Background

The Ryan White HIV/AIDS Program (RWHAP) Part C Early Intervention Services (EIS) provides grants to federally qualified health centers, rural health clinics, health facilities operated by or pursuant to a contract with the Indian Health Service, community-based organizations, clinics, hospitals, and other health facilities that provide EIS, and nonprofit private entities that provide comprehensive primary care services, including faith-based and community-based organizations to fund comprehensive primary health care and support services in outpatient settings for people with HIV.

RWHAP Part C grant recipients are required as a reporting requirement to provide certain program and fiscal reports each year including an annual Allocations Report. The Allocations Report is an aggregate report submitted through the HRSA Electronic Handbooks (EHBs) that all RWHAP Part C recipients must submit within 60 days of the release of the final Notice of Award (NoA). It serves as a reference to determine how recipients allocate funds each budget period to meet the needs of people with HIV. There are no changes to the FY25 RWHAP Part C Allocations Report from the previous year's version.

The Allocations Report is one of several RWHAP reports linked to the Grantee Contract Management System (GCMS). The GCMS decreases data entry burden by sharing information between multiple HRSA HAB reports. For further information on the GCMS, see the [GCMS Manual](#) available on the HRSA HAB website.

If you have programmatic questions about the RWHAP Part C Allocations Report, please contact your Division of Community HIV/AIDS Programs (DCHAP) project officer. If you need additional assistance or have technical questions about the RWHAP Part C Allocations Report, please contact RWHAP Data Support at 1-888-640-9356 or RyanWhiteDataSupport@wrma.com.

Early Intervention Services

At least 50 percent of the amount received under a RWHAP Part C grant must be expended on the following RWHAP Part C EIS costs, either directly or through referrals, contracts, or MOUs:

- Targeted HIV testing
- Other clinical and diagnostic services regarding HIV, and periodic medical evaluations for people with HIV
- Providing therapeutic measures for preventing and treating the deterioration of the immune system and preventing and treating conditions arising from HIV

Clinical and diagnostic services may include medical case management, mental health, oral health, medical nutritional therapy, and outpatient substance abuse care, in addition to outpatient ambulatory health services.

Keep in mind that in the RWHAP Part C EIS program, the 50 percent EIS requirement is verified by your **allocations to the EIS cost category on your line-item budget, not the EIS service category that is in your Allocations Report** and defined in [PCN #16-02](#). The activities and services covered by the EIS service category are not intended for recipients of a RWHAP Part C EIS award since those same services are required of RWHAP Part C recipients in the RWHAP Part C EIS legislation.

Refer to the most recent competitive RWHAP Part C EIS Notice of Funding Opportunity (HRSA-25-002, HRSA-25-003, HRSA-25-004, and HRSA-25-052) budget section for further information.

Accessing the Allocations Report

The RWHAP Part C Allocations Report is accessible via the HRSA EHBs. You must have a HRSA EHBs account with appropriate access to your agency's grant to view and complete the report. To access the RWHAP Part C Allocations Report, follow the steps below:

STEP ONE: Log in to the [HRSA EHBs](#) site. From the HRSA EHBs homepage, hover your cursor over the "Grants" tab at the top of the screen and select "Work on Other Submissions" under the "Submissions" header ([Figure 1](#)).

If you need assistance with your Login.gov username or password, contact the Login.gov Support Team at (844) 875-6446 or [submit a help ticket online](#).

Completing the Allocations Report

The RWHAP Part C Allocations Report is an aggregate report that captures budgetary information on the allocation of grant funding for the specified budget year. The fiscal data submitted as part of the Allocations Report are entered in two places in the RWHAP Part C Allocations Report web system: in the agency's contracts in the GCMS and within the Allocations Report itself.

RWHAP Part C recipients must have a contract in the GCMS for each agency funded to provide services with their RWHAP Part C award. These contracts include values for the amount of funding allocated to core medical and support services. Details from the GCMS contracts are then imported into the Allocations Report, where recipients will also enter values for additional allocations from their award.

