured \$200.0 million line of credit agreement with a commercial bank available through June 30, 2022. Due to the matters disclosed in Note 15, effective March 2020, the commitment was amended to \$350.0 million and the termination date was extended through March 31, 2023. The Hospital borrowed \$200.0 million from this line of credit in March 2020.

The Hospital has an unsecured \$150.0 million line of credit with a second commercial bank available through August 15, 2022. The Hospital borrowed \$150.0 million from this line of credit in March 2020. Effective April 2020, the Hospital entered into an additional unsecured \$100.0 million line of credit available through April 2021. The Hospital has not drawn on this line of credit through April 20, 2020.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **5. Long-Term Debt (continued)**

Effective March 2020, the Hospital entered into an unsecured \$200.0 million line of credit with a third commercial bank available through March 2021. The Hospital borrowed \$200.0 million from this line of credit in March 2020.

There were no borrowings on the lines of credit during 2019 or 2018.

### **6. Leases**

As described in Note 1, the Hospital adopted ASU 2016-02 effective January 1, 2019. The Hospital leases certain property and equipment under finance and operating leases. Leases are classified as either finance or operating leases based on the underlying terms of the agreement and certain criteria, such as the term of the lease relative to the useful life of the asset and the total lease payments to be made as compared to the fair value of the asset, amongst other criteria. Finance leases result in an accounting treatment similar to an acquisition of the asset.

For leases with initial terms greater than a year (or initially greater than one year remaining under the lease at the date of adoption of ASU 2016-02), the Hospital records the related right-of-use assets and liabilities at the present value of the lease payments to be paid over the life of the related lease. The Hospital's leases may include variable lease payments and renewal options. Variable lease payments are excluded from the amounts used to determine the right-of-use assets and liabilities unless the variable lease payments depend on an index or rate or are in substance fixed payments. Lease payments related to periods subject to renewal options are also excluded from the amounts used to determine the right-of-use assets and liabilities unless the Hospital is reasonably certain to exercise the option to extend the lease. The present value of lease payments is calculated by utilizing the discount rate stated in the lease, when readily determinable. For leases for which this rate is not readily available, the Hospital has elected to use a risk-free discount rate determined using a period comparable with that of the lease term. The Hospital has made an accounting policy election to separate lease components from non-lease components in contracts when determining its lease payments for its asset classes except for medical equipment, as permitted by ASU 2016-02. As such, the Hospital does not account for the applicable non-lease components together with the related lease components when determining the right-of-use assets and liabilities.

The Hospital has made an accounting policy election not to record leases with an initial term of less than a year as right-of-use assets and liabilities.

Operating leases with a present value of approximately \$373.7 million were recorded as right-of-use liabilities and assets as of January 1, 2019 upon the adoption of ASU 2016-02.

### 6. Leases (continued)

The following schedule summarizes information related to the lease assets and liabilities as of and for the year ended December 31, 2019 (in thousands):

|                                                                                |                   |
|--------------------------------------------------------------------------------|-------------------|
| <b>Lease cost</b>                                                              |                   |
| Finance lease cost:                                                            |                   |
| Amortization of right-of-use asset                                             | \$ 24,488         |
| Interest on lease liabilities                                                  | 2,412             |
| Operating lease cost                                                           | 70,583            |
| Short-term lease cost                                                          | 1,616             |
| Variable lease cost                                                            | 6,561             |
| Total lease cost                                                               | <u>\$ 105,660</u> |
| <br><b>Right-of-use assets</b>                                                 |                   |
| Right-of-use assets – finance leases                                           | \$ 80,258         |
| Right-of-use assets – operating leases                                         | 398,681           |
| Total right-of-use assets                                                      | <u>\$ 478,939</u> |
| <br><b>Right-of-use liabilities</b>                                            |                   |
| Right-of-use liabilities – finance leases                                      | \$ 106,939        |
| Right-of-use liabilities – operating leases                                    | 416,022           |
| Total right-of-use liabilities                                                 | <u>\$ 522,961</u> |
| <br><b>Other information</b>                                                   |                   |
| Cash paid for amounts included in the measurement of lease liabilities:        |                   |
| Operating cash flows from finance leases                                       | \$ 2,399          |
| Operating cash flows from operating leases                                     | 69,832            |
| Financing cash flows from finance leases                                       | 24,264            |
| <br>Right-of-use assets obtained in exchange for new finance lease liabilities | <br>\$ 32,813     |
| Right-of-use assets obtained in exchange for new operating lease liabilities   | 42,352            |
| <br>Weighted-average remaining lease term – finance leases                     | <br>3.96          |
| Weighted-average remaining lease term – operating leases                       | 9.59              |
| Weighted-average discount rate – finance leases                                | 2.84              |
| Weighted-average discount rate – operating leases                              | 2.60              |

For finance leases, right-of-use assets are recorded in property, buildings and equipment and lease liabilities are recorded in long-term debt in the accompanying consolidated statements of financial position. For operating leases, right-of-use assets are recorded in operating lease assets and lease liabilities are recorded in operating lease liabilities, current and noncurrent, in the accompanying consolidated statements of financial position.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 6. Leases (continued)

The following table reconciles the undiscounted lease payments to the lease liabilities recorded on the accompanying consolidated statements of financial position at December 31, 2019 (in thousands):

|                        | <b>Finance<br/>Leases</b> | <b>Operating<br/>Leases</b> |
|------------------------|---------------------------|-----------------------------|
| 2020                   | \$ 34,198                 | \$ 66,397                   |
| 2021                   | 26,418                    | 55,319                      |
| 2022                   | 22,097                    | 47,337                      |
| 2023                   | 13,587                    | 42,605                      |
| 2024                   | 9,948                     | 38,943                      |
| Thereafter             | 7,185                     | 234,528                     |
| Total lease payments   | 113,433                   | 485,129                     |
| Less imputed interest  | 6,494                     | 69,107                      |
| Total lease obligation | 106,939                   | 416,022                     |
| Less current portion   | 25,100                    | 55,947                      |
| Long-term portion      | \$ 81,839                 | \$ 360,075                  |

Total rental expense for the years ended December 31, 2019 and 2018, aggregated approximately \$98.1 million and \$88.7 million, respectively. Sublease income and contingent rentals were not significant. The Hospital leases certain properties owned by related entities (see Note 10).

