

HRSA HIV/AIDS Bureau (HAB) Ending the HIV Epidemic in the U.S. (EHE) Initiative in 2024

CLIENTS SERVED IN EHE JURISDICTIONS

In 2024, HAB EHE-funded providers served the **highest number of clients since the launch of the EHE initiative.**

83.5% of patients who were **new to care** and receiving HIV treatment **reached viral suppression*** by the end of 2024. People with HIV who reach viral suppression cannot sexually transmit HIV and can live longer and healthier lives.

HAB EHE-funded providers leveraged their EHE funding to

Support client navigation.

Deliver rapid antiretroviral therapy and long-acting treatment injectables.

Expand access through telehealth, mobile medical units, and extended hours.

Develop the HIV workforce and enhance partnerships.

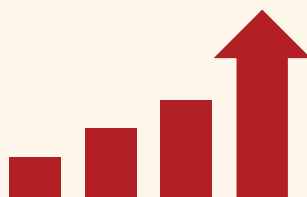

EHE-FUNDED HIV WORKFORCE TRAININGS

The Ryan White HIV/AIDS Program (RWHAP) Part F **AIDS Education and Training Center (AETC) Program** expands the capacity of the HIV healthcare workforce², **reaching the highest number of trainings and trainees since the launch of the EHE initiative.**

From July 2023 through June 2024, regional AETCs

Conducted
913
EHE-funded trainings

Reached
11,318
HIV health care professionals

¹ Estimated re-engaged clients are calculated only among EHE-funded outpatient ambulatory health services, medical case management, non-medical case management, and EHE initiative service category providers. This is likely an underestimate of all people re-engaged in care across all EHE-funded providers.