Once recipients have entered all values and completed their report, they can validate and submit it, at which point it is sent to their DCHAP project officer for review. If you need assistance or have questions about the required RWHAP Part C Allocations Report submission, please contact your DCHAP project officer.

GCMS Contracts

As part of the RWHAP Part C Allocations Report submission, recipients must have contracts present in the GCMS for all agencies funded to provide services with their RWHAP Part C award. This includes providers of direct core medical and support services to clients as well as providers of administrative and technical services. Information from the contracts in the GCMS is imported into both the Consolidated List of Contractors (CLC) and Allocations Report sections of the Allocations Report.

Contracts are typically added to the GCMS during submission of the Allocations Report. It is recommended that recipients add their contracts before beginning the Allocations Report, as this saves you the extra step of synchronizing any contract updates with the report. Agencies should also be sure to align their contract dates in the GCMS with the dates of their award's budget period. Each provider should have a separate contract for each year they are funded to provide services. Do not reuse the prior year's contracts by updating the dates to the current year.

You can access the GCMS at any time in the RWHAP Part C Allocations Report web system by selecting "Search Contracts" in the Navigation panel on the left side of the screen. For further instructions on adding your contracts to the GCMS, please see the [GCMS Manual](#) available on the HRSA HAB website.

Allocations Report Navigation

Navigation through the Allocations Report web system and within the Allocations Report itself is done using the Navigation panel on the left side of the screen ([Figure 4](#)). Use the links in the Navigation panel to access the different sections of the Allocations Report as well as to validate and submit it.

If you need help navigating the Allocations Report web system, contact RWHAP Data Support for assistance at 1-888-640-9356 or email RyanWhiteDataSupport@wrma.com.

File Upload

For the RWHAP Part C Allocations Report, there are no required additional forms to upload. In rare instances, your project officer may request additional supplemental documentation as part of your Allocations Report submission. In these cases, use the supplemental document upload feature in the File Upload section of the report. Select “File Upload” in the Navigation panel on the left side of the screen and then select the “Upload Supplemental Document” button at the bottom of the page ([Figure 6](#)). Locate and select the supplemental documentation saved on your computer to add it to your report.

Consolidated List of Contractors (CLC)

To access the CLC Report, select “CLC Report” in the Navigation panel on the left side of the screen. The CLC is a list of all organizations that are funded to provide services with your agency’s RWHAP Part C grant, including providers of core medical and support services to clients as well as providers of administrative and technical services. The list is generated automatically based on the information entered into the GCMS.

Review the CLC Report ([Figure 7](#)) for accuracy and completeness, paying attention to the contract dates, funding amounts, and funded services (select the expansion button to view the services for each provider). All agencies funded to provide services with your RWHAP Part C award (including your own organization if it provides services) should have a contract in the GCMS and be listed in the CLC Report. The contract dates should align with your budget year to prevent future reporting issues.

To update the CLC, you must modify the associated contract(s) in the GCMS. For further instructions on editing contracts, see the [GCMS Manual](#).

In the "Award Information" section, there is a label "RWHAP Part C Recipient Award Amount:" followed by an empty text input field.

The "Part C Program Total" section contains a table with three columns: "Service", "Base Award Amount", and "Base Award Percent". The table is organized into several categories: "Non-services", "Client Services", and "Service Allocation Subtotal".

Part C Allocations Categories

The *Part C Allocations Categories* table ([Figure 11](#)) details your agency's funding that has been allocated to core medical and support services. All fields in this table are populated by your agency's contracts in the GCMS. Review the amounts listed here and if you need to make any changes, you must modify the associated contract(s) in the GCMS for the organization(s) providing the service. See the [GCMS Manual](#) for further assistance.

To review the RWHAP core medical and support service categories, see [PCN #16-02](#) on the HRSA HAB website.

Before indicating that RWHAP Part C funding has been allocated for EIS, review the core medical and support service category definitions in PCN #16-02, available on the [HRSA HAB website](#). **The majority of your award should NOT be entered under the EIS service category.** Please see [Early Intervention Services](#) for further information.

At least 75 percent of your total award (minus funding allocated to recipient administration and clinical quality management) must be allocated to core medical services.