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 7. Beneficial Interest in Net Assets Held by Related Organizations

The Hospital recognizes its accumulated interest in certain net assets held by Fund, Inc. and WCMC Fund, which were as follows at December 31, 2019 and 2018 (in thousands):

|                                                                         | <b>2019</b>         | <b>2018</b>         |
|-------------------------------------------------------------------------|---------------------|---------------------|
| Fund, Inc.:                                                             |                     |                     |
| Building and equipment replacement                                      | \$ 755,204          | \$ 708,543          |
| Specific purpose health care services                                   | 931,365             | 851,055             |
| Endowment earnings restricted for specific-purpose health care services | 217,564             | 203,210             |
| Permanent endowment to be held in perpetuity                            | 226,702             | 222,775             |
|                                                                         | <b>2,130,835</b>    | 1,985,583           |
| WCMC Fund:                                                              |                     |                     |
| Investments held in perpetual trust                                     | 39,169              | 37,452              |
| Total beneficial interest in net assets held by related organizations   | 2,170,004           | 2,023,035           |
| Less current portion                                                    | 68,510              | 60,735              |
|                                                                         | <b>\$ 2,101,494</b> | <b>\$ 1,962,300</b> |

Certain net assets that are included in the beneficial interest in net assets held by related organizations represent endowments that have been restricted by donors to be maintained in perpetuity and are held by Fund, Inc. and WCMC Fund on behalf of the Hospital. The Hospital follows the requirements of the New York Prudent Management of Institutional Funds Act (NYPMIFA) as they relate to permanent endowment contributions and net assets.

The Hospital has interpreted NYPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund, absent explicit donor stipulations to the contrary. The Hospital classifies as net assets with donor restrictions – permanent endowment the original value of the gifts donated to the permanent endowment and the original value of subsequent gifts to the permanent endowment. Accumulations to the permanent endowment are used in accordance with the direction of the applicable donor gift, such amounts are expended annually.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### **7. Beneficial Interest in Net Assets Held by Related Organizations (continued)**

The Hospital considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (i) the duration and preservation of the fund; (ii) the purposes of the Hospital and the donor-restricted endowment fund; (iii) general economic conditions; (iv) the possible effects of inflation and deflation; (v) where appropriate and circumstances would otherwise warrant, alternatives to expenditure of the endowment fund, giving due consideration to the effect that such alternatives may have on the Hospital; (vi) the expected total return from income and the appreciation of investments; (vii) other resources of the Hospital and (viii) the investment and spending policies of the Hospital. Fund, Inc.'s endowment investment returns distribution policy, which applies to the Hospital, allows for expenditures of investment return only, at a rate not to exceed 4.5% of the permanent endowment net asset balance on an annual basis.

The Hospital has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding related to the endowment funds, while seeking to maintain the purchasing power of the funds. To satisfy long-term return objectives, the Hospital relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Hospital employs a long-term equity oriented strategy of investing in both traditional and alternative asset classes.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 7. Beneficial Interest in Net Assets Held by Related Organizations (continued)

Assets held by Fund, Inc. and WCMC Fund for the benefit of the Hospital consist of pledges and investments (at fair value) that represent allocated amounts from Fund, Inc.'s pooled investments portfolio, a significant portion of which is invested in the HERS program, and WCMC Fund's interest in a perpetual trust. These assets are comprised of the following at December 31, 2019 and 2018 (in thousands):

|                                                                        | 2019         | 2018         |
|------------------------------------------------------------------------|--------------|--------------|
| Fund, Inc. pooled investment portfolio allocation:                     |              |              |
| Marketable securities:                                                 |              |              |
| Cash and cash equivalents                                              | \$ 289,696   | \$ 105,087   |
| Fixed income:                                                          |              |              |
| U.S. government                                                        | 179,718      | 84,845       |
| Equities:                                                              |              |              |
| U.S. equities                                                          | 46,728       | 19,907       |
| Non-U.S. equities                                                      | 48,474       | 100,893      |
| Common collective/commingled trusts                                    | 430,394      | 306,866      |
| Real assets                                                            | –            | 16,585       |

### 7. Beneficial Interest in Net Assets Held by Related Organizations (continued)

Pledges receivable by Fund, Inc. at December 31, 2019 and 2018, are to be paid as follows (in thousands):

|                                                   | 2019       | 2018       |
|---------------------------------------------------|------------|------------|
| Less than one year                                | \$ 115,128 | \$ 146,772 |
| One to five years                                 | 159,560    | 201,664    |
| Thereafter and bequests                           | 142,200    | 145,540    |
|                                                   | 416,888    | 493,976    |
| Allowance for uncollectible pledges and discounts | (74,107)   | (75,386)   |
|                                                   | \$ 342,781 | \$ 418,590 |

Estimated cash flows from pledges receivable due after one year are discounted using a risk-adjusted rate, ranging from 1.69% to 7.35%.

Changes in the beneficial interest in net assets held by Fund, Inc. and WCMC Fund on the Hospital's behalf are recognized in the Hospital's consolidated statements of changes in net assets for the years ended December 31, 2019 and 2018 and are summarized as follows (in thousands):

|                                                                                                         | Plant<br>Replacement | Specific<br>Purpose | Endowment<br>Earnings | Permanent<br>Endowment | Total Changes<br>in Beneficial<br>Interest |

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 8. Insurance

*Professional Liability Insurance:* In 1978, NYPH, in conjunction with a number of unrelated health care entities, participated in the formation of captive insurance companies (collectively, the Captive) to provide professional liability and general liability insurance to its participants. The premiums are based on a modified claims-made coverage and are actuarially determined based on the actual experience of the Captive, NYPH-specific experience, and estimated current exposure. The Captive has reinsurance coverage from reinsurers for certain amounts above its coverage level per claim limits. The professional liability tower provides coverage in excess of \$270.0 million to the Hospital and the Captive participants.

In January 1996, rights to equity in the Captive were transferred to Fund, Inc. Accordingly, insurance premiums are paid by the Hospital initially to Fund, Inc. (see Note 10).

Effective July 1, 2013, August 1, 2014, February 1, 2015 and December 1, 2015, NYP/LMH, NYP/Lawrence, NYP/Hudson Valley and NYP/Queens, respectively, became insured by the Captive. Prior to each entity's respective effective date with the Captive, the entities were covered by various self-insured, claims-made and excess insurance policies.

Exposure for claims that occurred prior to and reported after the respective dates of NYP/Lawrence Hospital, NYP/Hudson Valley and NYP/Queens being insured by the Captive is retained by each hospital and will be paid under a deposit program with the Captive (assets totaling \$36.6 million and \$39.6 million that are on deposit with the Captive at December 31, 2019 and 2018, respectively, are reported within professional liabilities insurance recoveries receivable and related deposits in the accompanying consolidated statements of financial position).

In 1983, Methodist and a number of other health care providers unrelated to Methodist or the Hospital formed Combined Coordinating Council, Inc. of New York (CCCI) to coordinate the access to insurance for professional and comprehensive general liability risks and to serve as a risk management advisor to the providers who participate in CCCI. The shareholders of CCCI are also the shareholders of CCC Insurance Company, Ltd. of Bermuda, a captive insurer formed in 1983, and its subsidiary, CCC Corporation of Barbados, formed in 1987. Through June 30, 2004, the CCCI insurance program provided insurance under a common occurrence-basis structure with reinsurance from outside reinsurers for specified amounts above per-claim limits.

Effective July 1, 2004, CCCI formed CCC Insurance SCC and implemented a "cell captive" structure which replaced the previous coverage structure. Under this program, primary coverage for individual claims for each participating hospital is provided through a commercial insurance carrier on an

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **8. Insurance (continued)**

occurrence basis. The first layer of excess coverage under the program utilizes individual segregated cells for each participating hospital, under which invested assets and insurance-related liabilities are segregated for each participant and there is no shared risk among the entities. In addition to coverage for the participating hospitals' professional liability, the program also includes coverage of voluntary attending physicians' professional liability with premiums paid by the participating physicians.

The Hospital records its investment under the cell captive structure, the related changes in its segregated account as reported by CCC Insurance SCC and its investments in other insurance companies within the CCC insurance group in the accompanying consolidated statements of financial position. At December 31, 2019 and 2018, investments held in the CCC segregated cell totaling approximately \$229.8 million and \$214.4 million, respectively, are included in assets limited as to use in the accompanying consolidated statements of financial position (see Note 3).

Other self-insurance funded amounts are included in assets limited as to use in the accompanying consolidated statements of financial position (see Note 3).

The Hospital's undiscounted estimate for professional liabilities and the estimate for incidents that have been incurred but not reported aggregated approximately \$878.2 million and \$845.6 million at December 31, 2019 and 2018, respectively, and is included in professional and other insurance liabilities in the accompanying consolidated statements of financial position at the actuarially determined present value of approximately \$802.7 million and \$796.0 million, respectively, based on a composite discount rate of approximately 3.0% at December 31, 2019 and 2018. The Hospital has recorded related insurance recoveries receivable of approximately \$378.0 million and \$346.3 million at December 31, 2019 and 2018, respectively. The current portion of professional liabilities and the related insurance recoveries receivable represents an estimate of expected settlements and insurance recoveries over the next 12 months.

The Hospital's estimates for professional liabilities are based upon complex actuarial calculations which utilize factors such as historical claims experience for the Hospital and related industry factors, trending models, estimates for the payment patterns of future claims and present value discount factors. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term (see Note 12). Revisions to estimated amounts resulting from actual experience differing from projected expectations are recorded in the period the information becomes known or when changes are anticipated.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **8. Insurance (continued)**

*Workers' Compensation Insurance:* Prior to April 1, 1999, NYPH was self-insured for workers' compensation claims. From April 1, 1999 through March 31, 2019, NYPH has purchased insurance through the New York State Insurance Fund in a program that effectively transfers risk from NYPH. At December 31, 2019 and 2018, the estimate for workers' compensation claims and incurred but not reported liabilities pertaining to NYPH under this insurance program and liabilities related to the Regional Hospitals totaled approximately \$10.7 million and \$7.0 million, respectively.

Effective April 1, 2019, the Hospital entered into a workers' compensation insurance program with a commercial insurer which includes a \$1.0 million deductible per occurrence, as defined within the policy. At December 31, 2019, the estimate for workers' compensation claims and incurred but not reported liabilities under this program is approximately \$22.9 million.

In connection with the workers' compensation self-insurance programs, the Hospital maintains two letters of credit through banks in the aggregate amount of approximately \$13.4 million, which satisfies the collateral deposit requirement.

### **9. Pension and Similar Benefit Plans**

*Pension Plans:* The Hospital provides pension and similar benefits to its employees through several plans, including various multiemployer plans for union employees (see Note 14), a qualified noncontributory defined benefit plan primarily for eligible non-union employees of NYPH (the Qualified Pension Plan), a nonqualified defined benefit plan for certain NYPH executives (the Nonqualified Pension Plan), a defined benefit retirement plan under a collective bargaining agreement for certain employees of NYP/LMH (the NYP/LMH Pension Plan), a non-contributory defined benefit retirement plan for eligible NYP/Lawrence Hospital employees (the Lawrence Pension Plan), a nonqualified defined benefit plan for certain NYP/Lawrence Hospital executives (the Lawrence Nonqualified Pension Plan), a defined benefit plan for union and nonunion employees of NYP/Queens that was frozen for future benefit accruals in 2003 (the Queens Pension Plan) and a defined benefit plan primarily for eligible nonunion employees of Methodist (the Methodist Pension Plan) (these non-multiemployer plans are collectively referred to as the Pension Plans).

The Hospital funds the noncontributory defined benefit plans in accordance with the minimum funding requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA), plus additional amounts that the Hospital may deem appropriate from time to time.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### **9. Pension and Similar Benefit Plans (continued)**

Amounts contributed to the Pension Plans are based on actuarial valuations. The benefits for participants or their beneficiaries in the Pension Plans sponsored by the Hospital are based on years of service and employees' compensation during their years of employment as applicable to each plan.

On November 15, 2017, the Lawrence Pension Plan was amended such that effective after December 31, 2017, benefit accruals for certain participants will be frozen, resulting in a plan curtailment. Non-union participants who were at least age 59 with 10 years of credited service as of December 31, 2017, are grandfathered and will continue to accrue benefits. Current retirees and employees who meet the current grandfathering rules will retain their current retiree medical and life insurance benefits.

The Hospital also sponsors several other contributory and non-contributory defined contribution plans.

*Postretirement Benefits:* NYPH, NYP/Queens, NYP/Lawrence Hospital and Methodist provide certain health care and life insurance benefits to certain eligible retired non-union employees through several plans (the Postretirement Benefit Plans).