Validating and Submitting the Allocations Report

After you have completed all required sections of the Allocations Report, the next step is to validate it. The validation process looks for potential problems in the information you entered and lets you review them before the report is sent to your project officer for review.

Select “Validate” in the Navigation panel on the left side of the screen to begin the validation process. Wait a few minutes for the process to complete and then refresh the page by selecting “Validate” in the Navigation panel again. The system will either display your validation results or ask you to wait while the validation request continues to process.

If you receive a green congratulations message, then you can proceed to submitting your report. Alternatively, you will see a table of validation results (Figure 13). Validation messages are sorted into categories: errors, warnings, and alerts. For the RWHAP Part C Allocations Report, there is only one type of validation message: errors. Errors must be corrected before you are able to submit your Allocations Report.

If you receive an error, correct the information in your report based on the validation message and revalidate your report using the instructions above.

Frequently Asked Questions

Where do I enter funding for the services my agency provides using RWHAP funding?

Funds allocated to core medical and support services are entered into the GCMS. If your agency is providing these services, you will enter a contract with your own agency for these services in the GCMS. See the [GCMS Manual](#) for more details. Funds allocated to administrative activities are captured in the “Allocations Report” section of your report. See the [Allocations Report](#) section for further details on how to enter and modify these amounts.

My agency allocated all of its funding to the EIS category. Is this correct?

For RWHAP Part C recipients there are two definitions of Early Intervention Services (EIS) to be aware of when completing your Allocations Report.

The first definition refers to RWHAP Part C EIS where at least 50 percent of your award must be expended on targeted HIV testing (excluding counseling and referrals/linkage to care), other clinical and diagnostic services regarding HIV and periodic medical evaluations for people with HIV, and providing therapeutic measures for prevention and treating the deterioration of the immune system and preventing and treating conditions arising from HIV.

The second definition of EIS is what you will see in your Allocations Report and the GCMS. The definition for this service category can be found in [HAB PCN #16-02](#). The EIS service category is a specifically defined set of four services including:

- Counseling individuals with respect to HIV
- High-risk targeted HIV testing
- Referral and linkage to care
- Other clinical and diagnostic services related to HIV diagnosis

Agencies that are providing RWHAP Part C EIS with their grant funding should allocate their funding in the system to the appropriate service categories. **Services like treatment or ongoing HIV care should be reported under categories like Outpatient/Ambulatory Health Services, not EIS.** For example, funding expended toward a case manager providing medical case management should be entered under the Medical Case Management service category and not EIS even though the funding will count toward the agency’s 50 percent RWHAP Part C EIS requirement.

Is my agency required to upload documents to complete the Allocations Report?

There are no required documents to upload as part of the Allocations Report. If your project officer requests or you would like to include additional documentation, use the “Upload Supplemental Document” link in the “File Upload” section of your report to upload the documentation to your report.

How can we correct funding amounts within the report if we need to make changes?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts in the “Allocations Report” section of your Allocations Report. If your agency needs to make changes to amounts allocated to core medical or support services, update those amounts in the associated contract(s) in the GCMS. See the [GCMS Manual](#) for more details.

In the Allocations Report, there are fields I cannot edit, such as core medical services. How do I edit them?

Funds allocated to core medical and support services are captured in your contracts in the GCMS. See the [GCMS Manual](#) for more details.

The Allocations Report or CLC are not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency’s Allocations Report has been opened. You will need to synchronize the changes that you have made with your report. See the [Consolidated List of Contractors \(CLC\)](#) section for details.

My Allocations Report says it is “locked,” and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, contact Ryan White Data Support at 1-888-640-9356 or email RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes but is not limited to selecting subrecipients, awarding contracts, providing clinical quality management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency’s responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary, or lead agency. See the Glossary for definitions of these terms.

Are the contracts I entered into the GCMS also used for other RWHAP reports?

Yes, RWHAP Part C contract information is also used to populate the RWHAP Services Report (RSR).

Can I edit my report after I submit it?

No. Once your report has been submitted, you cannot edit your report. However, you may ask your project officer or PQC to return your report to you for changes.