The Hospital recognizes in the accompanying consolidated statements of financial position an asset, for a defined benefit postretirement plan's overfunded status, or a liability, for a plan's underfunded status; measures a defined benefit postretirement plan's assets and obligations that determine funded status as of the end of the fiscal year; and recognizes the periodic change in the funded status of a defined benefit postretirement plan as a component of changes in net assets without donor restrictions in the year in which the change occurs. Amounts that are recognized as a component of changes in net assets without donor restrictions will be subsequently recognized as net periodic pension and postretirement cost.

| Plan participant contributions                 | -                   | -            | 923                                                    | 850         |
| Settlements paid                               | (1,123)             | (2,771)      | -                                                      | -           |
| Benefits paid                                  | (95,586)            | (90,728)     | (3,502)                                                | (3,922)     |
| Fair value of plan assets at end of year       | <b>2,200,808</b>    | 1,919,884    | -                                                      | -           |
| Funded status                                  | <b>\$ (292,155)</b> | \$ (208,762) | <b>\$ (62,474)</b>                                     | \$ (58,161) |

The net actuarial losses in 2019 and net actuarial gains in 2018 primarily relate to changes in the discount rate used to measure the projected benefit obligation.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 9. Pension and Similar Benefit Plans (continued)

At December 31, 2019 and 2018, the funded status of the Pension Plans are reported in the accompanying consolidated statements of financial position as follows (in thousands):

|                      | <b>Pension Plans</b> |                   |
|----------------------|----------------------|-------------------|
|                      | <b>2019</b>          | <b>2018</b>       |
| Current liability    | \$ 23,649            | \$ 20,773         |
| Noncurrent liability | 268,506              | 187,989           |
|                      | <b>\$ 292,155</b>    | <b>\$ 208,762</b> |

The total estimated liability of the Postretirement Benefit Plans, including the NYP/Lawrence and the Methodist plans, was approximately \$74.3 million and \$68.3 million, at December 31, 2019 and 2018, respectively, the current portion of which totaled approximately \$4.8 million and \$5.1 million at December 31, 2019 and 2018, respectively.

Included in other changes in net assets without donor restrictions for the years ended December 31, 2019 and 2018 are the following amounts related to the Pension Plans that have not yet been recognized in net periodic pension cost (in thousands):

|                                 | <b>Pension Plans</b> |                   |
|---------------------------------|----------------------|-------------------|
|                                 | <b>2019</b>          | <b>2018</b>       |
| Unrecognized prior service cost | \$ 1,460             | \$ 1,105          |
| Unrecognized actuarial losses   | 822,331              | 626,638           |
|                                 | <b>\$ 823,791</b>    | <b>\$ 627,743</b> |

The change in net assets from pension and postretirement benefit liabilities to be recognized in future periods as reported in the accompanying consolidated statements of operations are decreases in net assets of approximately \$196.0 million and \$16.6 million for 2019 and 2018, respectively, and represents the combined change in the amounts for the Pension Plans and the Postretirement Benefit Plans.

The New York and Presbyterian Hospital

Notes to Consolidated Financial Statements (continued)

**9. Pension and Similar Benefit Plans (continued)**

The prior service cost and actuarial losses included in changes in net assets without donor restrictions at December 31, 2019 that are expected to be recognized in net periodic pension cost during the year ending December 31, 2020 are as follows (in thousands):

|                                 | <u>Pension<br/>Plans</u> |
|---------------------------------|--------------------------|
| Unrecognized prior service cost | \$ 714                   |
| Unrecognized actuarial losses   | 52,580                   |

The projected benefit obligation, accumulated benefit obligation, and fair value of the plans' assets by type of defined benefit pension plan follow (in thousands):

|                                | <u>December 31, 2019</u>           |                                      |
|--------------------------------|------------------------------------|--------------------------------------|
|                                | <u>Qualified<br/>Pension Plans</u> | <u>Nonqualified<br/>Pension Plan</u> |
| Projected benefit obligation   | \$ 2,439,994                       | \$ 52,969                            |
| Accumulated benefit obligation | 2,417,114                          | 41,618                               |
| Fair value of plans' assets    | 2,200,808                          | —                                    |

| Recognized actuarial gain due<br>to curtailment               | –                | –         | <b>(1,561)</b>                                         | –        |
| Recognized actuarial loss due<br>to settlement                | <b>176</b>       | 350       | –                                                      | –        |
| Net periodic pension cost and<br>postretirement benefits cost | <b>\$ 53,799</b> | \$ 63,344 | <b>\$ 3,196</b>                                        | \$ 5,194 |

The aggregated periodic postretirement benefit cost of the Postretirement Benefit Plans, including the NYP/Lawrence Hospital and the NYP/Brooklyn Methodist plans, was approximately \$4.4 million and \$5.9 million for the years ended December 31, 2019 and 2018, respectively.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 9. Pension and Similar Benefit Plans (continued)

Weighted-average assumptions used in determining the net periodic pension and postretirement benefits cost for the years ended December 31, 2019 and 2018 were as follows:

|                                            | Pension Plans |           | Postretirement<br>Benefit Plans |            |
|--------------------------------------------|---------------|-----------|---------------------------------|------------|
|                                            | 2019          | 2018      | 2019                            | 2018       |
| Discount rates                             | 4.25%         | 3.75%     | 4.00-4.25%                      | 3.50-3.75% |
| Expected rates of return on<br>plan assets | 7.25-7.5      | 7.25-7.50 | –                               | –          |
| Rates of compensation                      | 3.50-4.00     | 2.50-4.00 | –                               | –          |

The overall expected long-term rate of return on assets of the Pension Plans is based on the historical returns of each asset class weighted by the target asset allocation. The target asset allocation has been selected consistent with the Hospital's desired risk and return characteristics. The Hospital reviews the expected long-term rate periodically and, based on the building block approach, updates the rate for changes in the marketplace. The market conditions in 2019 and 2018 and changes in the pension asset allocations were considered in the Hospital's evaluation of the expected long-term rate of return assumption.

The measurement date used to determine the pension and postretirement benefits measurements is December 31.

*Plan Assets:* The overall objectives of the investment policies are to produce an asset allocation that will generate return annually in order to meet the expense and income needs and provide for sufficient annual asset growth. Funds are invested with a long-term (five years or greater) return objective.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 9. Pension and Similar Benefit Plans (continued)

The investment policies include the following strategic asset allocation guideline target:

| <b>Asset Category</b> | <b>NYPH Master Trust<br/>Investment Pool<sup>1</sup></b> |
|-----------------------|----------------------------------------------------------|
| Equities              | 36%                                                      |
| Fixed income          | 7                                                        |
| Hedge Funds           | 19                                                       |
| Private equity        | 17                                                       |
| Natural resources     | 8                                                        |
| Real estate           | 4                                                        |
| Opportunistic credit  | 1                                                        |

<sup>1</sup> Effective January 1, 2018, the NYP/Brooklyn Methodist and NYP/LMH defined benefit pension plans began participating in the NYPH Master Trust Investment Pool (NYPH Master Trust). At December 31, 2019, the qualified defined pension plans of NYPH, NYP/Queens, NYP/Lawrence Hospital, Methodist and NYP/LMH participate in the NYPH Master Trust.

The policy target percentages are reevaluated at least quarterly. Investment performance is reviewed quarterly with performance results and benchmarks.

Assets invested for the Pension Plans are carried at fair value. Fixed income and equity securities and real assets with readily determinable values are carried at fair value as determined based on independent published sources. Alternative investments are stated at fair value, as estimated in an unquoted market. Fair value for alternative investments is determined for each investment using net asset values as a practical expedient, as permitted by U.S. generally accepted accounting principles, rather than using another valuation method to independently estimate fair value.

The composition and reported value of the Pension Plans' assets at December 31, 2019 and 2018 are disclosed in Note 13.

The Hospital is not required to contribute to its Pension Plans in 2020.

## The New York and Presbyterian Hospital

#### 10. Related Organizations

Fund, Inc. is an affiliated not-for-profit public charity whose revenue is derived from soliciting, receiving, investing and administering funds. Royal Charter Properties, Inc. (RCP, Inc.), Royal Charter Properties-East, Inc. (RCP-East) and Royal Charter Properties-Westchester, Inc. (RCP-West) are affiliated not-for-profit support corporations that derive revenue from acquiring and holding direct and indirect interests in real estate and related personal property, which are primarily used to provide residential housing, office space and parking to NYPH and its employees based on the market value of such services. RCP, Inc., RCP-East and RCP-West provide services primarily to or for the benefit of NYPH.

Amounts received by NYPH from or amounts contributed by NYPH to related support organizations, reflected in other revenue in the accompanying consolidated statements of operations for the years ended December 31, 2019 and 2018 are as follows (see Note 11) (in thousands):

|                                                                      | <b>2019</b>      | <b>2018</b>      |
|----------------------------------------------------------------------|------------------|------------------|
| Distributions from (payments to) according to organization's bylaws: |                  |                  |
| RCP, Inc.                                                            | \$ 6,760         | \$ —             |
| RCP-East                                                             | 32,054           | 31,860           |
| RCP-West                                                             | (64)             | (59)             |

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 10. Related Organizations (continued)

Fund, Inc. also pays certain program related costs on behalf of NYPH (see Note 7). Fund, Inc. paid approximately \$13.2 million and \$12.7 million related to malpractice and postretirement costs incurred by NYPH for the years ended December 31, 2019 and 2018, respectively, and approximately \$3.5 million in 2019 for Regional Hospital medical group expansion activities. Other distributions made by Fund, Inc. to NYPH include approximately \$91.9 million and \$299.6 million in 2019 and 2018, respectively, for the purchase of fixed assets.

Services provided to NYPH by related entities for the years ended December 31, 2019 and 2018 are as follows (in thousands):

|                                          | 2019      | 2018      |
|------------------------------------------|-----------|-----------|
| Fund, Inc. – insurance ( <i>Note 8</i> ) | \$ 64,075 | \$ 69,219 |
| RCP, Inc. – rentals (net)                | 4,424     | 4,459     |
| RCP-East – rentals                       | 9,202     | 9,955     |
| RCP-West – rentals                       | 266       | 307       |
|                                          | \$ 77,967 | \$ 83,940 |

In connection with a financing completed by RCP, Inc. in 2001 for the renovation and improvement of a parking garage facility, NYPH entered into a noncancellable lease with RCP, Inc., for a period not longer than 29 years, whereby NYPH will lease 50% of the parking spaces at an amount sufficient to cover the debt service on the financing.

In connection with the financing completed by RCP-East in 1998, NYPH entered into a lease through April 2035, whereby NYPH is required to pay a fixed rent in the event that RCP-East does not meet certain covenants.

NYPH received income distributions of \$17.5 million and \$12.5 million in 2019 and 2018, respectively, from Weill Cornell Imaging at New York-Presbyterian, a radiology and imaging joint venture affiliated with NYPH and Weill Cornell Medical College. Additionally, NYPH received an income distribution of \$3.5 million in 2019 from ColumbiaDoctors/NewYork-Presbyterian Imaging, a radiology and imaging joint venture affiliated with NYPH and Columbia VP&S.

The Hospital provides employee and other services to related entities for which the Hospital receives reimbursement, and the costs of providing such services are recorded directly by those entities. Accordingly, such amounts are not included in the accompanying consolidated financial statements of the Hospital. Charges for such services are based on the approximate cost to provide

| Equity in income from investee                                                                                                    | 6,799      | 7,524      |
| Specialty pharmacy                                                                                                                | 70,014     | 13,487     |
| Other                                                                                                                             | 70,698     | 63,567     |
|                                                                                                                                   | \$ 426,675 | \$ 330,141 |

#### 12. Commitments and Contingencies

Various lawsuits and claims arising in the normal course of operations are pending or are in progress against the Hospital. Such lawsuits and claims are either specifically covered by insurance or are not deemed material. While the outcome of these lawsuits cannot be determined at this time, management, based on advice from legal counsel, believes that any loss which may arise from these actions will not have a material adverse effect on the financial position or results of operations of the Hospital.

Litigation pending against the Hospital includes certain cases in which the Hospital is a co-defendant with Columbia VP&S involving alleged sexual abuse by a former faculty member of Columbia VP&S. These cases have received recent media attention and on February 28, 2020, the Hospital received notice that plaintiffs' counsel filed a proposed class action lawsuit arising from claims of sexual abuse by the former Columbia VP&S faculty member. Based on the information presently available to the Hospital concerning the number and types of claims, management believes, upon advice of legal counsel, it to be unlikely the federal court will certify the class.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 12. Commitments and Contingencies (continued)

Management therefore currently believes that the probable recoveries and estimated costs and expenses of defense of this litigation, after application of any available insurance coverage, will not materially and adversely affect the Hospital's operations or financial condition.

At December 31, 2019 and 2018, approximately 43% and 44% of the Hospital's employees were covered by collective bargaining agreements, respectively. Collective bargaining agreements covering all such employees are set to expire at various dates through 2022.

Effective January 1, 2009, the IRS issued final regulations for purposes of determining common control for qualified retirement plans sponsored by tax-exempt organizations. In general, tax-exempt entities that are under common control are treated as one entity for certain of the requirements of qualified plans. The regulations determine control based on facts and circumstances; for this purpose, common control would exist if, among other situations, at least 80% of the directors or trustees of one organization were either representatives of, or directly or indirectly controlled by, another organization. These regulations could have an effect on the operations of the Hospital's and its related entities' retirement plans and the responsibilities of those entities for associated liabilities, although such effects are uncertain at this time.

In April 2016, Methodist, on behalf of a controlled professional corporation (PC), submitted a letter to the United States Department of Health and Human Services, Office of Counsel to the Inspector General, Office of Inspector General (the OIG) through the OIG's Self-Disclosure Protocol (SDP) notifying the OIG of potential issues concerning certain physician compensation, billing and other matters that potentially violate the Federal Civil Monetary Penalties Law (CMPL). A copy of the submission was also sent to the New York State Office of the Medicaid Inspector General (OMIG). Corrective action relating to the matters discussed in the April 2016 letter has been taken. On May 10, 2016, the OIG accepted Methodist into the SDP. On August 30, 2016, Methodist and the PC reported the results of their internal investigation into the self-disclosed conduct to the OIG, including, among other things, their estimates of potential damages to Federal health care programs relating thereto. The OIG SDP was established to encourage providers to voluntarily identify, disclose and resolve certain matters involving Federal health care programs under the OIG's civil monetary penalties authorities. As previously described in Note 2, noncompliance with Medicare and Medicaid laws and regulations can result in repayment obligations, fines, penalties or exclusion from such programs. However, the OIG's SDP indicates that a provider's good faith participation in the SDP can potentially mitigate the provider's exposure under the OIG's civil monetary penalties authorities as compared to what might otherwise be required in resolving a Government-initiated investigation and may result in faster resolution of such issues.

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 12. Commitments and Contingencies (continued)

In the accompanying consolidated financial statements, net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered and includes estimated retroactive revenue adjustments which may arise from future audits, reviews and investigations. However, at December 31, 2019, and as of the issuance of the accompanying consolidated financial statements, the amount of potential repayment obligations to (or other actions that may be taken by) the OIG, other government agencies and/or others in connection with the referenced self-disclosure is unknown. In addition, the amount of any fines or penalties which may be assessed in connection with the referenced self-disclosure is also presently unknown and will be recorded by the Hospital when reasonably estimable.

### 13. Fair Value Measurements

The Hospital uses various methods of calculating fair value of its financial assets and liabilities, when applicable. The Hospital defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. Fair value measurements are applied based on the unit of account from the Hospital's perspective. The unit of account determines what is being measured by reference to the level at which the asset or liability is aggregated (or disaggregated).

The Hospital uses a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

*Level 1:* Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

*Level 2:* Observable inputs that are based on inputs not quoted in active markets, but corroborated by market data.

*Level 3:* Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. In determining fair value, the Hospital uses valuation techniques that maximize the use of observable inputs and minimize the

# The New York and Presbyterian Hospital

## Notes to Consolidated Financial Statements (continued)

### 13. Fair Value Measurements (continued)

- (a) Equity portfolios invested in common stock of corporations primarily domiciled in the United States.
- (b) Equity portfolios invested in common stock of corporations primarily domiciled outside the United States, including emerging market countries.
- (c) Equity portfolios invested in common stock of real estate or natural resources.
- (d) Investments held by captive insurance companies consist of assets which are pooled with other assets maintained by the companies and include investments in marketable securities and alternative investments that are recorded by the captive insurance companies at fair value based on quoted market prices or other means for the companies' holdings of alternative investments. The Hospital reports an allocation of the fair value of the pooled investments in its consolidated statements of financial position.
- (e) Common collective/commingled trusts invested in common stock of corporations domiciled in the United States and outside the United States, including emerging market countries.
- (f) Hedge funds include long and short equity, multi-strategy, event driven and relative value funds invested with managers who invest with different strategies and typically employ some leverage. In long and short equity, fund managers create a portfolio of long positions in stocks expected to appreciate over time and short positions in stocks expected to depreciate. Event driven managers create a portfolio designed to profit from corporate events such as mergers, spin-offs, defaults and bankruptcy. Relative value managers invest in long and short positions, but typically have a more neutral net market position than long and short. Multi-strategy is a fund employing a variety of hedge fund strategies.
- (g) Private equity investments include limited partnership investments in funds pursuing strategies in corporate buyouts, venture capital, growth equity, distressed and turnaround investments.
- (h) Real estate and natural resources investments.

The following is a description of the Hospital's valuation methodologies for assets measured at fair value. The fair value methodologies are not necessarily indicators of investment risk, but are descriptive of the measures used to arrive at fair value pricing. Fair value for Level 1 is based upon quoted market prices. Investments classified as Level 2 are primarily valued using techniques that are consistent with the market approach. Valuations for Level 2 are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs, which include broker/dealer quotes, reported/comparable trades, and benchmark yields are obtained from various sources including market participants, dealers and brokers. The Pension Plans' common collective/commingled trusts and alternative investments are measured at net asset value; the valuation for these alternative investments is described in Note 9. The methods described above may produce a fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Hospital believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

## The New York and Presbyterian Hospital

### Notes to Consolidated Financial Statements (continued)

#### 13. Fair Value Measurements (continued)

The following is a summary of investments (by major class) that have restrictions on the Hospital's or the Hospital's Pension Plans' ability to redeem its investments at the measurement date, any unfunded capital commitments and the investments strategies of the investees as of December 31, 2019 (including investments accounted for using the equity method) (in thousands):

| Description of Investment               | December 31,<br>2019<br>Value | Unfunded<br>Commitments | Redemption Frequency<br>(If Currently Eligible) | Redemption<br>Notice<br>Period |

### 14. Multiemployer Pension Plans

Applicable entities comprising the Hospital contribute to the New York State Nurses Association Pension Plan (NYSNA), the 1199 SEIU Healthcare Employees Pension Fund (1199 SEIU) and the International Union of Operating Engineers Local 30 Pension Fund (Local 30). These are multiemployer defined benefit pension plans under the terms of collective bargaining agreements that cover the Hospital's union-represented employees. Contributions to union plans are based on union employee gross salary levels and rates required under union contractual arrangements.

The risks of participating in these multiemployer plans are different from single-employer plans in the following respects:

- Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- If the Hospital chooses to stop participating in some of its multiemployer plans, the Hospital may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Hospital's participation in these plans for the annual period ended December 31, 2019 is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2019 and 2018 is for the plan's year-end at December 31, 2018 and 2017, respectively. The zone status is based on information that the Hospital received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded and plans in the green zone are at least 80% funded. The "FIP/RP Status" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented. The last column lists the NYPH expiration dates of the collective bargaining agreements to which the plans are subject (applicable Regional Hospital expiration dates range from September 30, 2021 to April 30, 2023).

NYPH was listed in the NYSNA and 1199 SEIU plans' Forms 5500 as providing more than 5% of the total contributions during each of the plans 2018 and 2017 plan years. Forms 5500 are not yet available for the plan year ended in 2019.

### 15. Events Subsequent to December 31, 2019

Subsequent events have been evaluated through April 20, 2020, which is the date the consolidated financial statements were issued. Except as disclosed in Notes 5 and 12 and below, no events have occurred that require disclosure in or adjustment to the accompanying consolidated financial statements.

Due to the global viral outbreak caused by Coronavirus Disease 2019 (COVID-19) in 2020, there have been resulting effects which could negatively impact the Hospital's financial condition, including significant stock market exchange volatility, such as various temporary volatility trading halts which commenced initially on March 9, 2020 due to market declines, various temporary business closures and event cancellations, and other effects which have resulted in supply disruptions and/or decisions to defer elective procedures and other medical treatments at the Hospital as the broader economic impact of COVID-19 develops. Management continues to closely monitor the impact of COVID-19 in many respects and provided further information in a voluntary disclosure filed on March 18, 2020 with the Municipal Securities Rulemaking Board, accessible through its Electronic Municipal Market Access Database. The ultimate impact of these matters to the Hospital and its financial condition is presently unknown. To enhance available

### **15. Events Subsequent to December 31, 2019 (continued)**

liquidity, in March 2020, the Hospital entered an additional line of credit of \$200.0 million and drew down approximately \$200.0 million against this line, certain of which are revolving draws. Also in March 2020, the Hospital drew down \$350.0 million on its previously existing lines of credit (see Note 5). Additionally, the Hospital is participating in the Centers for Medicare & Medicaid Services' Accelerated and Advance Payment Program under which it was approved for approximately \$739.9 million as of April 20, 2020 in expedited payments for future services on an interest-free basis. The majority of the advance payment amount will be reconciled with Medicare after submission of the Hospital's cost reports in May 2021. The Hospital also received an initial grant distribution under the Coronavirus Aid, Relief, and Economic Security (CARES) Act totaling \$97.9 million in April 2020. Management of the Hospital anticipates that additional CARES funding and funding from other governmental agencies, such as the Federal Emergency Management Agency, will be available to the Hospital. The accompanying consolidated financial statements as of and for the year ended December 31, 2019 do not reflect the effects of these subsequent events.

## New York-Presbyterian/Queens

### Notes to New York-Presbyterian/Queens Supplementary Information for U.S. Department of Housing and Urban Development

December 31, 2019

#### 1. Accounts Receivable

New York-Presbyterian/Queens (NYP/Queens) grants credit without collateral to its patients, most of whom are insured under third-party payor agreements. Significant concentrations of patient accounts receivable at December 31, 2019 are as follows:

|                                                                                                  |             |
|--------------------------------------------------------------------------------------------------|-------------|
| Medicare                                                                                         | 39%         |
| Medicaid                                                                                         | 30          |
| Commercial carriers and health maintenance organizations (none of which individually exceed 10%) | 30          |
| Self-pay patients                                                                                | 1           |
|                                                                                                  | <u>100%</u> |

#### 2. Property, Buildings and Equipment

A summary of property, buildings, and equipment at December 31, 2019 follows (in thousands):

|                                                |                   |
|------------------------------------------------|-------------------|
| Land and land improvements                     | \$ 5,579          |
| Buildings and building improvements            | 479,167           |
| Movable equipment                              | 219,882           |
| Fixed equipment                                | 39,306            |
|                                                | <u>743,934</u>    |
| Less accumulated depreciation and amortization | 473,540           |
|                                                | <u>270,394</u>    |
| Construction-in-progress                       | 21,080            |
|                                                | <u>\$ 291,474</u> |

At December 31, 2019, movable equipment includes equipment acquired under finance leases aggregating approximately \$57.6 million, with accumulated amortization aggregating approximately \$45.3 million.

#### 3. Assets Limited as to Use

A summary of assets limited as to use at December 31, 2019 follows (in thousands):

|                                                 |           |
|-------------------------------------------------|-----------|
| Assets limited as to use:                       |           |
| Funded depreciation                             | \$ 8,477  |
| Funds held under loan agreements                | 2,948     |
| Self-insurance fund                             | 16,824    |
| Endowments, including accumulated earnings      | 24,263    |
| Mortgage reserve fund                           | 8,628     |
| Total assets limited as to use                  | 61,140    |
| Less assets limited as to use – current portion | 7,484     |
| Assets limited as to use – noncurrent portion   | \$ 53,656 |

Financial assets carried at fair value, excluding assets invested in the Pension Plan, at December 31, 2019 are classified in the table below in one of the three levels defined within the three level valuation hierarchy for disclosure of fair value measurements (in thousands):

|                                                  | Total     | Level 1   | Level 2   | Level 3 |
|--------------------------------------------------|-----------|-----------|-----------|---------|
| Cash and cash equivalents – held for investments | \$ 4,544  | \$ 4,544  | \$ –      | \$ –    |
| Fixed income                                     |           |           |           |         |
| U.S. government                                  | 11,255    | 11,255    | –         | –       |
| Mortgage and assets-backed                       | 8,305     | –         | 8,305     | –       |
| Corporate                                        | 4,744     | –         | 4,744     | –       |
|                                                  | \$ 28,848 | \$ 15,799 | \$ 13,049 | \$ –    |

<sup>(b)</sup> Expenditures for the Research and Development Cluster totaled \$42,751.

# The New York and Presbyterian Hospital

## Notes to Schedule of Expenditures of Federal Awards

Year Ended December 31, 2019

### **1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of The New York and Presbyterian Hospital (NYPH), NewYork-Presbyterian/Hudson Valley, NewYork-Presbyterian/Queens and NewYork-Presbyterian/Brooklyn Methodist for the year ended December 31, 2019. The reporting entity resulting from the consolidation of these entities is referred to herein as the "Hospital." The Schedule is presented on the accrual basis of accounting. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the consolidated financial statements of the Hospital. For purposes of the Schedule, federal awards include any assistance provided by a federal agency directly or indirectly in the form of grants, contracts, cooperative agreements, loan and loan guarantees, or other non-cash assistance.

Pass-through programs received by the Hospital may include, in addition to federal funds, support from other sources. The Schedule reflects only those expenditures that have been supported by federal funds. Determinations as to the level of federal funding have been made based on communications of funding levels provided by the pass-through agencies. In certain circumstances, the funding levels communicated are estimated and subject to finalization upon the completion of the budget period for the program.

Direct and indirect costs are charged to awards in accordance with cost principles contained in the United States Department of Health and Human Services Cost Principles for Hospitals at 45 CFR Part 75 Appendix IX for Uniform Guidance awards and at 45 CFR Part 74 Appendix E for non-Uniform Guidance awards. Under these cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. The Uniform Guidance provides for a 10% de minimis indirect cost rate election; however, the Hospital did not make this election and uses a negotiated indirect cost rate in the accompanying Schedule.

The Schedule includes federal awards subject to the requirements of the Uniform Guidance, as well as federal awards that were funded prior to the Uniform Guidance effective date of December 26, 2014.

# The New York and Presbyterian Hospital

## Notes to Schedule of Expenditures of Federal Awards (continued)

### **2. Vaccines for Children Program**

During the year ended December 31, 2019, the Hospital participated in the New York City Department of Health and Mental Hygiene – Vaccines for Children Program through the provision of vaccinations. The U.S. Department of Health and Human Services, the federal agency that sponsors this program under Catalog of Federal Domestic Assistance (CFDA) number 93.268, has determined that the vaccines administered are considered “property in lieu of money” and, therefore, should be reported as federal awards expended by the Hospital for purposes of presentation in the accompanying Schedule.

### **3. Food and Nutritional Awards**

During the year ended December 31, 2019, the Hospital participated in the State of New York Department of Health – Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) through the provision of nutritional counseling and the receipt and distribution of food vouchers. The U.S. Department of Agriculture, the federal agency that sponsors the WIC program under CFDA Number 10.557, has determined that WIC food vouchers are considered “property in lieu of money” and, therefore, should be reported as federal awards received by the Hospital for the purpose of presentation in the Schedule. The amount reported in the Schedule for the WIC program under CFDA Number 10.557 represents the federally funded value of food vouchers issued (\$9,020,297) plus administrative costs (\$3,791,630) for the year ended December 31, 2019. In addition to the federal funds received for the WIC program, in 2019 approximately 3.1% of the WIC program’s total administrative and nutritional counseling costs were funded by the State of New York Department of Health. Such amounts are excluded from the Schedule.

## The New York and Presbyterian Hospital

### Notes to Schedule of Expenditures of Federal Awards (continued)

#### 4. U.S. Department of Housing and Urban Development Mortgage Insurance Programs

The Hospital has mortgage loans insured under the provisions of the U.S. Department of Housing and Urban Development – Federal Housing Administration (FHA) Section 242 and 241 mortgage insurance programs. The U.S. Department of Housing and Urban Development (HUD) has determined that the mortgage insurance programs are to be considered federal awards for purposes of compliance with the Uniform Guidance. The outstanding balances of the loans were as follows:

|                                                               | <b>December 31,<br/>2019</b> | <b>January 1,<br/>2019</b> |
|---------------------------------------------------------------|------------------------------|----------------------------|
| FHA Section 242 insured mortgage loan –<br>CFDA number 14.128 | \$ 137,810,746               | \$ 159,250,369             |
| FHA Section 241 insured mortgage loan –<br>CFDA number 14.151 | 643,991,183                  | 671,098,929                |
|                                                               | \$ 781,801,929               | \$ 830,349,298             |

Pursuant to the agreements related to the mortgages, the Hospital is, among other compliance requirements, required to maintain certain debt service funds, including mortgage reserve funds. In addition, the Hospital is required to maintain certain working capital, debt service coverage, other financial ratios and financial conditions and to obtain approval from HUD to incur additional debt above specified levels if profitability requirements are not met. Compliance with such requirements is measured separately for the applicable obligated entity. The mortgages are collateralized by certain Hospital property, buildings and equipment and gross receipts derived from operations. The Supplementary Information section accompanying the consolidated financial statements includes information pertaining to the mortgaged and non-mortgaged components of each obligated entity.

Through December 31, 2019, each obligated entity within the Hospital was in compliance with the financial covenants. Due to the global viral outbreak caused by Coronavirus Disease 2019 (COVID-19) in 2020, in July 2020 HUD approved the continuation of each obligated entity’s enhanced status through December 31, 2021 even if each obligated entity does not meet all of the financial tests for continued eligibility for the period from June 30, 2020 to December 31, 2021.

## Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Trustees  
The New York and Presbyterian Hospital

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The New York and Presbyterian Hospital (the Hospital), which comprise the consolidated statement of financial position as of December 31, 2019, and the related consolidated statements of operations, changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated April 20, 2020.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Hospital's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Hospital's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Report of Independent Auditors on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

The Board of Trustees  
The New York and Presbyterian Hospital

### **Report on Compliance for Each Major Federal Program**

We have audited The New York and Presbyterian Hospital's (the Hospital) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Hospital's major federal programs for the year ended December 31, 2019. The Hospital's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### ***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Hospital's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Hospital's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Hospital's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Hospital complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

### **Report on Internal Control Over Compliance**

Management of the Hospital is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Hospital's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The New York and Presbyterian Hospital  
 Schedule of Findings and Questioned Costs

Year Ended December 31, 2019

**Section I – Summary of Auditor’s Results**

Financial Statements

Type of report the auditor issued on whether the financial statements were prepared in accordance with GAAP: Unmodified, with emphasis-of-matter paragraph for change in accounting

Internal control over financial reporting:

Material weakness(es) identified?        Yes   X   No

Significant deficiency(ies) identified?        Yes   X   None reported

Noncompliance material to financial statements noted?        Yes   X   No

**Federal Awards**

Internal control over major federal programs:

Material weakness(es) identified?        Yes   X   No

Significant deficiency(ies) identified?        Yes   X   None reported

Type of auditor’s report issued on compliance for major federal programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?        Yes   X   No

The New York and Presbyterian Hospital

Schedule of Findings and Questioned Costs (continued)

**Section I – Summary of Auditor’s Results (continued)**

Identification of major federal programs:

| <u>CFDA Numbers</u> | <u>Name of Federal Program or Cluster</u>                                                                 |
|---------------------|-----------------------------------------------------------------------------------------------------------|
| 93.650              | U.S. Department of Health and Human Services: Accountable Health Communities                              |
| 93.268              | U.S. Department of Health and Human Services: Immunization Cooperative Agreements                         |
| 14.151              | U.S. Department of Housing and Urban Development: Supplemental Loan Insurance: Multifamily Rental Housing |

Dollar threshold used to distinguish between Type A and Type B programs:

\$750,000

Auditee qualified as low-risk auditee?

X  Yes            No

**Section II – Financial Statement Findings**

There are no matters that are required to be reported.

**Section III – Federal Award Findings and Questioned Costs**

There are no matters that are required to be reported.

**About EY**

EY is a global leader in assurance, tax, strategy, transaction and consulting services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients.
